## FIVE SARNIA MEN UNDER SUSPICION

Jimmy Grannary Is One of Them—Must Appear Before O.H.A. Committee.

WILL MEET NEXT WEEK

Charges Against Toronto Teams Will Be Probed Further—Two Waterloo Players Reinstated.

Toronto, Dec. 20.—At the special meeting of the O. H. A. sub-committee last night several matters of importance were dealt with. The meeting did not adjourn until an early hour this morning.

The matter of charges preferred by E. J. Livingstone against the Parkdale Canoe Club hockey team, in which Livingstone said that he could prove professionalism, was dealt with briefly. The sub-committee did not consider Livingstone's retraction of the charges sufficient to drop the matter. He was suspended from the club and refused any further participation in the O. H. A. in any capacity until such time as he can make good his charges against the Parkdale club or apologize to that organization.

The investigation into the affairs of the Toronto Rowing Club was not concluded. Two players of the Waterloo Junior team, Wesselsch and Uffmann, were reinstated. The entire team was suspended last season on account of some of their number being over age.

A player named J. L. Schultz, who is a railroadman and has no permanent residence, asked for a ruling as to where he should play this season. Permission was given him to play with the Goderich team and no other.

Prout, Farlow, Dorr, Imbleau and Grannary, of the Sarnia Intermediates, will be asked to attend the next meeting of the sub-committee before they will be given certificates.

Another meeting of the sub-committee will be held next week.

## SARNIA WILL PLAY HERE CHRISTMAS NIGHT

Tunnel Town Team Will Also Play Kingston in Sarnia on Dec. 31.

[Special to The Advertiser.] Sarnia, Dec. 20.—Sarnia has completed the final arrangements for the first game of hockey that will be staged on the local rink this year. The long-distance telephone was the means of settling the matter with the Kingston Frontenacs, the fastest team of that city. They will play here on the last day of the year.

Although this will be the first appearance here of the new local team, it will be their third game of the year, as it is likely they will play in London on Christmas night. For the past five weeks the local lads have been training hard, and a few days on the "slippery" will make them fit to cross sticks with any team in their class.

## VANCOUVER BEAT NEW WESTMINSTER BY 5 TO 4

Game Was One of the Most Strenuous Battles Ever Played in the West.

[Canadian Press.] New Westminster, B. C., Dec. 20.—Defeating the New Westminster team on their own ice, the Vancouver All-Stars went into the lead in the Pacific coast hockey series, winning by a score of 5 to 4 in one of the most strenuous battles ever played in the west. Not until the final whistle blew was the issue decided, the Royals making one of their whirlwind finishes. Two minutes before the final whistle sounded the Royals were pressing hard, and shot after shot was rained on the Vancouver net.

## CITY LEAGUE GIVES OUT CERTIFICATES

Different Managers Are Raking City for Best Hockey Material.

TERMS MADE WITH RINK

Lots of Good Players in Town and Four Strong Teams Should Compose League This Year.

A brief meeting of the City Hockey League was held in the A. M. C. rooms last evening, when the certificates were handed out to the managers of the different teams. The certificates this year are different than last year's owing to the fact that the league is affiliated with the Northern Hockey League, and they are printed in duplicate. All the teams must have their men signed up by Jan. 1 in order to be able to play them in the league games.

There is considerable competition among the teams for players, and four of the strongest teams ever gathered in a City League in London will likely result. There is lots of good material in the city, and the team that captures the Advertiser cup this year will have to be 50 per cent. faster than the winners of last year.

The league has reached an agreement with the Simcoe street rink management, and the games will be played there this winter.

The following representatives of each team are signing up players: George Little, Liverpool; George Chantler, A. M. C.; Beattie Martin, Western University; Bert Perry, First Hussars.

## JACK JOHNSON WINS AMID HISSES OF CROWD

Farcical Bout Staged in Paris Last Night, in Which Johnson Hurts His Arm.

London, Dec. 19.—Jack Johnson, colored heavyweight champion of the world, outpointed Jim Johnson, second-rater, tonight, in a ten-round bout. The contest was decidedly farcical throughout, and the spectators showed their disapproval by hooting and hissing the two fighters.

In the fifth round the champion claimed he had injured his right arm, but continued to fight. Jack looked to be hog fat and altogether in very poor condition. Neither man showed any speed or skill at any period, but Johnson was undoubtedly superior in generalship and skill to his practically unknown opponent.

## ED. STEIN IS APPOINTED OFFICIAL SCORER AGAIN

President Samuel Stevely, of the London Canadian League Club, yesterday announced to The Advertiser exclusively that Ed. Stein will, for the season of 1914, be official scorer for the Canadian League games played in London.

The above announcement will receive the stamp of approval of every baseball fan in this city. Since the organization of the Canadian League, Alderman Ed. Stein has held down this position, and his work on the score book has never once been questioned. With the players' and shareholders' of the London team will hold their annual year-end meeting next week, the date as yet not having been decided upon.

