**A. H. S. Literary**

An interesting meeting of the A. H. S. Literary Society was held in the Assembly Hall of the school on the evening of the 14th of October.

The meeting was of a literary nature and speeches were given by representatives from each form. The music of the evening was supplied by Miss Guest and Miss Topping, instrumental and vocal solos respectively.

The paper read by James Hefferman, giving the latest school happenings in a very original form, was much enjoyed.

A favorable report was given by the critic, who congratulated the society upon its good work.

After the singing of the National Anthem and the school yells, the meeting adjourned.

**Children Cry for Fletcher's**

**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
