General Intelligence.

HIS BLOOD AROUSED.

BISHOP TURNER ADVISES NEGROES TO ARM AND FIGHT.

New York, March 17.—A World special from Atlanta—The Bishop Henry M. Turner, of the African Methodist-Episcopal church, in the Voice of Missions, writes: "The Jewish lynching of John M. Johnson and Archibald Junior upon mere suspicion in Louisiana while the African Methodist Episcopal bishops were meeting in the city of New Orleans, only a few miles from the scene of blood and death, was damnable. Let every negro in this country who has a spark of manhood in him supply his house with one or two three guns, or with a seven or sixteen shooter, and I advise him to keep them loaded and ready for immediate use, and when his domicile is invaded by bloody lynchings or any mob, day or night, Sabbath or week days, turn loose your missiles of death and blow the fiendish invaders into a thousand gibbets. We have had it in our mind to say this for over seven years, but on account of the episcopal status we hesitated to express ourselves, thus fearing that it might meet with the disapproval of the House of Bishops, but their approval or disapproval has done nothing to stay the fiendish murderers who stalk abroad and are exterminating my race. So we have said it, and hereafter we shall preach it, speak it, talk it and write it. Again we say get guns, negroes, get guns, you may save your good aim when you shoot."

OH! THE MISERY.

Mr. Galbraith of St. John, Ont., was a Great Sufferer from Indigestion, the Bane of so many Lives—South American Nerve Released its Hold—It Releases in One Day.

"I was for a long time a great sufferer from indigestion. I experienced all the misery and annoyance so common to the ailment. I tried many remedies and spent a great deal of money without receiving any permanent benefit. I was strongly recommended to try South American Nerve. I procured and used it, after using only two bottles I am pleased to testify that I am fully restored to health, and I have never had the slightest indication of a return of the trouble. I recommend it most heartily."—Sold by E. Lee Street.

MONTREAL'S IRISH PROCESSION.

A. O. H. KNIGHTS' FIRE DISPLAY—CONCERTS TO-NIGHT.

MONTREAL, March 17.—To-day was the finest St. Patrick's day Montreal has seen for many years. The rules have been to tramp up the hill in slush or mud, but to-day the streets are in splendid order and the snow is crisp under foot.

Perhaps this is why the procession to-day was such a large one. The most conspicuous feature in the line was about one hundred uniformed knights of the Ancient Order of Hibernians, two corps of which have recently been formed in this city. They presented quite a military appearance.

All the Irish societies in the city were represented, and after attending High Mass in St. Patrick's, the mother Irish church of Montreal, whose jubilee is being celebrated to-day in addition to that of the patron saint, the procession wound its way through the principal streets of the city.

This evening there will be eight or nine Irish concerts given by the various societies.

A HEALED HEALD.

Thinks Rheumatism is Born of the Low-er Regions, but Proclaims South American Rheumatic Cure a Heaven Sent Healer.

Henry Humphreys, East London, sends his unsolicited testimony: "I was seized with painful rheumatism in my left foot. I could not rest with it day or night, the pain was so intense. I tried many remedies, but they had no more effect on me than water on a duck's back. I was persuaded to try South American Rheumatic Cure. I followed the directions closely and in a very short time this wonderful remedy effected a complete cure, and there has not been the slightest hint of a return of the disease. It is a sure remedy and I delight to herald the goodness all over the land."—Sold by E. Lee Street.

THE DRAM CASE.

POSSIBLE REASONS FOR THE MURDER ON THE BARCLAY STREET HERBERT FULLER.

Boston, March 17.—The Globe to-day put a statement from a person connected with the Charles street jail for twenty-nine days in a cell adjoining that occupied by Thomas M. Bram, the convicted murderer of Captain Nash, which it true brings out a good many points as regards the motive and circumstances surrounding the tragedy, and suggests the possibility that a confession may be made if all

INJURY AND NEGLECT.

He Failed in Health and Strength—His Kidneys Ached and He Took Dodd's Kidney Pills.

Dorchester, Feb. 15 (Special).—Among business people here, and especially by his fellow workmen, great interest has been taken in the case of Mr. James Stokes, who for the past fifteen years has been shipper for the Matheson Company.

Lately he had run down in health and strength to the point of being compelled to quit work and his recovery was as the result of using Dodd's Kidney Pills, is the talk of the town. On seeing Mr. Stokes he said:

"From over-lifting and strain I suffered greatly from kidney trouble, being advised, after all else had failed, to use Dodd's Kidney Pills, from the first dose I got relief, and hundreds of people here can vouch for my cure."

The possible legal attempts to save his life shall wait. This man is Chas. H. Avery, of Natick, who was committed to jail to await the action of the grand jury on a charge of forgery and against whom a terrible condition of anarchy, in this book he recorded conversations he had with Bram, the door of whose cell was about six inches from the window in Avery's cell. Upon Avery's release he communicated with the district attorney and gave him the substance of his conversations with Bram. By statements laid before District Attorney Hoar, it is set forth that the condemned murderer feared Captain Nash would "break" him for incompetency and reduce him to the rank of a common sailor; that Bram was jealous of attentions shown the second mate by Capt. Nash and the weight the captain gave the second mate's opinion in matters touching the management of the vessel; that he was jealous of the passenger monks and the friendship of the passenger and the captain's wife; that he had a fixed opinion of his own nerve and his ability to outwit the others on the ship for whom he had formed a deep and murderous hatred. In these statements a conversation with Bram is reported in which the latter asked what he could do to be let out of a new trial. He was told of a prisoner who was saved from the gallows at the last moment by appealing to the Christian sentiment of the public, even though on the date of his reprieve he had written a confession of his crime. Bram asked what his chances would be with the public if he made a confession, and was told evasively such a course should only be taken when he had no other hope. Avery says in giving his story of these conversations he has come to the conclusion Bram is guilty. He went to the jail with a doubt in his mind as to Bram's guilt. From the man's manner and talk, he firmly believes he was just man, who could and did commit the crime for which he was convicted.

