Wilson Fights For Re-election

Cleveland, Ohio, Aug. 17.—The issues upon which President Wilson will base his fight for re-election, were outlined by Secretary of War Baker, to members of the Democratic county central committee, at their convention here last week. He specifically told them these were the arguments they could advance in behalf of the President.

Keeping the United States out of the war is to be the principal claim of President Wilson for re-election, according to Baker.

He declared: "The fact we are at peace is to be the greatest argument of all for President Wilson."

"The other issues are composed for the most part, of the Democratic legislative accomplishments. As outlined by Baker they are: The federal reserve bank act; the rural credits bill; amendment to the ship registry act; the Underwood tariff bill; preparedness policy; the child labor bill, now pending in Congress."

Begin Re-education Of Maimed Soldiers

PARIS, Aug. 15.—Justin Godart, Under-Secretary of State for Sanitary Service, yesterday formally inaugurated an extensive work for the re-education of maimed French soldiers—men who have lost legs or arms in the war. The schools in which the men are to be taught are located at Neuilly-sur-Marne as a part of the Malson Blanche Hospital, where the Government has set aside a number of separate buildings for the training of armless and legless soldiers in new lines of usefulness. The representatives of many countries assisted in the organization of the schools.

A feature of the ceremony yesterday was the presence of 500 maimed soldiers who are receiving instruction as carpenters, tailors, electricians, stenographers and typewriters.

ADVERTISE IN THE MAIL AND ADVOCATE

Whole Cargo is Seized

LONDON, Aug. 15.—An ingenious method, by which an attempt was made to smuggle rubber and coffee into Germany, was revealed to-day by the foreign office. Alert British officials inspecting the Norwegian steamer Lyngesford, which sailed from New York on April 4 for Christiania, found hidden among its cargo of 17 tons of coffee some 250 sacks which it first appeared to be perfectly innocent. The officials thought they contained coffee like the other sacks, until opening some of them they discovered tucked away small chunks of rubber some four inches square by an inch thick dotted all over with coffee beans which had been stuck in. The officials wondered at first if some new-fangled food was working its way to Norway, but close inspection showed unmistakably raw rubber and equally green coffee beans. The entire cargo was put into the prize court and every bag opened, with the result that immense stacks of a mixture of rubber and coffee beans were piled up. The whole cargo was billed by L. T. Nainetty, New York, to H. C. A. Malbaya, at Christiania, but Malbaya will have to wait until the war is over for the coffee-speckled rubber stuff, and probably for the rest of the cargo. The Germans have practiced many tricks to get contraband cargoes past the watchful British admiralty, but nothing up to now like the funny-looking blocks of rubber sprinkled with green coffee beans.

THE SECOND ANNIVERSARY

Washington Herald.—The second anniversary of that day which marked the beginning of the great war was not a day of triumphal rejoicing in Germany. There was no victorious armies returning home from the conquest of Paris, London and Petrograd. There was no victorious rest for the great Teuton military machine. There were no broken nations yielding territory, indemnities and colonies to the German Empire as the price of peace. The second anniversary of Der Tag was a day of sadness and sorrow in the land where the War Lords hold sway.

**Surprising, But Nevertheless True
A GRAMOPHONE
for \$5.00.**

It is a Wonder!

In fact it is sometimes called

"THE LITTLE WONDER."

This is the product of a New Million Dollar Company, headed by one of the primary leaders in the Phonograph Dollar Company, headed by one of World. With a tremendous output guaranteed, they have been enabled to cut prices.

Thousands of this machine are now being sold in the United States and Canada, for many people can now afford a gramophone who could not do so before. It will play any record and play them well,—in fact as well as many \$25.00 machines.

We ourselves sell only the EMERSON Records.

- We sell,—
- 6 Inch Single Faced Records at 18c. each only.
- 7 Inch Double Faced Records at 35c. each only.

At these prices anybody can afford to have a Gramophone and to have a Gramophone that will give the utmost satisfaction. Why not be the first to introduce it in your home-town?

HENRY BLAIR.

A CONSCIENTIOUS OBJECTOR.

(From Punch)
'Tis sad to read of the young lives
Poured out to please a tyrant's
whim;
My manly soul within me strives
To burst its bonds and have at him.
But peace, my soul! we must be
strong.
For conscience whispers, "War is
wrong."
Poor lads! Poor lads! Their duty
calls;
Their duty calls—no more they
know;
No fear of death their faith appals;
All the fear summons hear, and go.
'Tis right of course, they should; but
I—
And yet not all. Some few, I fear,
In this their country's hour of need
Keep undemonstratively clear.
Or, if they're called, exemption
plead.
For these—no conscience-clause have
they—
Conscription is the thing, I say.
But worse than these, who simply
shirk,
Are those employed to fashion arms,
Who tempt their fellows not to work.
And give us all such grave alarms—
Traitors! If their deserts they got
They would be either hanged or
shot.
The wind blows shrewdly here to-
night,
My heart bleeds, as I think, per-
chance,
How numbed with cold our heroes
fight;
How chill those trenches, there in
France.
The thought unmans me. Ere I weep,
I'll drink my gruel—and to sleep.

Halifax to Give up Daylight Saving

Scheme to be Abandoned Month Sooner Than Expected

HALIFAX, N.S., Aug. 20.—When Halifax adopted the daylight saving scheme it was to continue until September 30, but Mayor P. F. Martin now states that he will on September 2 order the clocks to be put back an hour so the regular time shall then be reverted to.
The Mayor announced his decision to the Board of Control yesterday stating that a number of citizens, including the mothers of school children, had requested him to abandon the daylight scheme in Halifax, and that he would therefore issue a public notice to the effect that the clocks be moved back one hour on the date mentioned, thus returning to the standard time. Halifax thus cuts a month off the period of long daylight ordered by the city council in the early summer.

A HEROIC NOBLEMAN

Among all the brave young nobles who have given their lives for their King and country, there were none braver than Lord Desmond Fitzgerald, heir to his brother, the sixth Duke of Leinster, whose death a few weeks ago is so widely deplored. Lord Desmond had already written his name large in the annals of the gallant Irish Guards. In the severe fighting during the retreat from Mons he bore himself most bravely among the brave, and in all the later fighting, his courage and his reckless contempt of danger amazed and inspired all ranks.

He was twice severely wounded, but he laughed at his wounds and longed for the day when he could return to his men, and it was a cruel stroke of Fate, which, by the explosion of a bomb at Calais, ended a life so full of achievement and promise.—Answers.
