

ONTARIO CITIES WERE SEARDED

FEDERAL CABINET, PREMIERS AND CAPITAL AND LABOR

To Meet and Consider Industrial Relations Recommendations

PROBABLY BEFORE HOUSE MEETS IN AUTUMN. (Special to The Record) OTTAWA, July 2.—A conference of provincial premiers, together with federal ministers and representatives of capital and labor, is likely to be the next step in the industrial relations inquiry. PROBABLY SUNDAY CARS THIS MONTH

A GALT CITIZEN SAYS THEY ARE COMING

That there will be Sunday cars on the Grand River Valley Railway between this city and Galt this month is the prediction of a Galt citizen as expressed in a conversation with the Record.

In reviewing the situation the visitor said that Galt is not opposed to Sunday cars but that the difficulty in that city is the fact that the city wishes the railway company to assume a share of the proposed pavement on Water Street in Galt.

The Lake Erie and Northern cars on Sundays run up to Water Street and then by a private right of way to the C.P.R. freight shed which is not far in the rear of the Inco Hotel, where in the Sunday terminal.

Will Look Into Matter. Regarding the question of half hourly cars at certain hours of the day to take care of the extra number of passengers leaving the city at the respective hours, specifically between four and six o'clock in the afternoon, equity was made of Mr. N. M. Davidson, president of the Board of Trade.

Mr. Davidson said that while no investigation had as yet been made something would be done to look into the matter so as to ascertain the necessary facts and data. Mr. A. S. Capwell also, of

ADDED TO BOARD OF BIG MONTREAL FIRM. Mulock, Jr., both Toronto men, who were added to the board of the Ames, Holden, McCready Co. Limited, Montreal.

When a conference is called by the federal government, what are the chances of agreement? Such an agreement is recognized as practically essential, for lack of uniformity in industrial laws leads to discrimination and even greater unrest, both against employers and employed.

In the afternoon there were games and amusements for the youngsters while the older ones glad to have a chat with one another again. Refreshments were served all day and everybody surely had their fill of ice cream and lemonade.

After a hearty supper the crowd went home feeling tired but happy and hoping for another such gathering in this world or the next.

The following was the address that was read on the occasion:— Dominion Day, 1919. To Joseph Musselman Esq., and His Dear Wife.

poverty nor riches," and the answer to that prayer has been realized in your life. You are happily able to look back upon a life well spent and now in your later years you have what Shakespeare says should accompany old age, namely: "Honor, love, obedience and troops of friends." Not only have you enjoyed good health both of mind and body but you have enjoyed year by year the satisfaction that comes from faith in the teachings of Christ—a faith that affords happiness in this life as well as an assurance of felicity as the life to come.

To show our love and respect for you we ask you to accept these small tokens "not for their value but as a remembrance of this day. We are your loved ones.

RUMORS ABOUT BUILDING PLANS

Mr. J. Kaufman Asked about the Same

Mr. J. Kaufman who has returned from Trout Creek where he has in operation a sawmill and charcoal plant and in conversation with the Record stated that everything is booming. At the present time a large gang of men are busily employed laying 13 miles of track and when this is completed the facilities for handling the product used at the plant will be greatly improved.

In answer to a question as to what use the present building which is under construction just off Queen St. would be utilized for Mr. Kaufman said nothing definite had as yet been decided. This building which is of reinforced concrete is 100 feet by 105 feet and one story high with basement. It was started some two years ago but owing to the high cost of material the work was not proceeded with until lately but it is fully expected it will be completed in the course of two or three months.

The building when finished will be suitable for manufacturing purposes but just what concern will locate there is not definitely known.

Asked as to whether there was anything in the rumor that the Lego building contemplated by Mr. Kaufman for the corner of King and Water streets would be erected in the near future Mr. Kaufman had nothing to say. He gave out the information that an addition would be built to the present Kaufman Rubber factory on King street early next year.

In regard to the rumor that a large tire factory was to be built on the property recently purchased by Mr. A.R. Kaufman from Mr. Jansen Mr. Kaufman had nothing to say for publication, he not being actively interested.

Will Consider Underwriter's report. Regarding the report by the Underwriters Inspector on the city water pressure and the fire department which the official says he found unsatisfactory the same will be taken up at the next meeting of the Fire and Light Committee it is understood.

ANOTHER PEACE MEMORIAL HELD

The public again celebrated the formal ending of the war. It was on Monday evening that the big parade took place.

