IN GOOD SHAPE.

Finances of the Public Library Are Satisfactory.

The regular monthly meeting of the Library Board was held yesterday afternoon. Mr. A. Hunter announced that the finances were in a good condition.

At present there is an overdraft of \$3,890, which, however, will be offset by the civic grant, which is payable in a short time, and which will very largely exceed that amount. It was decided to

put a furnace in the new branch on Barton street at a cost of \$140, to which \$30 will be added and gas fittings put into the furnace. Accounts amounting to \$1,238.74 were passed, \$366.33 of this amount being accounts from the new branch. There were 193 books added to the main library and 166 new cards issued; 14,754 books were out during the month, an increase of 3,517 over the corresponding month last year; 90 books added to the branch library and 95 cards issued; 231 books were loaned out since the opening. The Library Committee recommended a list of 169 books to be bought at a cost of \$243. The petty expenses of the two libraries amounted to \$26.50, of which \$6.28 was stolen by burglar.

DISGRACED NOBLEMAN.

Berlin, June 5.—The Taegliche Rundschau to-day publishes under reserve a statement to the effect that the inquiry into the conduct of Prince Philip zu Eulenburg on perjury charges has compromised a great nobleman who until lately was a high official at court. When the Emperor learned the particulars of the case he dismissed this nobleman from his offices and requested him to leave his official residence.

He laughs at scars which have never been at war with himself.

glars. A balance of \$30.61 was turned over.

WEEDING OUT
OF TEACHERS.

Trustee Carr Declares Many to be Incompetent.

Board Can Not Provide Playgrounds For Children.

Arrangements Made For Battlefields' Concert.

There is to be a weeding out of incompetent teachers in the public schools of this city. The Internal Management Committee of the Board of Education decided on this last night after Trustee Carr had called attention to the matter and charged that the report made last fall by Inspector Ballard showed that there was a large number of incompetent teachers. A special committee consisting of the chairman of the Board, chairman of the Internal Management Committee and Trustees Howell and Carr, was appointed to deal with the matter. The committee will do the weeding out before the schools re-open in September and will advertise for new teachers in the meantime.

A committee consisting of the chairman of the Board and of the committee and Trustees Carr and Wilson was appointed to deal with applications for salary increases which are expected to pour in from now on. The manual training and domestic science teachers started the ball rolling. The former asked for no stated increase. Miss Strong, teacher of domestic science, asked for an increase from \$500 to \$600.

It was decided to advertise for three specialists for the Collegiate Institute. Teachers for classics, modern languages and science will be required. Two of these will be new appointments and one is to fill the vacancy left by M. J. Garvin, who is going to Toronto. The new teachers will begin with a salary of \$1,000 a year, with an annual increase of \$100 until the \$1,600 maximum is reached.

The matter of providing playgrounds for the children was brought to the attention of the committee and while the trustees expressed their hearty approval of the idea to have more playgrounds, in addition to the school grounds, they decided they had no power to spend any money for a purpose of this kind and passed a resolution to that effect.

John Harrower headed a deputation from the Trades & Labor Council which was after information about the new technical school. The matter was fully explained and the deputation expressed approval of the scheme before leaving.

E. S. Hogarth, teacher in modern languages at the Collegiate, was given a month's leave of absence in September, as he desires to go to France and Germany. He will provide a substitute.

A special committee was appointed to arrange for any teachers who want to go to England with the party of Canadian teachers who are to visit there this year.

The request of George H. Bull, Secretary of the local committee, which is raising funds for the Quebec battlefields, who asked for the use of the Collegiate Assembly Hall on June 19, for a children's concert to be given under the auspices of His Excellency the Governor-General, was granted.

The schools will close on Friday, June 26 and re-open on Tuesday, September 1.

A QUESTION FOR SCOTT.

To the Editor of the Times:

Sir,—Some years ago, when it was mooted around that there was a possibility of the Deering's opening up a factory in Hamilton, there was one of the name of J. J. Scott who took a great deal of interest in having a by-law passed by the owners of property in Hamilton for fifty thousand dollars. The by-law was (happily) defeated, and it was learned later on that the company did not request the same. And it might be interesting now, if this is the same J. J. Scott, who is asking for the support of the East Enders, what was his object in doing so, contrary to the wish of the Deering Company. If I remember aright, there was an election near at hand, and rumors were prevalent, as to the disposal of the fifty thousand if the by-law carried. An explanation might not be out of order, even at this late date. Yours, A Constant Reader.

Montreal and Quebec.

A veritable edition de luxe amongst railroad pamphlets has just been issued by the Grand Trunk to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed, and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It is also very well written, and gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs that have not hitherto been published. Sent to any address on receipt of a two-cent stamp. Apply to J. D. McDonald, D. P. A., Toronto.

ROCHESTER EXCURSION.

Hamilton Camp, Woodmen of the World, has completed arrangements for an excursion to Rochester on Saturday, June 20, on the Turin line. The boat will leave this city at 5 o'clock and is due to arrive at Charlotte at 10 o'clock the same evening. Special provision has been made for the accommodation of ladies, who can reserve berths. The committee has also arranged that all the parks and attractions that have not hitherto been published, and has made ample provision for hotel accommodation there.

The long list of acts of benefit to the workingman passed by the Liberals of Ontario is ample proof that Labor interests are safe with the Liberal party. Even the Tory organizer, A. W. Wright, is on record, speaking as an officer of the Knights of Labor, as saying that in labor legislation under the Liberals, "Ontario has not much to learn from any State in the Union, and we are immeasurably in advance of most of them."

The labor man who opposes a Liberal candidate to support a nominal "labor" candidate is Quixotic; he grasps at the shadow and risks losing the substance.

A butcher need not necessarily be a thief in order to steal a knife.

OUR EXCHANGES

Look to the Liberals.
(Kingston Whig.)

If the people want free school books they must look to the Liberals for them.

Did It Work?
(Ottawa Free Press.)

The Crothers' promise of free school books having done its work, is now withdrawn from circulation as a Whitney election weapon.

Stueholme.
(Grimsby Independent.)

The Labor candidate who has been in the room for the past two years has not done anything of any moment either for the Labor party or anybody else.

Missed Him.
(Woodstock Sentinel-Review.)

Premier Whitney has discovered a Liberal office-holder who was left undisturbed in his office, and he is talking about it all over the country.

He Knows It.
(Kingston Whig.)

Col. Hendrie says that the license enforcement is not to be condemned because three high-toned commissioners resigned in Toronto. Oh, the rottenness of the system, as revealed by the Starr commission! It is indefensible, and Col. Hendrie knows it.

Unworthy.
(Kingston Whig.)

The Spectator has it that Mr. Pense "has not yet specially denied that he talked the C.N.R. matter over with his leader. Yes, he has, and the Spectator refuses to accept his

denial. Which is not worthy of the great Spectator.

Vote for Thompson.

(Wentworth Light.)
