Considerable talk and wonder was caused among the pupils who were writing on the entrance examinations yesterday morning when Principal Paterson, who is presiding, asked how many of the pupils intended to come in to the C. C. I. after the

Mr. Paterson gave them no reason for asking, and they at once began to imagine what the reason was. It was the general opinion that the question was asked in order to closely examine the papers of the scholars who intended to attend the C. C. Mr. Paterson, however, informs

erroneous. His reason in asking the
question was to make an approximate
estimate of how many new pupils

not the Board will have to advertise for another teacher.

"It looks very much as if we will have to have another master next year," said Mr. Paterson. "The papers I have examined so far look very well."

Out of 168 pupils trying 103 intend to enter the High school. The answers given by some of the scholars were varied. Some said they would come in "if they passed," others "perhaps I will," "bet you life I won't," and "I don't know."

He doesn't want Kent touched and thinks that it will not

An effort is being made, however, to have the riding more equally distributed as to population. Several divisions have been suggested. The river would make the fairest dividing line in the opinion of some. Toronto Live Stock.

Toronto Live Stock,

Trade at the Western Cattle Market today was only fairly active. The
run of cattle was light and in exporters'
the demand was off somewhat. Butchers'
cattle were in fair demand, especially for
the good stock. Other stock was fairly
active and sold well. The total run amounted to 50 cars, including 484 cattle, 1.
625 sheep and lambs, 1.490 hogs and 91
calves. There were, besides, 40 to 50 cars
of Chicago cattle on the market on their
way east.

Export Cattle—The run was light and
was almost entirely composed of lower
grade grassy cattle. For these there was
slow. Good picked lots of cattle, however, would be taken if they offered, and
quotations for these are unchanged and
nominal at 44.90 to 5.10 per cut. The only
extra choice cattle on the market sold at
\$5.66. Ordinary choice sold at \$4.70 to
\$4.90 and medium at about \$4.30 to \$4.60.

Butchers' Cattle—The run of cattle offering was light, especially in the better
lines. It is safe to say that more cattle
would have been sold had they been on
the market, and that im consequence, of
the scarcity prices were decidedly firmer
in feeling, although there was not much
quotable change. Picked lots ran at

Chatham Club Fined \$10 For Expense of the Protest

Messrs. Frank Babcock and D. La nont appeared before the committee in the interests of the Chatham La crosse Club, who were suspended by President Lennox, for playing Lainlor and Tierney, of Wallaceburg, in their match with Detroit. The club pleaded ignorance of the rule, which prevents payers from outside clubs playing exhibition games. There was no doubt that it was done innocently, as the Chatham club had asked permission of President Lennox, for playing Lawlor against Detroit. The committee decided to assess Chatham \$10 for the expense of the protest and to rejective. pense of the protest, and to raise the suspension against the Chatham club and Lawlor and Tierney.—Tor-onto Mail.
