The Renowned Remedy!

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor HOLLOWAY,

Dear Sir,—Mrs. Sarah Dixon, of Liverpool Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body...

I remain, Dear Sir, yours truly, J. NOBLE.

Dated August 12th, 1853.

A DREADFULLY DISEASED ANGLE CURED.

AFTER BEING GIVEN UP BY THE FACULTY, AT HALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. R. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 16th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a case effected by Professor Holloway's invaluable medicine—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad sore on his neck, and after having been in the Hospital for six months, was sent to England to be nursed at Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incapable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ankle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which, by persevering application, healed all the sores, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly, JOHN SMITH.

Albert Hotel, Great Yarmouth.

SURPRISING CURE OF A BAD BREAST, SEVERE DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. T. F. Fox, Chemist, &c., Lower Marlborough, dated February 12th, 1853.

To Professor HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mr. Martha Bell, of Portsmouth, in this town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith and hope of a cure being effected. In this state, she was recommended to try your Ointment and Pills, which she immediately used, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain dear Sir, yours faithfully, T. FORSTER KEE.

The Pills should be used conjointly with the Ointment in most of the following cases:—

- Red Legs, Cancers, Scrofulous Swellings, Bad Breasts, Contracted and Stiff Joints, Rheumatism, Burns, Elephantiasis, Scrofulous Ulcers, Swellings of the Neck, Strains, Sprains, Stiffness of the Limbs, Gout, Glandular swellings, Ulcers, Chapped hands, Scalds, Ringworms, Itch, and all other eruptions of the skin.

Sold at the Establishment of Professor HOLLOWAY, 344, Strand, (near Temple Bar), London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 2d. 3d. and 6d. each.

There is a considerable saving by taking the larger sizes.

R. B.—Directions for the guidance of patients in every disorder are affixed to each pot.

GEORGE T. HASZARD Agent.
