25 PER CENT. COPPER ORE

No Finer Looking Mineral Has Ever Been Brought to Rossland-Bogle and Macdonald Will Organize a Company to Work the Claims.

D. B. Bogle and A. R. Macdonald have secured an option on two very promising properties, the Victory and Triumph, on Sophie mountain, close to the international boundary line...

The showings on the two claims are very fine. On the Victory a good deal of work has been done. A tunnel about 40 feet long has been driven on the vein showing a solid body of iron sulphide...

On the Triumph, however, much the best ore is found. This closely resembles the ore from the Columbia, being like it either a fine-grained copper pyrites with copper carbonates diffused through it or a solid red oxide of copper.

MURPHY CREEK PROPERTIES. G. W. Callahan Controls Four Groups And Will Open Them This Winter. O. W. Callahan recently purchased four groups of claims, on Murphy creek, and already he has a force of 12 miners at work on them under the direction of J. J. Rafferty.

The May Walker group, consisting of three claims, namely, the May Walker, Elgin and St. Thomas, is situated on the middle fork of Murphy creek, about four miles from the Columbia river and about seven miles northwest of Rossland.

The Lazem group, which consists of three claims, Lazem, Annie No. 5 and Keystone No. 4 were discovered and staked by Thomas Conlon in the summer of 1886.

The Capital Prize is a group of three claims lying about one mile northeast of the May Walker group and consisting of the Capital Prize, Hazelwood and Fleetwood mineral claims.

The Baltrassna and Alice B are situated near the head of Sheep creek, about five miles west of the Lazem group, and are connected by trail with the latter.

The Alhambra Gold and Copper Mining company is pushing development upon the Francis J. A shaft was sunk, but at 30 feet it went through the ledge. A drift was then commenced running in on the ledge.

Two groups of free milling prospects at the head of Forty Nine creek were bonded last week through Rossland brokers. The particulars were not obtainable.

The Arlington, a mining claim on the North Fork of Salmon river, has been sold to J. E. Jackson and his associates for a figure which the purchasers declined to give out.
