the Public Evening Telegram

Methodist Conference.

The session opened at 10.30, the president presiding. After devotion- exercises were conducted the annual of proceedings was read and affirmed.

Dr. Smythe took leave of the Conference and the following resolution was unanimously carried. The Conference resolved that its high appreciation of the visit of Rev. Principal Smythe of the Wesleyan Theological College, Montreal. We have listened with delight and profit to his lectures, addresses, sermons and ordination charge and beg to assure him that his work has done us all much good. We all look forward to many such visits in the future.

Various reports of committees were presented and adopted. The Conference then passed the following resolutions: BE IT RESOLVED that we record our sense of real bereavement in the passing of our greatly beloved General Superintendent, Rev. Albert Carman, D.D., who for so many years presided over our church with the utmost dignity and the highest christian citizenship. His several visits to this Conference always resulted in the expediting of business, the inspiration of the brethren and the furtherance of the general interest of our church in the land.

Dr. Carman was indeed a "father in Israel." He was also a wise counsellor and a skillful statesman in the administration of the things of the kingdom of God. We miss him as few are missed. His name will ever be revered by us, and his memory an abiding comfort. We tender to his widow and family our expression of our condolence and assure them of our prayers for their consolation and support of the great bereavement of the church.

RESOLVED, this Conference places on record its gratification from the report of Rev. Dr. T. Albert Moore, General Secretary of the Department of Social Service and Evangelism. We would assure him that his services in connection with the formation of the Social Service Council of Newfoundland are greatly appreciated by us.

His addresses on the various circuits he has been able to visit; as well as his inspirational messages during the Conference have greatly helped to increase in this department our church work. We pledge to Dr. Moore our fullest cooperation and continual support in the splendid work carried on under his able leadership. At noon the Conference was addressed by Professor. Shaw. This was the closing address of the series and was greatly appreciated by the conference. The following resolution was put and unanimously carried.

RESOLVED, that the Newfoundland Conference has had great pleasure in listening to his sessions the Reverend J. M. Shaw, M.A., Professor of Zoology and Systematic Theology at the Presbyterian College at Halifax, invited to deliver devotional addresses at the noon-day hour. Professor Shaw's four addresses on "The Spirit and its demands on the Church," have been of quite exceptional freshness, breadth of view, timeliness and sincerity. Their deeply devotional spirit and their essentially practical character have stimulated and strengthened all who have heard them.

The Conference gratefully acknowledges its indebtedness to Professor Shaw. He came a stranger, he gives a friend and a brother known and loved. We wish him God speed, and pray that his chosen work may become increasingly useful and successful as years go by. Afternoon Session. Session opened at 2.30 with the president in the Chair. After usual devotional exercises the Journal of proceedings of previous session read and adopted. Report of various Committees read and adopted. Conference received deputations from Women's Missionary Society, and Newfoundland Auxiliary Bible Society. Resolutions pledging the co-operation and sympathy of the Conference was unanimously carried in each particular. The Conference adjourned at 5.

Fly Your Flags.

Dear Sir,—In view of the close alliance which happily exists between the United States and the British Empire in the present terrific struggle, and the magnificent achievement of the American government in landing over a million troops in France by the First of July, should not every flag in this city be flown to-morrow, in honor of Independence Day, the Glorious Fourth? The solidarity of the English speaking races will mean the highest development of the world in the days that lie before us. Yours truly, GEO. J. BOND.

ENCOURAGING FISHERY REPORTS.

The codfishery prospects are encouraging, and bait is plentiful, says a report from Port Rexton. So far, some of the traps have done very well, while others have taken very little. The fish taken are of a large size, and the people are hopeful of good voyage.

Memorial Service

AT GOWER STREET CHURCH.

The Methodist congregations of the city held a united Memorial Service at 8.15 p.m. Sunday in Gower Street Church. Rev. Dr. Curtis, President of the Conference, presided, and the commodious building was filled to overflowing. The service opened with the singing of that grand old hymn, "O God our help in ages past," following which the Rev. C. Howe read a portion of scripture and the Rev. W. T. Dunn led in prayer. Then briefly the President addressed the gathering referring to the great blessing which had called the people together, an object with which all hearts truly beat in sympathy. Following, Dr. Saint moved the resolutions below, expressing sympathy with those who mourned and placing on record his admiration of the heroism displayed by our soldier lads on the field of battle. Dr. Saint moved the resolution in a few choice words, referring to the gallantry of the lads who were standing between us and the unspeakable and to the splendid showing which the church had made. The resolutions were as follows:

RESOLVED, that the Newfoundland Conference of the Methodist Church place on record its high admiration of the sublime heroism displayed by our soldier boys on the field of battle and the unflinching bravery of our seamen on H. M. ships at war.

