

—The Crispins of Newark, New Jersey, have organized a strike, simply because a firm engaged in the manufacture of boots and shoes will not compel twenty-nine of their workmen to continue members of a Crispin lodge against their own wishes.

—By a strange omission in the wording of the new U. S. tariff on sugars, the law as it now reads does not tax any raw or Muscovado sugars over two cents a pound. Such was not the intention, but so it reads, and some supplemental action by Congress will be necessary to clear up this point.

—There is a marked falling-off in the exports of tea from China this season, as compared with the two previous years. The shipments advised by the latest telegram are 28,000,000 lbs. against 33,250,000 lbs. in 1869, and 56,000,000 lbs. in 1868.

—The quantity of salt inspected on the Onondaga Salt Springs Reservation, for the week ending Aug. 20, 1870, is as follows:—Total, 320,589 bushels; the whole quantity of salt inspected from January 1st to Aug. 20th, 1870, is 4,135,693 bushels; the whole amount inspected during the same time in 1869, was 4,262,735 bushels; Decrease in 1870, 127,042 bushels.

—Many manufacturers in the different sections of the United States have already taken advantage of the law passed at the late session of Congress to protect men in the use of their trade-marks, by having them recorded and registered in the Patent Office.
