**PTORRHEA.**  
 Of all the poison taken into the blood, the germs and pus contributed by diseased gums (Ptorrhea) are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and if allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.

**FISHERMEN!**  
 This is the great Fishkiller with which the Norwegians catch such large quantities of fish. Place a sinker with a swivel on each end about one fathom above the hook, which spins like a minnow, and the fish bite ravenously.

**MOTORISTS!**

I have just purchased the Highlanders' Armoury and have storage space for 100 cars. In order to facilitate quick repairs and the most up-to-date service, I am leaving for the United States and Canada about the 27th and while abroad will purchase the finest service station equipment obtainable, also a line of repair parts and accessories for Briscoe, Ford and Chevrolet cars, and can guarantee first-class overhauling and repair work. When you are finished with your car send it in and we will overhaul it and put it in first-class condition for next season. One part of my new equipment will be an electric drive motor test stand where engines will be thoroughly tested under their own power before being put back in the car, where oil or other leaks can be detected and rectified, thereby insuring a good and lasting job. Parties storing their cars at my garage will be supplied with a key so that they can get their car at any time; cars will be so arranged that there will be no necessity to move other cars to get any one car out.  
 Thanking my customers for their past patronage and assuring those and others I am doing the best possible to obtain quick repairs and prompt service.

**New Relief For Constipation, "LES FRUITS"**  
 Physicians agree that with the modern habits of living, constipation is likely to be always with us. They also agree that the constant use of any drug for the relief of constipation is exceedingly unwise—unwise for two reasons. First, a drug constantly used loses its effect and requires a constantly increased dose. Second, because the constant use of any drug is bad anyway.  
 So the cry is constantly going up from the constipated, "What can we do?" It will be interesting to a great many to know that an answer has been found in the re-discovery of a method which was used with great success by our Forefathers, and in Arabia far back in the twelfth century. The food is called "Les Fruits" because it is composed entirely of figs, dates, prunes, raisins and the leaves of each with the substitution of the Alexandra leaf for the raisin leaf. The taste is pleasant, if not to say delicious, and the effect is exceedingly satisfactory. Try it and be convinced.
