A. D. Farrah & Company  
 Newcastle, N. B.

## U. N. B. CON TO TAKE PLACE ON FEBRUARY 13

The annual "Conversazione" of the University of New Brunswick, the premier social event of the season in undergraduate life at the local college will take place on Friday, February 13th that date having been selected as the most convenient. Contrary to custom in recent years the number of invitations will be limited to six hundred. This number is much less than the number usually issued. As usual the "con" will be held in the Arts building. The Memorial Building has been used for some dances but will not be used on this occasion.

Guy D. Scovill of this city who was elected President of the Conversazione has resigned. His place has been filled by the election of W. Gordon Jones.

## BATHURST DEFEATED CAMPBELLTON TEAM

Last Friday night Bathurst made it two straight in the North Shore League by defeating Campbellton in Bathurst by a score of 5 to 0 in a fast exhibition.

## A NEW CLUB HOUSE FOR WINTER SPORTS

A new club house has been built on the banks of the Bartibogue River, about 200 yards above the main road for the Miramichi Winter Sports Club. The new house is a compact, nicely built structure, 40x20 with large main room, a kitchen and dressing room. The building was erected by A. & R. Loggie Co. under contract and is to be used by the club members for the purpose of enjoying skiing, tobogganing etc. on their grounds and in the vicinity. The Club house will also be available for fishing and hunting in the spring and fall, so that it should fill a long-felt want in the community.

The new club house was to have been opened last night but it was decided to postpone the formal opening until there was more snow.

## Kid McCoy Is Sentenced

Los Angeles, Jan. 8—Kid McCoy former prize fighter, convicted of manslaughter here last week in connection with the death last August of Mrs. Theresa W. Mors, was sentenced to from one to ten years in San Quentin prison.

## CHATHAM TEAM TURNS TABLES ON MONCTON BOYS

Chatham turned the tables on Moncton Friday night defeating them 4-1. The game was one of the fastest and most thrilling exhibitions of hockey ever seen here. Kerr started things when he bagged the net behind Wilson from a faceoff, near the Moncton goal. The score was tied near the end of the period when Lane took a pass from Cole and shot a hot one past Carvell.

Chatham again took the lead early in the second period when McMahon took the puck from a mixup near the Moncton goal and tallied Chatham's second. In the third period the visitors made desperate efforts to score. They sent five men up the ice but the Chatham defence was impregnable. After Kerr had twice found the net and Chatham was safely in the lead the final gong sounded with the visitors vainly endeavoring to even up things.

Kerr was easily the star of the game, his playing was little short of phenomenal. In fact every man on the team worked hard. The visiting team was strong on combination but it was effectively combated by the local forwards. Both goalers worked hard. Carvell was seen at his best. The opposing net minder, Wilson, put up a splendid exhibition. The locals suffered much from penalties due to a too frequent use of the boards.

## EPIDEMIC OF "SOREHEAD GRIP" IS NOW GENERAL

Have you had the "sorehead grip" yet? If not, you are lucky; as few have been spared, so general is its prevalence. Sorehead grip as it is so aptly named begins in the head and a day or two after taking cold the scalp is so sore that it is agony to touch it or do anything with your hair. Frequently the face and sometimes the body gets in the same condition; and with an upset stomach the patient thinks anything is better than living for a few days.

However the attack does not usually linger more than three or four days and except for weakness the poor victim feels like himself or herself again.

It is reported as far west as Toronto and we have heard of cases down river, all with the same symptoms, so that sore head grip covers quite an expanse of territory.

## CHATHAM STARS PLAYING IN U. S.

"Shorty" Veno, former Chatham hockey player and star player of the New Haven hockey team last year, has joined the Maple A.A. team of the U.S.H.A. Wilfrid Veno another member of the same family is also playing with the Maples.

## Erect Fine Hall In Ferry Road For Community Needs

Ratepayers of Ferry Road who have felt the need of a community hall for a long time have taken steps to provide themselves with a large and suitable building for this purpose.

At a meeting of ratepayers it was decided to build a hall and seven trustees have been appointed to take charge of the project and the building when finished. They intend to put up a \$1500 structure which will be a credit to those helping the community and to those helping in the work. The site has been donated by Mr. Robert F. Stothart and another was offered by Harold C. Stothart. This spirit of helping seems to actuate all the Ferry Road people for without the expenditure of any money they have already got out enough timber for the frame of the building, parties donating timber and others going in and setting it out free of cost. In the spring they will have a big building bee and get the new hall well underway.

## Aim Is To Complete War Memorial Fund

National Executive of the I.O.D.E. Make Vote of \$1,000 to This End

The National Executive Committee of the Imperial Order Daughters of the Empire met on Wednesday at Toronto. Mrs. P.E. Doolittle, National president, in the chair.

The chairman of the board of the I.O.D.E. Hospital at Haileybury acknowledged the donation of \$1,180.00 from the Order for the operating room which has proved such a boon to the hospital.

