

## RHEUMATISM

Mr. C. Wright, of Toronto, Had Rheumatism So Bad That He Had to Crawl on His Hands and Knees.

Five Bottles of Powley's Liquefied Ozone Eradicated Every Trace of the Disease and He Gained Forty-Two Pounds in Weight.

For several months I was a great sufferer from rheumatism. My trouble was principally in the soles of my feet, which were so sore and full of pain that I had to crawl on my hands and knees. I was recommended to try Powley's Liquefied Ozone. I soon began to get better, and by the time I had taken five bottles I was in splendid condition. My pains and aches had all disappeared. When I commenced taking Ozone I weighed 130 pounds. I now weigh 172 pounds and feel in splendid health. We feel very thankful that we ever got your valuable remedy. We keep Ozone in the house all the time as a ready remedy for ills in the family. You are at liberty to publish this for the benefit of other sufferers.

### GERMAN STEEL COMING.

Ten Shiploads Start For Canada This Month.

Montreal, April 4.—M. Gerald Lomer, who represents in Canada a number of German rail manufacturers, says that ten steamers laden with steel will leave Antwerp and Rotterdam for Canada this month. The consignments will not include steel rails, but will be composed of billets, structural steel, steel sheets, axles, hoops and hand rails.

The Grand Trunk Railway has placed an order with the American Car & Foundry Company of New York for 500 freight cars for early delivery.

As a result of the meeting of Scotchmen to-day to discuss the advisability of perpetuating the memory of Sir Hector Macdonald, a public meeting will be held on April 14th.

### DEFEATED TURKISH TROOPS.

Ohrida District the Scene of Hard Fighting.

Berlin, April 4.—A despatch from Constantinople to The Lokal Anzeiger, dated yesterday, announces that the Bulgarian bands and Turkish troops in the Ohrida district have fought a battle, and that 1,000 men were killed or wounded.

Constantinople, April 4.—Official advices from Monastir say the Bulgarian inhabitants of thirty villages in the Ohrida district, totalling three thousand men, and supported by the Bishop and a number of revolutionary bands, have risen against the Turks. They surrounded a small detachment of Turkish troops in the mountains northward of Ohrida, but the troops succeeded in cutting their way out, after sustaining considerable loss.

Another dynamite outrage at the Town of Mustapha Pacha has led to the discovery that the revolutionary committee is supposed to be responsible for the attempt to wreck the Oriental Express early in the morning of March 31, when the bridge of the Turkish Oriental Railroad, between Adrianople and Mustapha Pacha, was blown up by an internal machine.

Although affairs at Mitrovitsa and Prishtina are reported to be calmer, the rising of the Armenians in those districts creates intense concern at the palace, among the Ministers, and at the Embassies. It is felt that a continuation of the troubles in the vicinity of Novi-Bazar is liable to lead at any moment to an extension of Austrian occupation over the entire district, and as far as Mitrovitsa, although it is believed nothing short of absolute necessity will induce Austria to take advantage of this right, which is reserved to her by the treaty of Berlin.

## THAT WEARY SPRING FEELING

Is Quickly Disposed of by Dodd's Kidney Pills.

They tone up the Kidneys, Ensuring Pure Blood, Good Circulation, and as a Consequence, Vigor and Energy.

Nearly everyone needs toning up in the spring. Some are altogether ill, others just feel fagged and worn out. They have little inclination to work and less to eat. They are simply useless.

Did you ever stop to think that there is a reason for all this, and that if the complaint is attacked intelligently it will yield readily, the lazy feeling will depart and in its place will come vigor and energy and appetite.

It is the Kidneys that are not doing their work. They need to be toned up with Dodd's Kidney Pills. Why? Because they are being overworked and need help.

In the winter the body fortifies itself against cold. With the coming of spring it throws off this fortification which consists of extra tissue, and additional waste matter is given to the blood to carry away. If the Kidneys are in condition to do extra work this waste material is quickly expelled from the body in the usual way.

But if the Kidneys are tired or worn out the waste remains in the blood and the circulation is clogged. The remedy is simple. Dodd's Kidney Pills put the Kidneys in good working order. The Kidneys in good working order ensure pure blood and good circulation—ensure brightness and vigor and energy. Thousands of people will tell you so, can tell you so out of their own experience.

A woman can look more completely disgusted than a man.

Coughs, colds, hoarseness, and other troubles are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

Though sin break but the link of one virtue the chain is thus severed.

Monkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

An upright man deserves to be a down-right success.

### A CRISIS IN FRANCE.

ATTITUDE OF CONGREGATIONS CAUSES ANXIETY.

Grave Statement by Premier Combes—Police Insisting Upon Religious Orders Closing Their Establishments.