## O.A.C. OF GUELPH HAS 35 O.H.A. MEN SIGNED

## Maybe We'll Get It Now

Winnipeg, Dec. 20.—Winnipeg's curling season has arrived, and five out of eight local clubs had ice last night.

PETROLEA CURLERS ELECT.

At a recent meeting of the Petrolia Curling Club the following officers were elected:

President—F. D. McDonald.  
Vice-President—Jas. Falconer, jun.  
Second Vice-President—Wm. Dunlop.  
Secretary—A. D. Catter.  
Treasurer—J. Draper.

## The Click of the Steel Shoe

Arthur Armstrong, who was with Peterboro seniors last year and former member of the Trenton team, has gone into business in Seneca Falls, N. Y., and will be out of hockey this year.

The Brantford O. H. A. juniors have arranged a game with the Norfolk of Simcoe to be played on New Year's night. The Telephone City team will endeavor to arrange a couple of other exhibition games meanwhile.

Ingersoll and London have been cut out of the Kingston senior Frontenacs itinerary owing to the inability of the players to remain away from home for an extended period. Games will be played on the trip as follows: Preston, Dec. 30; Sarnia, Dec. 31, and Detroit, Jan. 1 and 2.

Have you noticed the deathlike silence of Guelph, Galt, Brantford, Berlin and other Western Ontario towns? The matter of professional hockey? They gave it several thorough trials, but their experience was both expensive and conclusive. Hockey of the O. H. A. kind puts the "fly-by-nights" out of business.

The Hamilton club has had several requests from O. H. A. teams for exhibition games, but has been forced to pass up the majority. Almost every date or junior championship aspirations has sought the locals' scalps. The artificial ice is the attraction, there being no natural ice rinks ready for business.

# Russell

## KNIGHT

To make the Russell completely comfortable was our aim. That we have succeeded is shown by the wide-spread adoption of many features which we pioneered a year ago.

By a clever, exclusive arrangement, we utilize the heat of the exhaust gases to warm the tonneau. The value of this feature in our severe Canadian winter is apparent.

"I was at the rugby match at Ottawa," said a prominent owner of a Russell Six. "It was a bitter day. My friends could not see how we were able to sit in comfort in our open car, while they found it unbearably cold in their limousine. I explained the Russell Heating System—how by running the engine slowly the car was most comfortably warm the whole afternoon."

The Russell rear windshield, too, is a wonderful help in protecting the tonneau occupants from dust and biting winds. It is an original Russell feature—now widely copied.

Nothing less than complete comfort, as embodied in the Russell-Knight should satisfy. Russell owners—not merely pleased, but enthusiastic—have voluntarily written these fine letters.

## The Click of the Steel Shoe

St. Michael's is the surprise of the O. H. A. senior season, but there will probably be others of a similar nature. Various Toronto clubs have been claiming the services of players who have never got them until they sign their certificate," said a senior manager at the Arena.

The Orillia hockey team will make a tour of American cities in the week beginning Jan. 12. On the 13th and 14th they will play at Cleveland, Ohio, and on the 15th and 16th at Detroit. Other dates are being arranged.

## GRAN CALDWELL, THE FORMER BARRIE

hockey player and referee, is in Toronto after spending the summer in the west, with headquarters at Edmonton. Mr. Caldwell will be east until the end of January, and will referee some of the O. H. A. championship games.

That Neway Lalonde will once more play with the Canadians in the National Hockey Association, is now practically assured. It was stated last night on good authority that Lalonde, who had been one of the hold-outs of the flying Frenchmen, had come to terms with Manager George Kennedy, and will report to the club for practice.

The intermediate team of the Orillia hockey club have been placed under the management of Herb Caswell. Those whose names are mentioned as possible players are Johnston, Gordon McDonald, Lovering, Jupp, George Ross, Stiles, Halward, George Whitling, Armiston, Morley Carter, Howard Jebb, Perryman, Kay and Norman Harvie.

## SABOTAGE DEFINED.

A book on sabotage, just issued, says: "Sabotage is any conscious and wilful act on the part of one or more workers to slacken and reduce the output of production in the industrial field, or to restrict trade and reduce the profits in the commercial field. In better conditions, or to enforce those promised or maintain those already prevailing, when no other way of redress is open."

Gentlemen—

It may be of interest to you to know that I am very pleased with my Russell Knight "28," purchased from your Company last spring. All being well, I hope to have a second car of your make next year.

One cannot say too much of the comfort of your "28"; it surely has no superior, is a very smooth operating car and easy riding.

I desire to express my fullest recognition of the quality of the Russell-Knight Car, and bespeak for you continued success.

Gentlemen—

With reference to the Russell Model "28" purchased from you three months ago, I have driven the car about three thousand miles, and during the time I have had it I have not had a particle of trouble in any way.

The electric starter is a marvel, never having failed me once.

It is the seventh car I have had and needless to say, it is the best. Its finish and riding qualities are much admired by all who see and ride in it.

In my opinion the car is better than any other sold at the price.

Yours truly,  
(NAME ON REQUEST.)
