Rev. P. J. Ed. Page, Professor of Chemistry Laval University, Quebec, says:—I have analysed the India Pale Ale manufactured by John Labatt, London, Ontario, and have found it a light ale containing but little alcohol, of a delicious flavour, and of a very agreeable taste and superior quality, and compares with the best imported ales. I have also analysed the Porter XXX Stout, of the same Brewery which is of an excellent quality; its flavour is very agreeable; it is a tonic more energetic than the above ale, for it is a little richer in alcohol, and can be compared advantageously with any imported article."

Singers, Speakers,

EVERYBODY.

Sir Morell Mackenzie refused above offer to visit a patient in this country, but writes:

I have watched the effects of mineral waters for a considerable period, and regard them as extremely valuable in obstinate catarrhal affections and diseases of the throat and air passages, both local and general. Also, I frequently find them of great service in the case of singers and public speakers.

Mr C. W. DENNIS, Toronto,—I have much pleasure in being able to state that after due trial being had, your Washer has proved satisfactory, and I would recommend it to every one as a necessary household appendage. When I first opened the box containing it as it came from the express office, I was very incredulous as to its effectiveness as a clothes cleaner, and pronounced it as a totally useless affair, but after the second trial, from being incredulous I became marvellous, being utterly astonished at the way in which but a simple thing could accomplish its work and with what facility, the washing that required a full day to complete it now only taking a few hours.