A SUBTLE THIEF.

Kidney Troubles Steal on one Insidiously—A Slight Cold—Then Congestion—Then Inflammation—Then the Deadly Malady Bright's Disease—South American Kidney Cure is a Kidney Specific—It Releases in Six Hours and Cures—Never Fails.

Mr. James McBride, of Jamestown, Ont., says: "I believe South American Kidney Cure saved my life. I was severely afflicted with my kidneys and to attend me daily to take the urine from me."

Mr. A. Williamson, Customs Officer, spoke at great length in support of the recommendation of this specific as the greatest of means to suffering humanity for its effectiveness in the bladder and kidneys."—Sold by E. Lee Street.

THE NEW U. S. TARIFF.

WASHINGTON, Mar. 14.—Mr. Dingley chairman of the committee of ways and means, states that the tariff bill will not be completed until Monday, and will not be given to the press in an authentic and complete form until ready to be presented to the house, which probably will be soon after midday Monday.

New York, March 14.—There was a big rush at the custom house yesterday to get goods out of bond before the new tariff goes into effect. The total collections of goods withdrawn from bond was \$1,210,000, for the day, which is the largest collections of customs Saturday amount of \$1,488,000.

TORONTO HEART.

Much heart and nerve weakness is caused by undue use of tea, coffee, or tobacco; palpitation, nervousness, irritability, excitability, lack of confidence, etc. are sure symptoms. Mithra's Heart and Nerve Pills bring ready relief, by steadying the nerves and regulating the food. They are a true heart and nerve food.

GREECE.

SECRET NEGOTIATIONS BETWEEN KING GEORGE AND RUSSIA ARE SAID TO BE IN PROGRESS.

New York, March 16.—A cable dispatch to The Press from Athens says that secret negotiations are proceeding between King George of Greece and the Russian Government. This information comes from a high and absolutely trustworthy authority. Russia undoubtedly is playing a two-faced game with the Turkish Government, and with the powers as well. There is an explicit

understanding that when the Greek army crosses the frontier, Russia shall find a pretext to seize Constantinople. The understanding, so far as King George is concerned is that in the general conflict in the Balkans which is sure to follow fighting on the frontier and disruption of the Turkish empire which would follow a seizure of Constantinople by the Russians, Greece is to be encouraged to seize Macedonia, with the Czar's permission in advance that she shall be permitted to retain that province. This dispatch indicates that the object of Russia in coining Greece is not peace but war. Greece has adhered to the position that if forced by the Powers to do so she will legalize her position in Crete by declaring war on Turkey. At present her troops are there practically as filibusters. Despatches from the East have been unanimous on the point that King George will invade Thessaly if driven by the Powers to do so.

A WAR IN TURKEY.

probably will be followed by an uprising all over the Ottoman empire and a terrible condition of anarchy. Russia has troops ready to invade Asia Minor and seize Armenia, and has a fleet ready to seize Constantinople, in which city there would be a revolution against the Sultan soon after an outbreak of war. The action of France in deciding to stand by Russia and send troops to Crete evidently means that action in Europe is expected and determined upon, and France does not intend to be on the outside when the final settlement comes. The situation seems to-day more serious than it has appeared since the first expedition from Greece landed in Crete.

LONDON, March 16.—A despatch from Athens says that a strong force ought to be present when autonomy for the island is officially proclaimed. When the Mohammedans realize that their officials and garrison are to be withdrawn there may be trouble.

ATHENS, March 16.—Six thousand Greek infantry started last evening for the Thessalonian frontier. The troops were cheered enthusiastically. With the recruits of 1895 and 1896 the Greek army will number about 80,000 men. The Turkish troops on the Greek frontier number 600,000 with 200 guns.

CARFA, March 16.—The Italian vice-consul here has been taking the sworn testimony of Muslim witnesses regarding the reported massacre of Mussulmans at Sitia by Christians. The Christians declare that no credit should be attached to the evidence of the Muslims.

ATHENS, March 16.—Information has been received here that two bands of Thessalians, one of 1,000, and the other of 300, have entered Macedonia from the Larissa and Volo districts of Thessaly.

VIENNA, March 16.—It is announced here that until the Powers shall decide upon the appointment of a Governor for Crete a commissioner will be appointed to act in that capacity in the name of the European powers and the Porte.

VIENNA, March 16.—The blockade of the ports of the Island of Crete by the warships of the concerted European powers went into effect to-day.

LONDON, March 16.—A dispatch from Malta says that 600 British troops were ordered to Crete from that station to-day. The House of Commons this evening made the following announcement on behalf of the Government: "We have today addressed a communication to the Powers in regard to Greece, but it is impossible, as it would be improper and against our interests, either to state the communication or to encourage debate on the subject."

Local Legislature.

FREDERICTON, March 10.—Mr. Fredericton introduced a bill amending the Canada Temperance act.

At present the council has the power to appoint but no power to dismiss except for cause. The law clerk had suggested that a two-thirds majority of the council should be required to dismiss.

Mr. O'Brien (Charlotte) thought the bill provided that county councils should have the power to dismiss inspectors under the Canada Temperance act. At present the councils have the power to appoint but no power to dismiss except for cause. The law clerk had suggested that a two-thirds majority of the council should be required to dismiss.

Mr. O'Brien (Charlotte) thought the bill provided that county councils should have the power to dismiss inspectors under the Canada Temperance act. At present the councils have the power to appoint but no power to dismiss except for cause. The law clerk had suggested that a two-thirds majority of the council should be required to dismiss.
