Failed to Start the Graveyard-Didn't Want to Know

[Copyright, 1892, by Charles B. Lewis.] IT MUST COME. - We shall have we shall have to shoot him stone dead. We have sought to dodge the issue in every possible way, but it will not be dodged. Two years ago, when he was appointed, we stated that he was teetotalw unfit for the position and ought to refuse it. It wasn't three months before we had to shoot him in the shoulder in Gila City with some rustlers. the interests of our subscribers. Four months later we felt it our duty to shoot him again to expedite the mail service. Ninety days since we got the drop on him again, and but for his promises of nim again, and but for his promises of reform we should have created a vacancy in the postal service. Saturday last we received a score of complaints from sub-scribers regarding the non-arrival of their scribers regarding the non-arrival of their papers. The package for Lone Tree had not reached that office at all. Clinch Valley was sixteen papers short. Of eighteen papers sent to Turkey Bend only eight went through. We called at the postoffice to m ke our statement and ask for an explanation, but the postmas-ter refused to see us. He sent out word that he was running that shebang, and if we didn't like his style we could move on to the next town. He also added that if we came prancing around again he should open on us through the general delivery

window with two six shooters.

Saturday evening we called a meeting at The Kicker office, which was attended by twenty-two of our most prominent citizens. We made our statement of the case, and after considerable discussion the following resolution was presented Judge Baxter and unan

editor of The Kicker, as a man, a citizen, and an editor, to shoot the postmaster on

We do n t wish to rush affairs of this owe a solemn duty to our subscribers, and we shall not shi k it. When a person subscribes for The Kicker we guarantee to get it to him regularly every week, even if we have to clean out two or three postoffices to do it. Should the postmaster call at this office and make reasonable excuses and promise better things for the future we should probably be inclined to leniency, but if he doesn't show up within a day or two there will either be a new editor of this paper or a new postmaster in the shanty on Apache avenue.

Sept. 1 each subscriber to The Kicker will receive as a souvenir a beautiful lithograph 8 by 12 in size, of our private graveyard by moonlight. The cut herewith published does not begin to do the hthograph justice. There are ten graves in all, two on each side of the main walk. The whole lot is a beautiful grass plat. With trees, shrubs and flowers in profusion, and a white picket fence surrounding the lot. The total cost up to date has been about \$1,000, but tourists who have traveled in every country declare that they have seen nothing to begin with it. We believe there is an editor somewhere in Idaho who has a private graveyard with three graves in it, but we have been told that he killed his victims with a pickax while they were drunk. with a pickax while they were drunk.

Sunday afternoon we sent a copy of the res lution to the postmaster and asked him to get his official affairs in shape as soon as possible, and Monday morning we telegrap ed Mr. Wanamaker that there would probably be a vacancy to fill before the week was ended. We owe a solemn duty to our subscribers, and we shall not shi k it. When a person board.