As this year commemorates the 25th anniversary of the founding of the Order the following resolution was moved by Mrs. Power, National Treasurer and received the unanimous endorsement of the meeting: "That as it was decided by the National Chapter in session at the National annual meeting to make a special effort during the coming year to mark the 25th anniversary of the Order by completing the War Memorial Fund and as it has been customary in the past for the National Executive to make grants from time to time for educational purposes and as the War Memorial is the outstanding educational scheme of the Order the Finance Committee recommend that the National Executive Committee support the resolution of the National Chapter and so cooperate with the primary chapters in making a grant of \$1000 from the Life Membership Fund to the National War Memorial Fund."

WILL NOT PUBLISH

We cannot publish unsigned communications. Please take notice.

## RECORDS OF VOICES OF FAMOUS PEOPLE

Edison's Collections Represents the Work of Many Years.

New York Jan. 10—Unknown to most people, Thomas A. Edison possesses a collection of phonograph records of the voices of famous people which will probably be of much interest to future generations. Thanks to a special chemical substance, the records are expected to last, barring accidents for ten thousand years. The collection represents the work of many years, and contains records of the voices of men like King Edward, Tennyson, Cardinal Manning, the late King of Italy, Gladstone, the Marquis of Salisbury, and King George, as well as many eminent men and women of America.

Gladstone spoke into the recording instrument on the occasion of a big dinner in London, and his voice, sending hearty wishes to the inventor, can be heard as clearly to-day as when he was alive. The King of Italy's special message takes the form of a request that Edison should accept a decoration in recognition of "your having wrested another of her most jealously guarded secrets from Nature."

## SMALLER CROP-GREATER PRICE

While the wheat crop of Canada for 1924 records a drop to just under 300,000,000 bus. as compared with the bumper harvest of 474,000,000 bushels in 1923, the prevailing high prices have enhanced its monetary value to \$325,000,000 as compared with \$316,000,000 obtained last year. Canada now stands third in the output of wheat, India occupying second place with a crop estimated at \$84,000,000 bushels. Russia has ceased to be a wheat exporting country and probably will not enter again into competition for a number of years.

## THE DEATH OF THOS. M. QUIGLEY

Had Been Ill for Only Two Days and Death was unexpected

Mention was made in the Advocate recently of the lamented death of Thomas M. Quigley, at Sedley, Saskatchewan. Deceased was a nephew of the Misses Quigley, Newcastle, and of the late Dr. R. F. Quigley, St. John, and had visited New Brunswick on more than one occasion. That he was a prominent man in his district and that his death was deeply regretted is evident from the following article taken from the Sintaluta Saak, Times: The death occurred suddenly at his farm, situated six miles south of Sedley, on Monday night of Mr. Thomas Quigley, at the early age of 45 years.

The late Mr. Quigley had for some been a sufferer from gall stones, and the same ultimately caused his sudden demise. On Saturday previous to his death he had another attack of this complaint, but he did not consider it serious. His local physician was called, however, and prescribed treatment, but it was not thought at the time that his condition was so serious as he was in fairly good spirits up till within a few minutes of his demise. The news of the death of Mr. Quigley was a severe shock to Sintaluta residents as he had resided here for a number of years, being brought up from childhood on the old homestead, a few miles southwest of Sintaluta and resided with his parents until about 18 years ago, when he launched out for himself and homesteaded in the Sedley district where he has resided since.

The deceased gentleman farmed on a large scale; in addition to a section of land he was farming at Sedley, he owned a section of land in the district of Lewyas and was one of the highest respected farmers of the district in which he

resided. His buildings and residence showed perseverance and grit, and were a landmark for miles around. The commodious house was fully modern, being installed with furnace, waterworks, bath-room, electric light and all other conveniences conceivable to be found on any farm in Saskatchewan. Mr. Quigley in politics was a Liberal; in religion a devout Catholic and a thorough business man in every particular. He was closely identified with the Grain Growers' Association and various other farmers' organizations and having taken a leading part in all local activities, he came in contact with every family in the district; thereby acquiring many friends who sincerely regret his untimely decease.

He leaves to mourn his widow; four children, besides his only remaining sister, Miss G. Seymour of this town. His parents predeceased him several years ago and his only brother, the late A. J. Quigley, succumbed suddenly last May.

The funeral leaves this (Thursday) morning from the family residence to the Sedley Roman Catholic Church where Solemn Requiem Mass will be celebrated at 10 o'clock by Rev. Father Jansen. Interment will be made in Sedley cemetery.

On behalf of the Sintaluta and Indian Head districts, where the deceased was so well known, we extend to the bereaved family and other relatives our sincere sympathy in their sad and sudden affliction.

## THE DEEPEST PLACE

The deepest place in any ocean so far discovered is located about fifty miles from the coast of Japan in the Pacific Ocean, where the Japanese man-of-war Manchu found a depth so great that it could not be measured, for the reason that the sounding wire carried by the vessel reached only 31,644 feet, or nearly 6 1-4 miles.

## Town Topics Tid-bits on the Tip of Everybodys Tongue

Vol. 3 No. 2 NEWCASTLE, N. B. Jan. 13 1925 FREE

### "You have to go some"

W.S. Abbott writes from Clementsport: "Kindly ship me my usual Christmas Pudding. This is the eleventh year I have ordered from you. I notice from your advertisements that you have improved

the quality of your Plum Pudding. All I have to say is that you certainly have to go some to improve it in my opinion."

It is the knowledge that Motts products are so highly thought of by people with good taste that spurs on to ever further triumphs.
