

Vapo-Cresolene
Established 1879
**Whooping Cough, Croup, Bronchitis
Cough, Grip, Asthma, Diphtheria**
Cresolene is a boon to Asthmatics
Does it not seem more effective to breathe in a
remedy to cure disease of the breathing organs
than to take the remedy into the stomach?
It cures because the air rendered strongly anti-
septic is carried over the diseased surface with
every breath, giving prolonged and constant treat-
ment. It is invaluable to mothers with small
children.
Those of a consumptive
tendency find immediate
relief from coughs or in-
flamed conditions of the
throat.

WATFORD, NOV. 29, 1907.
A Woolly Suggestion.
We are the men of the Northern
Zone; and yet we send to Scotland
and the north of Ireland and west of
England for our frieze, and our tweed,
and our serge, and our cloths general-
ly with which to clothe ourselves in
winter.
And yet the Northern Zone swarms
with fur-bearing animals—the weasel,
the coon, the groundhog, the squirrel,
the fox, the mink, the Alaskan sable,
and further north the deer, the wolf,
the bear, the beaver the muskrat, the
lynx, the wolverine, the wildcat, and a
host of others, and one of which will
furnish a picturesque, a beautiful, and
a storm-defying raiment. And yet
furs here in Canada are the exception
to the rule. True, the hack driver has
his coonskin, and the teamster his bul-
skin coat, and here and there you will
see a Persian lamb; but our people
depend upon fabrics to protect them
from our Canadian winter—frosty, but
kindly.
I have often read of the peasant of
Europe and their sheepskin coats.
Some people fancy that a sheepskin
coat is a badge of serfdom; but I saw
a Polack lady the other day wearing
one, and it was all right. It isn't ne-
cessary that the sheepskin coat should
be either germinous or verminous in
this country. I believe that if some
enterprising Canuck would make the
sheepskin coat artistic, shapely, at-
tractive, and drossy, that there is a
fortune awaiting him and a future in
store for the coat.—The Khan.

Buy Early.
Christmas is coming. It will be
here before you are ready for it. It
is inevitable and must be provided for.
You may as well make your purchases
now as a month hence. In fact it
will be a great deal better for you, for
those who are going to get what you
buy, for the merchants and for the
stores who sell your goods, if you buy
early when the stocks are full—when
every line gives the greatest possible
choice; when the goods are not mussed
by handling; when you can get
exactly what you want, when the
clerks have ample time to wait on you
and show you the stock, and when
you may have your purchases deliv-
ered and stored away, all ready for the
great event.
It is well that you should look after
your family and friends at Christmas
time; it is better that you should, in
addition, seek to soften the hard job
of the clerks who sell Christmas goods
by buying early. And when you can
do that and at the same time do your-
self a good turn, it will be rather odd
if you do not extend your good-will
towards man to the hard-working
clerk and the merchant who is cater-
ing to your Christmas needs.
Do yourself a good turn, gentle
reader, and you will be doing a good
turn for others as well.

Fits Your Case Exactly.
You know how you feel—blue, sickly and
heavy. Each morning you waken in a dull
"dopy" condition and wish it were night
again. Your liver is wrong and needs fix-
ing with Dr. Hamilton's Pills; they do
cure all liver ills. At once the system is
relieved of poisons, blood is enriched and
purified, appetite increases and digestion
picks up. Health and vigor return because
Dr. Hamilton's Pills make the body proof
against weakness and disease. For your
liver, your kidneys, your stomach, for the
sake of your looks and feelings, try Dr.
Hamilton's Pills, 25c per box at any deal-

Work Treatment in Disease.
Some interesting experiments con-
ducted at the state institution at
Mauer Oehling have completely dem-
onstrated the great value of work as a
means of healing in various forms of
chronic illness, especially in mental
and nervous disorders, alcoholism and
epilepsy, says the Vienna correspon-
dent of the Pall Mall Gazette.
Under the supervision of Dr. Star-
hnger, the chief of the institution, no
less than 54 per cent. of the patients
are engaged in some kind of occupa-
tion. The majority are employed in
farm dairy and garden work, while
others turn their attention to mechani-
cal trades, including the production
of a newspaper, which is printed and
also largely written by the inmates.
It has been found that patients
mentally affected and those suffering
from alcoholism make the most willing
and efficient workers. Work has a
quieting influence and renders the
patients much more satisfied.
The favorable effect on their physi-
cal condition is shown from the fact
that the number of deaths from tuber-
culosis have steadily decreased since
the introduction of the work treat-
ment, although the number of patients
has constantly increased.
One other good effect of the work
treatment is that the general public
are found to lose much of their dread
of asylums when they see the patients
engaged in some useful occupation.

