THERE is a good chance for some active and trusty men to secure paying work at once by engaging with Jas. E. Whitney, Nurseryman, Rochester, N.Y., to sell his warranted nursery stock. He furnishes outfit free and the work is steady. No experience required.

MR. HOLLINGSHEAD was in St. Thomas on Tuesday and interviewed the manager of the M. C. R. regarding the siding on the north side of track. He received the intelligence that the matter was in the hand of the engineers with orders to proceed with the work.

We think it is time that newspapers discontinued such a system of advertising as C. Wilson & Son, scale makers of Toronto adopt. They have also encouraged other manufacturers to try the same plan. THE ENTERPRISE for one will not encourage such business. Publishers should do business on a straight cash basis and they will then know what they are doing.

CHIEF OF POLICE FEWINGS has received information by way of letter from Norwich, N.Y., which shows that Dr. C. H. Whiting is a bigamist; that on April 22, 1884, he was married to Miss Allie Bell by Rev. Mr. McAnully. Whiting will receive his first consignment of twenty-five lashes in a few days for the crime for which he is in prison. At the expiration of his present term of 23 months he will be arraigned for bigamy.

CUT DOWN THE WEEDS.—Chapter 202 of the Revised Ontario Statutes, Sec. 2, says: "It shall be the duty of every owner of land or occupant thereof to cut down or destroy all the Canada thistles, ox-eye daisies, wild oats, rag-weed and burdock growing on his land, so often in each and every year as is sufficient to prevent the ripening of their seed." Sec. 9 extends the act to the highways of the municipality, and Sec. 10 makes an owner liable to a fine of not less than \$5 for violations and over-seer of a highway to a fine of not less than \$70 for neglect.

THE Canadian Pacific railroad has issued its "Primer No. 3," being a 160-page pamphlet, descriptive of "Summer Tours" by the C. P. R. To those proposing to visit spots on the road this will be a valuable little handbook.

MR. JOHNSTON, late of the Learning Post, has purchased the Essex Centre Liberal. He proposes to run it non-political. We think that much better than independent, as we believe it impossible to run a paper independent without showing political leanings.

We will venture to say that Leamington has more girls than any other town of its size in Canada.—Leamington Post. This is a libel on Dutton, which has always claimed not only the largest number but the handsomest girls of any village of its size in Ontario. If you don't believe it ask Dromio and Antipholus who are better judges than we.

MANY are beginning to be seriously alarmed at the threatened spread of Canada thistles, which in many parts of the country are already causing serious loss. The law providing for the cutting of the thistles seems to be a dead letter, the officials appointed in many cases never pretend to enforce its provisions, and the consequence is the thistles are allowed to flourish and spread wherever the wind carries them.

ROBERT NELSON and Fred Gourley, butchers of Wallacetown, were arraigned before the county judge yesterday afternoon, charged with stealing a heifer from Mr. Dougald Blue, of Dunwich. County Crown Attorney Donahue prosecuted, and Mr. C. Macdougall, Q. C., appeared for the defence. It was alleged that the accused stole the heifer from the premises of Mr. Blue, slaughtered and cut it up, and sold it in their shop. Four heifers, said to be those of the stolen animal, were found, but not the hide. The only evidence against accused was alleged contradictory statements made by them. The judge acquitted the accused.

SABBATH SCHOOL PIC-NIC.
The union pic-nic of the Dutton Sabbath schools, which was held on Tuesday of this week, was a grand success, and those who attended enjoyed themselves immensely. The members of the different schools met at their respective churches in the morning where carriages were provided for those desirous of going in loads, many others used their own conveyances. They started for Port Talbot about 9:30 and safely reached the pleasant spot and beautiful grounds of Major McBeth between 11 and 12. The cloths were soon spread and the bountiful supply of delicacies which was provided by the ladies were taken hold of by old and young with great energy. After the provisions were cleared away, each individual proceeded to enjoy himself or herself as he or she desired. Most went down to the beach, threw stones, waded in the water, fished, swam the dog and did many things. One who was that Sam. Marshall was in swimming and nearly got drowned. He was rescued by D. McKee. The girls who waded too far out in the lake brought their skirts on the hook to dry. The only accident to carriages that we heard of was that Mr. Urin's mare, in charge of R. Shores damaged two buggies; no one hurt. The party returned home about 6:30 much pleased with their day's enjoyment.

ENTRANCE EXAMINATION.

LIST OF SUCCESSFUL CANDIDATES.

The examination for entrance to High Schools and Collegiate Institutes recently held was, in many respects, a very fair one. By comparing the answers sent in by the candidates with those sent in 15 years ago, one can not but notice the great advance made by the Public Schools. Yet there is room for improvement. Orthography is but poorly taught; reading and writing also were, with many candidates, something unknown. The more difficult subjects seem to have engrossed the energies of the teacher. A more minute analysis shows that the best candidates came from schools where there is no Fifth Class. We think this matter should be carefully looked into. It is wise to allow one or two pupils to engross a large proportion of the teacher's time and allow 30 or 40 of younger years spend the time practically unimproved? Parents, trustees and teachers will soon see the folly of this.

The following are the names of successful candidates in order of merit. Marks required to pass, 357.

If it please your neighbor to break the sacred calm of night with the snoring of an unhappy instrument it is your duty to put up with this wretched music and your privilege to pity him for the unhappy instrument that moves him to delight in such discordant sounds. Our quiet and peaceful village has long enjoyed immunity from that dreadful insanity that moves men to become musicians in defiance of the will of God that they should confine themselves to sewing wood. Three small boys of this peaceful hamlet have taken possession of a blacksmith shop and go on with their hammering work every night, cursed by some and plied by others. The vanity of those boys lends them to the fiddle, bugle and tin pan. It is to be hoped before anyone becomes deranged through their unwhimsical and melancholy wails they will see the error of their ways and seek more quiet and pleasing pastime.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.
"Every Spring, for years," writes Lydia M. Lewis, of A. st., Lowell, Mass., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. Lewis, of A. st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days, weeks that my head would split open. Nothing relieved me until I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Geneva Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache should try.
