OTTAWA, 26th May, 1904:-

Sir,

The Principal of Elkhorn Industrial school, in his report for the month of April last states that the basement of his house has been badly flooded, necessitating the making and putting down of a skeleton floor, the water being at times over nine inches deep, closing the drain and causing much trouble. The Department would like to know who is responsible for the choice of this site, and how it is proposed to overcome the difficulty in future.

I have the honor to be, Sir,

Your obedient servant,

Secretary

Hon. David Laird,

Indian Commissioner,

Winnipeg,

Man.
