BONANZA ELDORADO

Wheelman Brings 25 Pounds Baggage

Makes Bicycle Record on Overland Trail-Late Creek News.

Mr. Oscar Anderson of the firm of popular young business men of Grand Forks terpsichorean pleasures, arrived from the outside a few days, ago where he had been spending the winter visiting friends and relatives. Mr Anderson came in on a bicycle making the trip in the exceptionally good time of five days, and has the honor of holding the wheel record over the stand for this winter for it is not that the trail will be in fit condition to make any better time. He left Whitehorse carrying a 25wheel up and down the numerous able in their line of business and the The White Pass stage was met here thousand dollars, worth of liquors and after reaching the summit gave and cigars. The many friends of Anderson a merry chase for fifty Mrs. McKay will be pleased to know miles down the hills to Indian river, that she is at her old stand again. The passengers enjoyed a bit of fun also for the stage kept close behind Anderson and frequently his wheel would strike a deep rut when gider and wheel would pursue a different course. No serious accidents occurred and after reaching Indian river he continued on his way to Dawson, establishing a new bicycle rink has likewise been well patronizrecord on the overland trail. Mr. Anderson does not look on his trip as anything extraordinary for he says should one be so fortunate as to find the trail from Whitehorse to Dawson well broken and free from new fallen snow the trip can be made in less than four days. However, his record will stand for this winter. Anderson carried a bicycle cyclometer which registers the distance as 330 9-10 miles by way of Lebarge. The distance from post to post over the same route runs up to 332 miles. The ranging from 12 to 14 years but all charges, interest, and insurance, and the moment there is any inclin-place to place; but while I was in specific ranging from 12 to 14 years but all charges, interest, and insurance. outside and says the states are en with stick and puck. many Grand Forks people most of whom are coming back again. Several times, how there was work to be done on the standard on a run and throw him. on the creeks and what they say about the new camp will stop any of their acquaintances from going there who intended doing so. There is nothing there whatever to warrant a stampede and nothing to do after one gets there. Work cannot be had even if one would offer to work for his board. There are six buildings at the inquiry she said : Fairbanks, while there are between 500 and 600 people in the camp. They are all living in tents. Horses can be bought there for from \$25 to \$50. These gentlemen had the best horse that went over the trail. They paid \$225 for him here and sold him to Burnett for \$160. They went around on the different creeks and panned. The most they found was 10c and most of the time got nothing. Pedro creek there are three small log cabins and a number of tents. They met Lieutenant Mitchell of Eagle. He told them to tell their friends not to come as there would be nothing for another year at least. The lieutenant had all the gold which had been taken from the creeks there-less than

breaking up. Any one intending to go, to the Tanana would do well to e McMillan or Hayman as they spent several days there and became tion of the camp before leaving. They say they met the saddest and most forlorn lot of people down there that anyone could imagine. Practically all who went down are coming out as

oon as they can. O'Reilly Bros. of the Forks will give a dance in the O'Reilly hall at that place next Monday night. It has been quiet during the Lenten season around the Forks and while the boys did not give any of their popular dances they were planning all the time for this one on Easter Monday night. This promises to eclipse any dance yet given in the hall as they Anderson & Swan, one of the most and have the assurance of a large crowd.

today it is a fact, that is, to a certain extent. If your grocer is out of sugar he will certainly have to pay REPORTS 124 cents for the article before he an supply you, but, it is nevertheless the fact that if you are a consumer you can go to one of the big com pany stores and buy it 12 pounds for a dollar or by the sack at 64 or cents, depending upon the size of your ther order. But actual consumers are the only ones who can buy at that price or, in fact, at any price at all. The outside sugar was formerly held by three different parties, speculators pure and simple. They have pooled their issues and placed all their stock with one firm who are acting as the agent of the combine and who will not sell an ounce for less than 124. So though under certain conditions sugar may be bought for 7 cents or less the trader and obber and small dealer will have to
