

THE INFALLIBLE REMEDY IN

Holloway's Ointment.

ERYSIPELAS of eight years cured!
Copy of a Letter from Geo. Sinclair, Esq.,
Paris, Canada, dated the 18th July
1854.

To Professor Holloway.

Sir, I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your infallible Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around me—so severe was the attack. I used several repaid remedies without deriving the least benefit to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully,
(Signed) Geo. Sinclair

ULCERS in the Leg—Remarkable Cure!
Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway.

Sir—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg, in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty; a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mending the agonies she endured. At length she had recourse to your Ointment and Pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obt. Serv.
(Signed) EDWARD TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!!

Copy of a Letter from Mr. Henry Malden of Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway.

Sir—My wife suffered most severely after the birth of our last child in a bad breast. There were several holes in it, one as large as a hand; all the doctors and surgeons I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your ointment and pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected.

I am, Sir, yours truly,
(Signed) HENRY MALDEN

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chiefo-foot
Bad Breasts	Chilblains
Burns	Chapped hands
Blisters	Corns (soft)
Bite of Mosquitoes	Cancers
Coco-bay	Contracted and Stiff Joints
Croup	Fistulas
Scoury	Glandular Swelling
Sore Heads	Piles
Tumours	Rheumatism
Ulcers	Scalds
Wounds	Sore Nipples
Yaws

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Liver, Gout, Hæmorrhoids, Irritability, Inflammation, Headache, Pains in the Breast, Side, Back, and Limbs. Female complaints, &c. Induced, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effective Cathartic were more freely used. No person can feel well while a course of habit of low vitality, leading to constipation, and other fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is the true of Ayer's Pills, which are a reliable family physic, and of the first importance to the public health, and this Pill has been perfected with consummate skill, and first class ingredients. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of exalted position and character as to the fact of the cure of the patient.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

Dr. J. C. Ayer, the distinguished Surgeon of New York City.

Dr. A. A. Hayes, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

Dr. L. Moore, M. D., an eminent Surgeon and Physician of this City, who has long used them in his extensive practice.

Dr. C. S. Smith, Esq., one of the first surgeons in New York City.

Dr. A. Davis, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Dr. J. C. Ayer, the distinguished Surgeon of New York City.

One for \$1,000, payable 1st Nov. 1854.

One for \$333 33 do 1855.

One for \$333 33 do 1856.

One for \$333 33 do 1857.

with interest; as I have said the above named notes, as per said Small's receipt held by me, and dated 16th Dec. 1853.

STEPHEN D. BRADBURY.

Grand Manan, Oct. 27, 1854. 6ip

THE CHEST.

Sir Astley Cooper, Bart., M. D.

THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS Great Preventative of Consumption, AND

A PAILING CURE FOR PULMONARY DISEASES WITHOUT THE USE OF MEDICINES.

A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST

PROTECTOR.

To all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.

"The Protector" is a chemically prepared fur, lined with silk and padded, which, when put on the neck, covers the chest, in a agreeable manner, that, once worn, it becomes a necessity and a comfort.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadian, South America, and the West Indies. It has for a long time been a staple article in England and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctors of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co. of London, and Manchester, England, were originally entrusted with the manufacture of the Protector, by the eminent Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protector" to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, and no Patent Medicine.

RETAIL PRICES.

Gent's Size, \$1.50 each
