The London Life.

There is given in other columns of today's issue a report of the 25th annext 24 hours: Easterly and southerly hual meeting of the London Life In-winds: fine. Friday-Fair; stationary surance Company. The proud position surance Company. The proud position that this, a strictly local institution, holds among the life insurance companies of the empire, must be gratifying to all Londoners. Controlled by broad-minded, shrewd men, the volume of the company's business has increased steadily, and substantial progress has been made in all essentials. Sound principles of economy and liberality are the foundations upon which a capable, clear-sighted management has built up a business that is as solid as a rock. But look at the financial statement. Eloquent proof of the company's stability and prosperity is there given. The remarks of the president, Mr. John McClary, the vice-president, Mr. A. O. Jeffery, and other officers quoted, are full of interest, and we are pleased to direct attention to them.

This being the quarter-centenary of the company's organization, the occasion was signalized by a three days' convention at the head office of prominent agents, etc., of the company. Reesting and instructive papers on topics pertaining to the business of life insurance were read and discussed. After the holding of the annual meeting, a musicale and "At Home" were tendered the visiting agents, etc., by the directors and officers of the company. A most enjoyable evening was spent, and concluded with an oyster supper and the singing of "God Save the Queen."

City Hall Notes.

The urgent necessity of devising some scheme for the betterment of the disagreeable condition of the city sidewalks, so apparent during the recent thaw, is engaging the attention of the retail merchants. It is said that they will on Monday next. take some action in order to have the streets within the fire limits cleared of lowing resolutions: snow. The opinion prevails that the present wretched state of affairs, both in the business and residential districts, is detrimental to trade.

Atter making the power test on Tuesday, Inspector Howe, Engineer Moore and Mayor Rumball went to Springbank, where an inspection of the city's appliances proved them very satisfactory. Mr. Howe's opinion concerning the protection from fire has not been made public. It is being awaited by the city authorities, and the public alike with considerable interest.

A meeting of the hospital committee was called for last night, supposedly to consider the unsatisfactory way in which the plastering contract is being carried out at Victoria Hospital. A quorum was not formed.

London, March 8 .- The full extent of Lord Roberts' success of yesterday is not yet clear, but the best informed appear satisfied that it brings peace perceptibly nearer. Experts anticipate that the burghers will make no further stand west of the Free State capital, and some of them even deduce from the fact that the Boer forces are divided, and have retreated in different directions, that demoralization has set in and that the Transvaal forces will next be found carefully entrenched in positions north of the Vaal River, while the bulk of the Free Staters will abandon the contest and sue for peace. BOER WAR BULLETINS.

Pretoria, Monday, March 5.—Secretary of State Rietz has issued war bulletins, in which, after saying the government has no official tidings of the surrender of Gen. Cronje, but must accept it as a fact, however painful, he adds:

"The government remains assured that the surrender will not discourage the burghers in their defense of their independence and standing as a nation. Owing to the invasion of the Free State by a large force of the enemy and other circumstances, it became ne-cessary to take up other positions, the burghers in Natal have retired to Biggarsberg. All the commandos have reached there safe, except a few hundred, who retired in the di-rection of Van Reenen's Pass. Thus Ladysmith and Kimberley are no more besieged. The president started yes-terday evening for Bloemfontein, to visit the laager of the Free State."

It is understood that President Kruger's visit to Bloemfontein was to to arrange a compromise of the differences between the Transvaalers and

LAVAL STUDENTS CONDEMN

The Star's Racial Campaign-Strong Resolution Passed - Trouble Smoothed Over.

Montreal, March 8 .- The students' trouble, over the relief of Ladysmith, is quieting down, and it is probable that the little misunderstanding will soon be smoothed over. The students of the two colleges, Laval and McGill, have been asked by the mayor to take part in the Strathcona Horse parade The Laval students met this morn-

ing and unanimously passed the fol-lowing resolutions: "Resolved, that the students of Laval University have seen with pleasure the troubles which almost led Montreal to civil war come to an end. That in all the circumstances they showed themselves loyal to the British crown and respectful subjects of Her Majesty Queen Victoria. That in Friday's demonstration they had no other purpose than respectfully to protest against an uncalled for outrage and a gratuitous insult to their university. That they acted deliberately on that occasion, and under no foreign influence. That on the route of the procession they frequently manifested their feelings of loyalty to the British crown and did nothing that could justify the action of the Star in crediting them with the harmful intents it did. That the British flag, instead of being kept in the rear, as the Star insinuated, was, on the contrary, at the head of the procession, carried by four students, side by side with the university banner. BLOEMFONTEIN

How the Boers Were Beaten Without a Battle.

Expected a Flank Attack From the North, But It Came From the South -The Free State Capital Expose.

[Special Cables to Toronto Globe.] London, March 8-1 a.m.-Lord Roberts' second turning movement was a simple but effective tactical maneuver. The Boer forces were holding a double entrenched position, about fifteen miles in length, north and south of the Modder River. Lord Roberts does not explain his own strategy in his bulletin, but it can be inferred from the press dispatches which have already appeared that he stationed one division north of the river and two divisions south of it, and then posted Gen. French, with three cavalry brigades at the end of his own line northward, and ordered him to make a reconnoissance in force. He created in this way the impression that he would turn the enemy's position northward, because wherever French's brigades were massed a flanking movement might be expected. He then brought Gen. French's brigades around to the opposite end of the line and turned the enemy's position southward, enabling Gen. Kelly-Kenny's division to advance without opposition.

