"Backward, turn backward, O time in your flight.
Make me a child again, just for to-night;" is the exclamation, in thought, of many a man who has suffered through a long life, from some distressing disease, that he might have cured with a few bottles of medicine like Dr. Pierce's "Golden Medical Discovery," which cures all blood and skin diseases, as well as consumption or scrofula of the lungs. If he were "a child again," he would know enough to have a bottle of the Discovery and in old age would not implore Father Time to "fly backward" for his special benefit. Hence, "Be wise to-day," tis madness to defer."