Led by members of the local branch of the G.W.V.A., a procession, was held on King street, the starting point being the city square. Most of the men who were in the parade were in uniform and among them were some former officers. As the parade proceeded down the street other citizens with automobiles fell into line. There were the usual clowns and the toots and horns. The din on the streets indicated the feelings of joy that the end of the world's nightmare had come. The sidewalks and the streets were lined with many hundreds of people.

Rev. Mr. Lang Ford spoke briefly. He also paid tribute to the women of Canada. He further mentioned the fact that the people of the allied nations should be thankful to the Allied military leaders, particularly Marshal Foch. What a painful recollection it had been to think of the dark days of 1918 when the allied forces were being pressed by the enemy and when people were clamoring for action by Foch, who however, calmly replied the hour for striking had not yet come. But soon it did come and like the preceding reverend gentleman, said that there must be practiced the principles of Jesus Christ. As long as these were carried out there would be international peace. It was when they were violated that the peace of the world was disturbed. Mr. Lang Ford said he hoped to see the German

GERMANY AWAITS INFORMATION

BEFORE ITS ASSEMBLY RATIFIES TREATY

BERLIN, July 2.—The Allgemeine Zeitung stated that it is authoritatively announced that no definite steps have as yet been taken by Germany for a speedy ratification of the peace treaty, presumably for the reason, that a number of preliminary questions, particularly those exactly fixing the new frontiers in the regions to be ceded to other nations, have not yet been determined.

CALGARY GRATUITY BEEN RENAMED AND TO BE PRESSED

NOW CALLED SOLDIERS' RE-ESTABLISHMENT BONUS.

(Special to The Record.) VANCOUVER, B.C., July 2.—Under a new name, having been rechristened the Canadian Soldiers Re-establishment Bonus and with a broader meaning, what was formerly known as the Calgary Resolution, is slated for debate in the convention to-day.

This subject is the one big topic. Speculation is rife as to its fate. Many formerly opposed to this gratuity are being drawn into the fold of supporters, partly due to a decision to drop the name Calgary and use a national designation. Also because of the arguments used that the adoption of the plan will considerably reduce the cost of the re-establishment system.

A straw vote among the supporters indicates that the resolution may carry. No effort is being spared by its supporters to remove every shadow of a doubt. Ontario is gaining support and has passed the fifty-fifty plan. Many branches who had previously opposed it, writing their delegates to support it.

Naturally the best organized delegation is from Alberta, accompanied by many members of the association from the same province, who are fervently opposed to it, writing their delegates to support it.

TORONTO LEADERS GIVE APPROVAL TO IND. REPORT

THOUGH IT WILL BE DIFFICULT TO EMBODY IT IN LEGISLATION.

(Special to The Record.) TORONTO, July 2.—There is general approval of the principles contained in the Industrial Relations Commission's report from all sides representing capital, labor and the church in Toronto, to-day. But the approval is tempered in certain quarters with the view that, while the report is sound on general principles, it may prove very difficult to adapt them to everyday practice, working legislation.

Labor leaders interviewed say that the report is a step in advance in labor legislation but was necessarily founded on a somewhat general and hasty survey of the industrial conditions in Canada.

The views of a number of manufacturers on the subject is summarized in the statement that the report was expected but that the working details must necessarily be known before an opinion ought to be expressed. The Methodist Church, which has received some criticism for the expression of views on industrial relations, claims that the report is a complete vindication and justification for the views expressed by its leaders.

CROP REPORTS ARE ENCOURAGING

A Trip Through the District South-west of the City

As the guest of Mr. Riffer, Mr. John F. McKay, the sage of South Queen Street, motored to Petersburg, Shingleton, Wilmet Center and Baden yesterday. He returned delighted with the crop prospects.

In the section Waterloo County covered, the hay will run from 2 1/2 to 3 tons per acre. The wheat stand is heavy. Not a poor field was seen. It should, in Mr. McKay's opinion, run 40 bushels to the acre. And some of it will be ready to cut next week. Barley and oats are looking fine.

So delighted were they with the smiling farms that they doubt whether men enough will be available to harvest the crops and if there are whether the barns will hold them.

THREE ARMIES BEEN ORGANIZED IN TURKEY

PEACEMAKERS FEAR ARMED CONFLICT

PARIS, July 2.—The Turkish situation is giving the peace conference much uneasiness. Reports received here indicate that there have been organized in Asiatic Turkey three Turkish armies, whose generals refuse to obey orders from Constantinople. (These armies are concentrated at Amasia, Balikesir and Konia). The Turks at Konia are threatening the Italians, while those at Balikesir are opposing the Greeks.

As the position of Constantinople has been much weakened by the refusal of the conference to consider, immediately, the proposals from the Turkish delegates, it is feared independent movements will develop throughout Asia Minor.