THE ENEMY OUT-MANEUVERED. The Boer forces at once retreated northward and eastward, followed by the sixth division and Gen. French's brigades. The Boer commanders evidently had expected a flank attack from the north, whereas it was delivered from the south, and in their retreat they have exposed Bloemfontein which is now open to Lord Roberts advance. The Boers were again outmaneuvered by being attacked on the flank, where they were not expecting the blow to be delivered, and their communications with Bloemfontein weer threatened.

WAY TO BLOEMFONTEIN OPEN The casualties were light on the British side, being reported at 50 in Lord Roberts' second dispatch, but the presentatives of the company were present from Winnipeg, Man., in the west, and Hallfax, N. S., in the east, March 6, and the enemy are holding will be great. The occupation of Bloem-Pont, on the south bank of the Orange moral effect of this fresh demonstration and from all the cities and principal the north bank of the river, but not, fontein is likely to follow this brilliant towns in Ontario. A number of interwas routed without a battle, as the Boer forces will not be able to make another stand in defense of the Free State capital.

ROBERTS IS ADROIT.

An interesting feature of Lord Roberts' two bulletins is his reference to the Guards Brigade, which is now at the front with the bulk of the army, but without Lord Methuen. That commander has been left behind at Kimberley, where he is acting as administrator of the district. Lord Roberts, after superseding him himself at Modder River station, has made a temporary appointment for him and taken him out of the fighting line. It was an adroit solution of a difficult ques-tion, and the sensitiveness of the privileged corps of the army has been respected.

TWENTY YEARS STANDING.

Troubles of a Norwich Farmer Who Was Relieved by Dodd's Kidney Pilis.

Norwich, March 5 .- For 20 years Mr. Wilbert Woodward, of Willow Dell, has suffered with backache. He grew so bad that he was confined to his bed two days out of a week. His farm suffered for the lack of the eye of its master, and Mr. Woodward made every effort to find a cure for his trouble. He says: "I bought everything

I ever heard of, but no cure.

Last fall I heard about Dodd's

Kidney Pills, and I bought three
boxes of each from Mr. Bannon, of Norwich, and I am happy to say they have done me more good than all the other medicines put together, that I got from the doctor. My wife takes Dodd's Kidney Pills also, for lame back and rheumatism, and finds them grand. I hope any person suffering as we did will try these remedies. I would willingly pay two dollars a box rather than be without Dodd's Kidney Pills in the house."

Labor Matters.

Ten thousand Italians have fermed an excavators' union in New York, to combat for the menial work of the new underground tunnel with the Laborers' Union Protective Society, 20,000 strong. The excavators ask 25 cents an hour for digging, while the Protective wants 30 cents.

The argument as Osgoode Hall, Toronto, in the case of the Massey-Harris Company against the Iron Molders' Union and its officers for an injunction to prevent the union from interfering with the men at work in the company's employ, was begun at Osgoode Hall yesterday. Mr. Watson, for the company, is endeavoring to place the responsibility for the strike and its management on the union. He wishes the individual members of the union held responsible and enjoined from interfering not only as individuals, but also as members of the union. Mr. Johston, Q.C., for the union, denies the right of the courts to enjoin it as a body.

The Strathcona Horse had a parade this morning to Parliament Square, Ottawa. There were many thousands on the grounds. Mrs. Borden, wife of the minister of militia, presented the guidons. Sir Wilfrid Laurier, in the name of the people of Canada, wished the troops success and a safe return. Hon. Dr. Borden, the governor-general and Sir Charles Tupper made brief speeches.

HANDSOME FLAG

Presented to the Strathcona Horse Brigade by the Citizens of Sudbury.

Ottawa, March 7 .- The Strathcona Horse Brigade was presented with a flag, on behalf of the people of Sudbury today, by Mr. J. B. Klock, M.P., in the presence of an immense gathering of citizens. Their Excellencies, Lord and Lady Minto were present. Hon. Mr. Borden, minister of mili-

tia, spoke briefly. He said: "I must congratulate this regiment upon its splendid appearance. I congratulate Canada upon having produced such men, and the empire upon possessing such a splendid corps. It is through the magnificent patriotism and splendid generosity of Lord Strathcona that this body of men is assembled in Ottawa today. The force, is a unique one. I do not know that In the whole history of the British Empire there exists an instance of generosity similar to that shown by Lord Strathcona. I am satisfied that Strathcona's Horse will carefully guard the flag which has been intrusted to them, and that they will never allow it to pass out of their hands. It is emblematical of everything that is good; the symbol of freedom throughout the world. You are going into a war which has been waged in the cause of freedom and equal rights to all. I wish you all Godspeed and a safe return. I am sure you will do honor to yourselves, and in so doing confer honor upon Canada."

WHIST.

In the City League whist games last evening, the Oregons defeated the East End Club by 11 points; the Orients defeated the Foresters by 47 points, and the Manhattans defeated the Belvideres by 59 points. These are the last games of the season, the Orients and Manhattans ending even. A deciding game will be played next week. Standing of the clubs:
