GLEN CAIRN KENNELS. WEST LORNE, ONT

## GOSSIP

S. Martin of Rounthwaite, Man. reports very good enquiry for Doddies and has disposed of several promising youngsters from the noted Terra Nova herd, which is unexcelled in quality in Canada, and which now numbers over one hundred head. The following sales have been made, to Jno. Keating, Russel, Man., 1 bull a year old, first as calf at Winnipeg, by Elm Park Laird out of one of the best cows in the herd; a bull to Jno. Fraser, Miami out of Thankful the first prize three-year-old at the Dominion Fair. A yearling bull to A. Logan, Napinka, Man., to be crossed on Shorthorn grades; one to Thompson, Sourisford, Man., who has a herd of grade Aberdeen Angus cattle, one to Jno. Barager, Deleam, Man.; four heifers to Chas. Lawley, Melita, all four in calf to the noted prize-winner and stock-getter, Prince of Benton. We can expect before long to see some crack fat stock show stuff for the first Manitoba provincial live and dead meat and dressed poultry gathering. Queried re the matter, Mr. Martin expressed himself in favor of a winter show, and suggested the end of February or the first week in March as the proper time to hold it. Terra Nova farm is entitled to be dubbed Clover farm as there are two plots of five acres, each devoted to alfalfa and red clover; the former was cut last year had a rank second growth three feet high; the red clover was sown at the rate of 10 lbs. of seed per acre mixed in the seeder with a bushel of beardless barley which was allowed to ripen and yield 48 bus. per acre. Sam Martin's experience should be tried by others, he states that the plot manured did as well as the plot inoculated with bacteria laden soil.

Thos. Dale, nine miles northeast of Portage la Prairie, as will be seen by his advertisement is selling his Shorthorn herd on March 30th. The matrons of his herd are a blocky lot, strong in heartgirth, of good quality, and straight lined; are of approved Scotch type, and needless to say, their progeny are likewise good.

Lyndhurst roth, by Lyndhurst 4th, a Manitoba winner, has been used in the herd extensively being a thick, lengthy, well-fleshed animal and of good general appearance, his stock have come right. The matrons include Greenbank Lassie 2nd, a large, thick, deeply-fleshed cow, a proven breeder, exceptionally well covered on the back, extra strong in heartgirth, and broad and deep throughout, her daughter Greenbank 3rd, by MacIntosh (Imp), is of true Scotch type being thick, deep and of good quality. Orienta 3rd is an excellent, neat, young red cow, with a sweet feminine head and shows quality throughout, with fair size, level lines, blocky in type. Orienta 4th, by Spicy Robin from the above cow is also a good one; her calves being growthy, thickly made, good size and true to breed type. Coral May, tracing to Royal Barmpton (imp.), is a fine young cow, of good quality. Miss Oakland, by Spicy Robin is a thick, large, deep-bodied useful cow. Scarlet Girl, a large cow, is of a dual-purpose type, and is a splendid breeder and an excellent milker. Other good ones are Maggie Bly 15th and Queen Mary. A visit to this sale will repay all interested in good cattle, and there is no better time at which to buy good cattle than now, the prices seem to show an upward trend and the opening up of the new provinces means more calls for purebred males and females than ever in the West. Mr. Dale can be relied upon in any statements he may make regarding the cattle, and is disposing of them along with other stock and implements as he has sold his farm outright. The railway facilities are good and the long distance phone through the Bell office at Portage la Prairie will bring you in hearing of the vendor. Catalogs may be had on application.
