CORONER WALSH SAYS DEAD ARE OVER 1,000

His Deputies Have Already Cared For Over 350 Bodies.

POLICE AND MILITIA BURIALS NOT ADDED

Scores of Half-Starved Dogs Found Gnawing and Tearing at Human Bodies Half Buried in the Earthquake and Fire Ruins at San Francisco—Housing 40,000 Refugees—150,000 Already Taken Away From Stricken City.

San Francisco, April 25.—Coroner William Walsh yesterday estimated that the total number of dead will not be less than 1,000. His reports are complete and his estimate is made from all the data he has been able to collect.

Up to the present time bodies have been buried by the soldiers and the naval militia in open squares near where found. For this reason it is feared that the exact number of dead will never be accurately known. Coroner Walsh had ordered 350 bodies removed from the ruins, but this number does not include those buried by the police and by the naval militia in the potero. Thirty-three bodies were taken out at Bay and Park street yesterday.

Dogs Eat Bodies.
One of the gruesome scenes that has followed the fire was that witnessed on Telegraph and Russian Hills and along the entire north beach front of this city yesterday morning, when scores of half-starved dogs were found eating human bodies. The animals were discovered gnawing and tearing at the corpses half buried in the ruins. Where only a leg or arm protruded the dogs were digging for the rest of the body.

Bluejackets were detailed to cover the sections designated and kill all dogs found in this vicinity. All morning reports could be heard on the hillside along the beach as the dogs were killed. Men were pressed into service either to bury the carcasses of the dogs or throw them into the bay. In a few places smouldering fires were found and there it was possible to cremate the animals.
It was not believed that there were so many dead in the ruins of Telegraph and Russian Hills, until the dogs were seen there digging for the bodies. When the dogs have all been run down and slain a further search will be made of these sections to obtain the bodies and bury them as soon as possible.

Having 10,000 Refugees.
Temporary structures have been erected in Golden Gate Park for the housing of 40,000 persons. This work was begun yesterday morning by the shelter committee and the homeless who were sleeping out of doors for nearly a week were moved into comfortable quarters. About the same time a supply of blankets and bedding was received and these also have been taken to the park. At present there is little suffering and before a week it is expected that all refugees here will be comfortable.

The committee is sending as many of the refugees as possible to interior points. The soldiers began Monday of all vacant houses in the unburned district, still is underway. Many vacant flats have been taken where the homeless, especially the sick, are housed. Architects have been sent out to examine churches and other buildings, including schoolhouses, with a view of turning them into living rooms for the homeless. Supplies of food are being sent in rapidly from outside points and are being centralized in the freight sheds and warehouses still standing.

Maimed Living in Robbing Dead.
Colorado Springs, Col., April 25.—Passing through here yesterday in a Denver & Rio Grande train, bound for Chicago, where her parents reside, was a San Francisco fugitive who said her name was Miss Logan. She wore a bandage on her left hand and said that while she lay unconscious upon the floor of the lobby of the St. Francis Hotel in San Francisco after the earthquake, last Wednesday morning, the third finger of her left hand was cut off and she was robbed of rings that she had worn there.

M'AUILLIFFE FOUND GUILTY.
Peterboro Hotelman Will Be Sentenced To-Day—Suit Against Gow.

Peterboro, April 25.—In the case of King v. McAuliffe, yesterday, the grand jury returned a true bill, charging manslaughter. The witnesses heard were Stanley Cox, Cleveland Comley, Chas. Wolfe and Arthur McDonald, who gave strong evidence against the accused, stating that he had struck the unfortunate man, in the barroom, the blow causing ultimate death. Judge Anglin's charge was rather against McAuliffe, and the jury, after two hours, returned a verdict of guilty, with a strong recommendation to mercy. Sentence will be given to-day.

In Hill v. Gow, for \$1,000 damages, arising out of shooting of Hill's son, for which Gow served a three months' sentence, Constable Archie Morse caused ultimate death. Sped to Lady Love's Rescue.
Guelph, April 25.—Wesley Welsh of Moorefield, was yesterday brought to Guelph jail by Constable Kyle, charged with stabbing Robert Montgomery of that village on Sunday evening. He is not right in his mind. Welsh is a former teacher, and had been acting very queerly. Miss Maggie Patterson, a milliner of Moorefield, had attraction for Welsh, and he got it into his head that he was going to marry her. He proposed and was refused. Then he got it into his head the idea that some person was hurting Miss Patterson. He got up and ran over to the young lady's residence, to find her in company with Montgomery. He sprang at the latter and stabbed him with a knife, inflicting a painful wound on the left shoulder.

THREATENED WITH PARALYSIS.
Peter E. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay in bed for months, unable to get up. I was very dependent on my friends, and I did not care whether I worked or not. I imagined everybody who looked at me, guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, lived in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numerous kinds of medicines and tried many first-class physicians, were an electric belt three months, went to Mt. Clemens for whom I had heard so much. While after treatment at Mt. Clemens I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could get up, the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many clients and will continue to do so."