We also desire to pay our tribute to the magnificent devotion to duty and supreme self-sacrifice of those who have offered up their lives on the altar of Empire for the cause of righteousness and justice. Their names are emblazoned on the Honor Roll of our Dominion and will never die.

BE IT FURTHER RESOLVED, that we tender to the sorrowing relatives and friends our sincerest sympathy with the earnest prayer that the God of all consolation may graciously sustain and comfort them in their great sorrow and irreparable loss.

Rev. A. A. Holmes seconded the motion with feelings of sympathy and pride. Two years ago the heroism of our soldiers had been first tested on the Western front. They went into the valley of death, their motto "Do or die." They immortalized themselves, and to-day they dwell among the immortals. In that fatal drive many vacancies were created, and this commemoration day awakens our sympathy for the bereaved. We sympathize with them in their sorrow; but we have reason to be justly proud of those whose valour won from their commanding officer, "Newfoundlanders, I salute you; you have done better than the best." To-day the ranks are broken but we will fill them, be faithful to the great privilege which is ours of fighting for rightness and God. The hour demands that we must not hesitate to make the sacrifice. He was reminded of a poem written by a mother of a northern outpost, whose son was among the killed: The great question was not, "Will my boy come back?" but "Did he go?"

Mr. A. Mews, C.M.G., supported the resolution. We honor the boys of the Regiment and the men in Blue because of what they have done, because of their absolute self-surrender to the claims of Empire. When the clarion call came, our young men, mere striplings most of them, hastened to respond, forsaking home, parents, business; and we believe they have become instruments of God carrying out His high and holy purpose. Rev. Dr. Moore extended the sympathy of the Church of Canada to the people of this Dominion. They had heard how nobly and splendidly the men of Newfoundland had offered themselves, hesitating not to make the supreme sacrifice for righteousness and liberty. Dr. Moore said upwards of 80,000 Methodists from Canada had gone to do their part in the great fight for freedom, and the church had further shown the spirit of loyalty in the splendid response of her clergy, very many of whom were serving with the colors. He wished to make it clear, however, that the church's duty did not end there. It was essential that the men who came back should be cared for, and in this there was a great work to be done.

Rev. Dr. Smythe associated himself with the expressions of sympathy that had been uttered. He referred particularly to the students who had come under his care, men from the Newfoundland Conference, and special mention was made of one, Rev. J. W. Baggis, who had made the supreme sacrifice. We cannot honor them, said the speaker, but in mentioning them we honor ourselves. They have done the greatest thing in the world, their lives have not been lived in vain. After the singing of the National Anthem, the Dead March was played, and a most impressive service brought to a close.

An excellent musical programme is arranged for the Concert on Thursday evening at the Casino. Songs by Mr. Arthur Williams and the Misses Orr, and some charming part songs, "Sound the Pibroch" and America's famous patriotic song, "Battle Hymn of the Republic"—July 22.

School Girls' Nerves. When an undue amount of nervous energy is consumed in the body there is bound to be failure of the other functions of the body. Digestion is impaired—the head aches—you cannot sleep—you are easily excited and irritated—feel tired and lack energy. Dr. Chase's Nerve Food is a creator of rich, red blood and a builder up of the exhausted, nervous system.

More Speeding. To-day we hear complaints from some of the inhabitants of the South-side Road, just above Sme's Bridge, saying that as their children are always playing around the road near their own houses, and as automobiles pass along there at the rate, sometimes of twenty-five to thirty-five miles an hour, it will be marvellous if some of the children are not killed. This, we are informed, nearly happened a few days ago, when an auto driver barely pulled up in time to save a child's life. Even then he had the audacity to exclaim, "Why don't you keep your children off the road—if you don't they'll be getting killed one of these days." We are further informed that if the law fails to put a stop to this dangerous, stern measures will be adopted by the people themselves.

Call From America. Newfoundlanders, do you want German despotism or British freedom? Do you want slavery or liberty? Do you care so little for your heritage, for the land you love that you will be found wanting at this terrible moment when hell has vomited forth its devils and all that is holy, all that is sacred in the world is menaced as never before. Civilization is trembling in the balance and Newfoundland calls to you, her sons and daughters to help save the world from disaster by buying Victory Bonds. You who cannot fight the Hun upon the field of battle can do as much, if not more, for the cause of Liberty by lending your money to the Government, so that our soldiers may not lack arms, food or raiment. The brave defenders you have sent across the seas are fighting like the heroes that they are, to stem the tide of barbarism and horror which threatens to engulf the world. The money you have saved, the dollars you are hoarding will be of no value to you if the red demon of murder and the contempt of God succeeds in his attempt to master the world. Can you say positively that he will not succeed if you fail at this crisis? The monster has not been beaten, and without your help he cannot be beaten. The red tide of murder, rape and pillage still sweeps on, martyred Belgium and
