MR. VALENTINE ALLES The death of Mr. Valentine Alles, of 40 Charon street, occurred yesterday morning at 9:15 o'clock, after an illness of some time.

Another prank of the joyriders was enacted on Wednesday evening of Thursday morning. While the city was slumbering and at rest, Mr. R. Freischafer's car was taken out of a garage on Waterloo Street, and taken into the city.

The car with several others was in the garage, protected by doors. No signs of violence were shown on the doors or on the windows.

Northward Movement of Enemy Puzzles Experts in London. London, July 1.—The northward drive of the Austro-German armies from Galicia into Poland is daily becoming more formidable, and England is puzzled as to whether they propose to make their main effort in this direction instead of maintaining a concentrated offensive to the eastward to force the Russians out of the south-east tip of Galicia.

Whatever the ultimate object is, the fighting along the Galla Lipa has not abated, and this afternoon's Berlin official communication not only reports progress in this sector, but further north, in the area around Lemberg, as well as along which has now become the northern front, between the Vistula and Bug Rivers.

The Austro-German forces on this front are estimated at two million men, and the progress has been rapid. They have crossed the fortress fringing the Taney River and are not far from the Zamosce fort, 25 miles north of the Galician frontier.

Only a hundred miles to the north is the great Russian base, Brest-Litovsk, linked with Warsaw by important railways and lying almost due east of the Polish capital.

A minor naval engagement in the Baltic, in which a German torpedo boat was blown up by a Russian mine, is recorded in last night's Russian official report.

PRESIDENT WILSON CALLS ON COL. HOUSE. When Col. House returned from visiting the European Governments, he said he would not go to Washington to present a report. But President Wilson has gone to visit Col. House. The picture was taken at the latter's summer home at Roslyn, N.Y.

Dr. Harry Williams Killed In Office

Five Shots Are Fired By Man Named Holmes. Murderer Suicides.

HAMILTON, July 2nd.—Shortly before one o'clock today a man named Holmes, walked into the office of Dr. Harry Williams and fired five shots at him. Holmes then shot himself. Both men are dead.

Teak Ride in Auto

Another prank of the joyriders was enacted on Wednesday evening of Thursday morning. While the city was slumbering and at rest, Mr. R. Freischafer's car was taken out of a garage on Waterloo Street, and taken into the city.

The car with several others was in the garage, protected by doors. No signs of violence were shown on the doors or on the windows.

The theatres were well patronized, notwithstanding the warm weather, and record audiences were in attendance.

Resume of Weather For Month of June

The month of June was a peculiar one for weather eccentricities. On the 23rd the temperature ranged from 38 to 55 degrees, which was the lowest records in the history of the weather records for a period of 75 years.

The number of clear days during the month were only six—on the 1st, 5th, 6th, 16th, 27th and 28th.

The rainfall for the month was 2.56 inches, which was more than the amount in March, April and May combined.

The mean high temperature for the month was 71.76. The maximum temperature for the month occurred on the 14th—83.

The mean low temperature for the month was 48.55. The lowest temperature occurred on the 23rd—38.

Dominion Day is Celebrated Quietly

Crowds Visit Parks and Other Places and Berlin Presented Holiday Appearance Yesterday.

Dominion Day passed off quietly. Even the small boy with the fireworks was missing, and very few were heard of all day.

Victoria Park was visited by hundreds, and small picnic parties, with their lunches were everywhere in evidence.

The Board of Umpires, composed of Major W. H. E. Schmalz, (Grey Horse), Major Lochead and Captain R. W. Meikleham, N. D.

The companies were in charge of Captains A. Lockhart, W. H. Williams, F. E. Mackin and E. Cunningham, and Major Lochead was next to the Colonel commanding.

All the officers connected with the day's exercises were well pleased with the demonstration, realizing that it was a splendid way of impressing valuable lessons upon men and officers alike, on both sides.

The defending force arrived on the scene on Wednesday evening and slept on Mother Earth, with the blue canopy of Heaven as a roof.

Operations are now in progress in connection with the improvements and extension of Eymouth Harbor. The scheme has been promoted in order to still further facilitate fishing and shipping to that port.

Progress is being made by the South Yorkshire Collieries Company in developing coalfields in the Gowan Valley, and it is hoped that work will be found for 200 men at an early date.

THE WEATHER WEATHER REPORT JULY 1ST, 1915

Temperature at 9 a.m. 75. Maximum for 24 hours 79. Minimum for 24 hours 65. Weather—Clear. Rainfall—00

JULY 2ND, 1915 Temperature at 7 a.m. 69. Maximum for 24 hours 81. Minimum for 24 hours 61. Weather—Cloudy. Rainfall—00

After the dinner, the men lined up on the Athletic field where a long list of sports was started on. Considerable of the events had to be cancelled owing to lack of time.

These were substantial prizes for the winners. The Sports Committee was composed of Majors Lochead and Wendell and Captains Lockhart, Williams and MacLennan.

Military Operations On Around Town of Freeport

Grand River Town Scene of Military Operations Yesterday.

Freeport, July 1.—This little village on the Grand witnessed its first Dominion Day celebration to-day and the stir and excitement created by the presence of about 300 soldiers and Boy Scouts was a not unpleasant experience to the natives.

Freeport was the base of comprehensive military manoeuvres that embraced the territory between Berlin and Freeport, on a front about two miles in extent.

The attacking force was repulsed by the superior numbers of the 29th Regt. of Galt and Preston men, under Majors J. D. Clarke and A. Wendell.

The northerners left Berlin at 8 a.m. and were deployed about a mile on each side of the road branching off the main highway and leading toward Chiopee.

These were substantial prizes for the winners. The Sports Committee was composed of Majors Lochead and Wendell and Captains Lockhart, Williams and MacLennan.

In soccer, the Galt men won from Berlin in a close game by a 1-0 score, but in the baseball match between the officers of the 29th and those of the 108th the tables were turned, the latter nosing out ahead by a 16-15 score.

Other events were:— 100 yard dash.—W. Uffelmann (108), E. Howes (29); W. Schnarr (108), (Pte. A. Schnarr 100).

Boxing in barrels.—E. Howes (108). In the afternoon, the bugle band, 16 strong, under Sergt. Thomas, went to the Preston celebration and the tattoo at night drew nearly all the soldiers.

The officers were the best of providers. Sergt. Major W. E. Douglas is a veteran having joined 25 years in the army, part of the time being spent in India and in South Africa.

Quartermaster Sergeant Cordock (29) is another enthusiast. He served seven years with the west Kent in England. Scarlet fever prevented him going to the front in the African War.

Galt has a well trained corps of signallers. They helped materially in resisting the attack. Rev. J. W. J. Andrew, scout master, his assistant, R. Appleby, and thirty-two Scouts also held their field day sports on the flats.