Paris, April 4.—Premier Combes, answering an interpellation of M. Rudelle (Liberal Republican) in the Chamber of Deputies to-day, as to why he did not intend to accompany President Loubet on the latter's coming trip to Algeria, said the real reason was the threatening, violent attitude of the congregations. He added that there was no mistaking the manner in which the friends of the congregations and the congregations themselves had received the action of the Chamber in voting to expel the latter from France. They were openly talking of violent resistance. Under such circumstances the leaders of the Left party had requested him not to absent himself from Paris. It was with great regret that he gave up the pleasure of accompanying the President, but he regarded it as being his duty to do so.

The Church of the English Passionist Fathers, in the Avenue Hoche, was among those visited to-day by police agents, who served the Passionists with a notice to disband. Since they learned that the efforts of the British Ambassador, Sir Edmund Monson, and the United States Ambassador, Gen. Porter, would not prevent the Chamber's action in ordering the expulsion of the Passionists, with the rest of the religious orders, the Passionist Fathers arranged to turn over their affairs to secular priests, who will continue to conduct the church. The members of the order are leaving the country or are retiring to private life. The Marists, Dominicans, Capuchins, Barnabites, Franciscans, Redemptorists, Oratorians and Brothers of the Sacred Heart and of the Holy Cross also have been notified to disband. Many of the latter are going to America.

Reports from various parts of the country give particulars of the active steps being taken to disband the religious congregations. The courts are appointing liquidators to take charge of the effects of the orders. No disturbances have yet occurred. The branch of the Benedictine Order at Douai, Department of the Nord, has secured 24 hours grace, the head of the order having left to confer with the British Ambassador at Paris, as the members of the establishment at Douai are mostly Englishmen. The deaf and dumb asylum maintained by the monks of the Grand Chartreuse Monastery has been taken possession of by a receiver appointed by the Grenoble court. All the novices have departed and only a few monks now remain in the monastery.

### RESTLESS SOUFRIERE.

The Crater Appeared Like an Electric Arc.

Kingston, N. S. Vincent, April 4.—The last eruption of the volcano Soufriere was the longest and, considered geologically, the most interesting. It lasted from March 21 until the morning of March 30. The volcano became again active on the night of March 30, when a startling phenomenon was witnessed, the crater appearing like an electric arc, being reflected upon the mountains of clouds. The Soufriere continues to show signs of disturbance.

The agricultural officer represents that the district to windward resembles the surroundings of a gas works. The young vegetation is again obliterated by cinders from the volcano. O dozen different kinds of cinders were thrown out during this eruption.

### ULTIMATUM TO THE EMPRESS

Chinese Leaders Demand Important Changes.

Shanghai, April 4.—Advices received here from Foucheng, Province of Hupei, say that a large detachment of Hunanese troops arrived at Foucheng by water, March 12, on their way to Sianfu, Province of Shensi. This is regarded here as being a confirmation of the rumors that Prince Tuan and General Tungfushiang have sent an ultimatum to the Dowager-Empress, insisting on the deposition of the Emperor and the enthronement of Puchun, formerly heir apparent, and that otherwise they will make the Provinces of Shensi and Kansu a separate kingdom, with Sianfu as the capital.

### DEAD ON THE PRAIRIE.

Man Found Frozen in His Sleigh by C.P.R. Engineers.

Winnipeg, April 4.—A party of C.N.R. surveyors made a ghastly find on the prairie a few days ago, about forty miles west of Saskatoon. While running their survey line they came across a man and a team of horses attached to a sleigh. The man was sitting huddled up in furs on the seat, but the reins were trailing on the ground, and the horses were waiting in a faded condition on the trail. On investigation the surveyors found the man was dead. There was nothing in the way of papers on his person to show who he was, but it is believed that he was a rancher and had been frozen to death. The spot where he was found was quite close to where Engineer Vance met his death in the great blizzard recently.

### Arrival of Scotch Immigrants.

Halifax, April 3.—The steamer Sardinian, from Glasgow and Liverpool, arrived here this morning and landed 460 passengers, second-class and steerage. They are nearly all Scotch, and are mostly bound for Winnipeg and the Territories, while about sixty are destined for points in Quebec and Ontario. The steamer passed a number of icebergs and a small quantity of field ice, on the southern edge of the banks. The passengers were sent away by special this afternoon.

Nine out of every ten men have been guilty of transgression against nature in their youth. Nature never excuses, no matter how young, thoughtless or ignorant he may be. The punishment and suffering corresponds with the crime. The only escape from its ruthless results is proper scientific treatment to counteract its effects. The DRAINS, either by nightly losses, or secretly through the urine, must be stopped—the NERVES must be built up and invigorated, the blood must be purified, the SEXUAL ORGANS must be vitalized and developed, the BRAIN must be nourished. Our New Method Treatment provides all these requirements. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. We invite all the afflicted to call and consult us confidentially and free of charge. Cures Guaranteed or no Pay.