World's Most Powerful Light.
The world's most powerful light will
be attached to the tower of the new Lack-
awanna station at Hoboken, N. J., and
will rate at no less than a million and a
half candle power.
The most striking feature of the ex-
terior lighting, and one which will make
this tower the most conspicuous object at
night on the entire North River water-
front, will be a cluster of 49 flaming arc
lamps, which will be arranged in series
within a single globe 6 feet in diameter,
each arc consuming 16 amperes at 2,300
volts. It is estimated that a candle power
of 1,500,000 will be reached. This
will unquestionably be the most power-
ful light ever produced from a single fix-
ture. The globe will be suspended from
the upper part of the tower. Besides be-
ing the most impressive spectacle, this
experiment will prove of no little com-
mercial value in demonstrating the possi-
bility of lighting large open spaces with
exceedingly high candle power units
placed at a proportionately great distance
above the illuminated surface.

BOVRIL
the kitchen
economist

Much of the left-over food you now
throw out can be turned into deli-
cious dishes by the addition of a
little Bovril.
It gives warmed-over meats the
juiciness of the original cooking.
It gives body and strength to soups
and gravies.
It gives a delicious, piquant flavor to
cold meats and hashes.
Every day you will find Bovril a help
and an economy in your kitchen.
Bovril contains the essence, flavor
and nutrient substance of the very
best beef. It gives strength and
nourishment to the weak and help-
fulness and economy to the cook.

The Manly Habit.
"I've heard a good deal in my time
about the foolishness of hens, but when
it comes to right-down, plumb foolish-
ness, give me a rooster every time. He's
always strutting and stretching and crow-
ing and bragging about things with which
he had nothing to do. When the sun
rises, you'd think he'd be making all the
light, instead of all the noise; when the
farmer's wife throws the scraps in the
hen yard, he crows as if he was the
provider for the whole farmyard and was
asking a blessing on the food; when he
meets another rooster, he crows; and
when the other rooster licks him, he
crows; and so he keeps it up straight
through the day. He even wakes up
during the night and crows a little on
general principles. But when you hear
from a hen, she's laid an egg, and she
don't make a great deal of noise about
it, either."

A Costly Kick.
Hamilton, Nov. 20.—At the police
court this morning Christopher Arm-
strong, a member of the Lancaashire As-
sociation football team, charged Samuel
Dutton, a member of the Westinghouse
team, with assault. The alleged offense
was committed during the progress of a
game played on Nov. 9th, several of
Armstrong's teeth being knocked out.
Dutton claimed that it was an accident,
and that he was kicking at the ball, when
he accidentally kicked Armstrong in the
face. The magistrate did not believe
him, and imposed a fine of \$50. The al-
ternative being two months in jail.

Learn Dress-Making By Mail
in your spare time at home, or
TAKE A PERSONAL COURSE AT SCHOOL
To enable all to learn we teach on cash
or installment plan. We also teach a per-
sonal class at school once a month. Class
commencing last Tuesday of each month.
These lessons teach how to cut, fit and
put together any garment from the plainest
shirt waist suit, to the most elaborate dress.
The whole family can learn from one course.
We have taught over seven thousand dress-
making, and guarantee to give one hundred
dollars to any one that cannot learn between
the age of 14 and 40. You cannot learn
dress making as thorough as this course
teaches if you work in shops for years.
Beware of imitations as we employ no one
outside the school. This is the only ex-
perienced Dress Cutting School in Canada,
and excelled by none in any other country.
Write at once for particulars, as we have
out our rate one third for a short time.
Address:—
SANDERS' DRESS-CUTTING SCHOOL,
31 Erie St., Stratford, Ont., Canada.
WANTED AT ONCE—We have decided to in-
struct and employ a number of smart young ladies
to teach our course in dressmaking, having one
teacher for the six nearest towns where they live—
ages 20 to 35. Those who have worked at dressmak-
ing preferred. Please do not apply unless you can
devote your whole time. Address—

with
Beaver Flour
Since 1845, we have been learning how to make BEAVER
FLOUR better. And we know how to make it the best
flour in Canada.
Instead of using only one kind of wheat—and bleaching
and electrifying the flour—we blend two kinds of wheat.
Over half a century of milling taught us that no one kind
of wheat can make perfect flour. Fall-wheat lacks nutri-
ment—spring wheat lacks lightness and whiteness.
So we take just so much Ontario Fall Wheat and thus get
ALL the nutriment—ALL the food properties—and ALL
the whiteness, lightness and deliciousness of both kinds of
wheat.
That is why BEAVER FLOUR makes the most nutritious
bread and biscuits,—and the lightest, most inviting and
tastiest cakes, pies and pastry.
