#### **Fatal Accident** at Bell Island.

Patrick Scurry, a Native of St. John's. Fell off Ore Car and had Two Legs Crushed-Injuries Prove Fatal.

Yesterday a serious accident occur-. red at the Nova Scotia Company's pier at Bell Island, in which Patrick where he brought his wife and family Scurry, aged 62, and a native of St. to reside. To the bereaved family, reat Bell Island, in which Patrick John's, had both his legs almost crushed to a pulp. He was brought to the General Hospital and arrived there at 11 o'clock last night where he died from injuries received after a lapse of

The facts as gleaned to-day by a Telegram reporter are: The victim, Patrick Scurry, who is an employee of the Dominion Iron and Steel com-pany was off from work on a week's holidays. He had made arrangements to go through the mines of the Nova Scotia Company for the purposing of witnessing the work carried on and yesterday after his dinner left home to pay his visit. He proceeded to the pier which was reached about four o'clock, and got upon an empty ore car which runs to the mines. Shortly after the car was in motion Scurry was thrown off and almost instantaneously another car, which was coming out of the mines in an opposite direction and filled with ore, passed over the lower limbs of his body, crushing and mangling them fearfully. The victim was picked up in an apparent lifeless state and ten-derly borne to a nearby residence. The Company's physician, Dr. Ireland who was called into requisition, pro-nounced Scurry's injuries to be of a dangerous character and advised that he be sent to the General Hospital. In the meantime the physician gave the best treatment he could to the patient who did not regain con-sciousness. Inspector General Sullivan at this end was acquainted with the accident by delephone and asked to have a conveyance ready at 8 o'clock at Portugal Cove to meet the patient, who was accompanied by Dr. Ireland. On arrival accordingly, I. G. Sullivan, with typical promptness, ordered out the special ambulance, which left the in charge of cabman M. Kelly. After he was transferred from the Bell

#### nan was unconscious. At two o'clock this morning he succumbed to his injuries, death being due to the awful shock.

The sad occurrence has created sympathy in St. John's as well as on Bell Island. The deceased was an employee for many years with the firm of Goodridge & Sons, and later carried on a fish business for two according to the declaration said to years on the Southern Shore. Sub-sequently he went to Bell Island; sentatives of Britain, France and Ruslatives and friends the Telegram joi in the much sympathy expressed.

### Caught Stealing Turnips.

For several weeks past a number of misguided boys from the vicinity of Georgestown had been stealing turnips at various intervals from the gardens belonging to the Christian Brothers. The farm servant reported the matter to the police on Monday and last evening Constables O'Keefe and Tucker who were put on the trail, saw four hoys "stinging" the turnips. They four boys "stinging" the turnips. They captured one, whose name was Morrisey and arrested him. This morning the lad pleaded guilty and owing to nis tender years sentence was suspended. The names of the other three lads have been taken and they have en summoned to appear in court to

THE EASTERN CAR COMPANY WILL HAVE MANY AD-VANTAGES IN THE MANUFACTURE OF STEEL FRAME

The Works being situated adjoining the Steel Plant of the Nova Scotia Steel & Coal Company, Limited, the Company has special facilities for obtaining a large proportion of its raw materials under the most favorable conditions, thus obviatingthe necessity of carrying large stocks.

#### **PROPERTIES**

The Company's property embraces a lot of land containing 62 Acres, the Plant will consist of

- 1. The Main Car Shop 1100 ft. x 360 ft.
- 2. The Power House.
- 3. Car Wheel Foundry. 4. Cast Steel Foundry.
- 5. Paint Shop.

These buildings are being constructed of Steel Framing and Concrete Walls, and will cover about 151/2 acres. The Works will be equipped with the most Improved Machines for the construction of steel Cars, and will have a daily output of not less

#### MARKET

Canada's Railways demands have increased much faster than her Car building capacity. The Canadian Railway Companies within the last 9 months have placed orders in the United States for 13,000 Freight Cars, and it is understood a further order will soon be placed by one Railway Company for 6.000 Cars more. Canada to-day has over 31,000 miles of Railway in operation, and under construction. It is confidently expected that within the next ten years the present Railway mileage in Canada will be doubled. The field of operation for this Company is therefore almost unlimited:

#### ESTIMATED PROFITS

At the capacity for which the Plant is being built, an output of not less than 30 Cars per day is expected. Working 300 days per year, the Plant will thus have an annual output of at least 9,000 Cars, this can be increased to 50 Cars per day, or say 15,-000 per year. Experience has shown that the average profit is \$70 to \$100 per Car.

Assuming, however, that the Car Plant had an average output of only 6,000 Cars per year, and made profit of only \$50 per Car, this would yield an income of \$300,000 per year.

On this basis 6,000 Cars	. \$300,00
Sinking Fund	70,00
Dividend on Preferred Shares	\$230,00 45,00
AVAILABLE FOR COMMON STOCK	. \$185,00

It will be seen that after payment of interest and sinking fund charges, the estimated balance available exceeds FIVE TIMES the amount required for dividends on the preferred

SUBSCRIPTION FORMS MAY BE HAD ON REQUEST.
