New York, June 29.—Political uncertainties seem to dominate stock speculation last week, and the influence became acute on Saturday, when the week's decline in prices was scored. The fall hasencouraged the idea that it was caused by raiding, and it is thought there will be a rally, declines of 2 to 4 per cent. being witnessed in the New York market. If foreign houses continue the policy of buying, it will be difficult to cover shorts without affecting an advance. This week's market is likely to be governed to a considerable extent by the political aspect, as connected with the assembling of the Democratic convention at Chicago July 7th. The Street has drifted into a despondency which hardly seems to be warranted by a calm survey of the situation. There is an impression that there is a luil at hand in regard to gold exports.

London, June 29, 4 p.m.—Gold is quoted at Buenos Ayres to-day at 192.50; at Madrid, 19.25; at Lisbon, 29; at Athens, 174; at Rome, 196.97½; bar silver, 31½ per ounce. The amount of bullion gone into the Bank of England on deposit to-day, \$100,000.

THE BOURSES.

By private wire to F. H. Butler, stock Chicago, June 29.-Wheat believers in etter prices were somewhat encouraged its morning. During the following hours there was a disposition to run from the tuff which will be delivered in a few ays. This gave a feeling of weakness, iz.: decrease of 959,000 bushels of wheat, hich helped the market decline; overroduction in all quarters and an uneasy seling over the final outlook caused a pressed feeling. There was selling of ily wheat by commission houses as well by Counselman and Weir; Schwartz, upee and Logan, Baldwin and Farnum, I took a hand in selling. Prominent St. ouis house had men on the floor engicering nore or less selling while sen-ational despatches about rain injury in tansas came over the wire. The silver care just now no doubt had its bearish

AN ERA OF DEPRESSION

In Manufacturing Circles in Pennsylvania-A Bad Outlook.

Pittsburg, Pa., June 29.-The annual depression in manufacturing circles has arrived. At McKeesport, with the exception of two mills in the Butt Weld department, the entire plant of the National Tube Works Company. the National Rolling Mills and the W. Dewe's Wood, Iron and Steel Mills are shut down, and 12,000 men are temporarily out of employment. The Braddock Wire Works, the largest of the plants of the consolidated Steel & Wire Co., followed the rulings of the Wire Nail Trust, and yesterday shut down, also the Beaver Falls mills. The suspension at the mills which closed yesterday affects 1,000 men, who will be idle until August. To-morrow the yearly scale of the Amalgamated Association expires, and a general shut down will follow if a decision on wages is not reached by that time This will throw 25,000 men out of employment in the tin plate mills, and twice as many in other departments.

Dr. D. M. Bye, Indianapolis, Ind.:—
Dear Brother,—Among the many things for which I am thankful is the fact that those cancerous tumors on my face are gone, and their removel is due to your remedies. I began their use on the 6th inst., and the last one came out on the 23rd. The one on my lip left a large opening, but both places seem to be healing nicely, in the use of mutton tallow.

Respectfully yours, REV. J. I. TAGGART. HE FAVORS THE OIL TREAT-

Rev. J. D. Matthews is the editor of the Baptist Visitor, printed at Clifton, Kansas. For many years he preached the Gospel in the Indian Territory as a missionary, but his afflictions became so unbearable that he abandoned his work on that line and became the editor of the above named paper. Read the clippings taken from a recent issue of his good paper. They tell what he thinks of the Combination Oil Cure. I am pretty sure he is a well man by "The lines in another column refer-

"I write in hope that other sufferers may be benefited by his remedies as have. 'Honor to whom honor is due.' He is, we think, an honest man and a Christian.

"If you are a sufferer, I only as you to give his remedies a trial.-[Ed.] We believe that Dr. Bye's remedies for cancer, tumor, old sores, etc., are all he claims them to be.

"I suffered for three years with an unruly tumor; suffered many things of many physicians, was operated upon in a sanitarium, grew worse and gave up hope. I tried Dr. Bye's remedies because I felt criminal if I did not try something—I had no faith in it, but can say I have received more benefit from his treatment than all others put together."

You might just as well try to blow around a weather vane as to help some people by pointing out the right way. They won't see it. Even if you prove to them that it's the easiest way, and the safest, and cheapest, they won't walk

But this isn't so with all. It's only a few, comparatively. We're not complaining.

There are millions of women who have seized on Pearline's way of washing—glad to save their labor, time, clothes, and money with it. Most women don't need much urging when they fully understand all the help that comes with Pearline. 500

RAPID MAIL DELIVERY. Washington, June 27.-The scheme for securing the immediate despatch of foreign mails arriving in New York harbor has been finally agreed upon, and will be put into immediate opera-tion. The North German Lloyds, the White Star, the Hamburg-American and the American steamship lines have agreed to bring lighters into service to take the mails off their own steamers at quarantine station, immediately on their arrival there, and deliver them in New York and Jersey City. This scheme will save six hours for the New York mail and twenty-four hours for outside points.

A FATAL TORNADO.

Chicago, Ill., June 28.—A special from Owensboro', Ky., savs:—West Louis-ville, a little town near here, was struck by a tornado at 2.30 o'clock yesterday afternoon. The house of C. L. Clark was wrecked, and Miss Pearl Hicks, who was visiting there, was instantly killed. Clark was knocked senseless, and will die. St. Alphonseus' Catholie Church, at St. Joseph, was completely destroyed. A great many residences were destroyed or badly damaged. It is impossible to get a complete list of the injured.

OUR MAIL.

Our mail brings us every day dozens of letters about Burdock Blood Bitters. Some

from merchants who want to buy it, some from people who want to know about it, and more from people who do know about it because they have tried it and been cured. One of them was from Mr. J. Gillan, B. A., 39 Gould Street, Toronto. Read how he writes:

GENTLEMEN, - During the winter of 1892 my blood became impure on account of the hearty food I ate in the cold weather. Ambition, energy and success forsook me, and all my efforts were in vain. My skin became yellow, my bowels became inactive, my liver was lumpy and hard, my eyes became inflamed, my appetite was gone, and the days and nights passed in unhappiness and restlessness

For some months I tried doctors' and patent medicines of every description, but received no benefit. Being advised by a friend to try B.B.B., I am glad to have the opportunity of testifying to the marvellous result. After using three bottles I felt much better, and when the fifth bottle was finished I enjoyed health in the greatest degree, and have done so from that day up to date. Therefore I have much pleasure in recommending B. B.B. to all poor suffering humanity who suffer from impure blood, which is the beginning and seat of all diseases. J. GILLIN, B.A., 39 Gould St., Toronto.
