It is likely after the taste our young people have had of rink skating this winter, that they will be contented with the present accommodations.

We should like to see a good rink established, as it adds considerably to the attractions of the town.

The following from an American Journal, in commenting upon failure of the banks last heavily expressed an unsatisfactory condition of banking affairs, that it is by no means probable that the United States, and suggests a remedy that will recommend itself to all good business men:

Each bank flattered itself with the pleasing delusion that it possessed a remarkably valuable and liberal customer, who was trading considerably within the limits of his means; but at the final disbursement each was obliged to find that sundry other banks had similar accounts and that the sum total of bank deposits was perhaps fivefold the value of the assets of any one bank.

Rev. J. S. Addy, Wesleyan Sunday school teacher, died at Yorkmouth on Tuesday evening, 6th inst., of paralysis. He was on this circuit during the confidential period some years ago, and was a kindly nature, as well as his ability as a preacher secured him many warm friends. He was born in Sheffield, Eng., and came out to this continent in 1826, landing first at Carboneau, N.B., twenty-one years ago. He has resided in the Province, and up to the time of his being placed on the Superintendency list in 1878 he occupied nine circuits. After he became a minister, he was always ready to conduct services whenever required. His physique was very vigorous, and he was, in fact, first, that it would enable him to recover from his last illness; but it was not to be. He left a wife, three children, and a second wife, his first spouse, having died some years ago.

By some means the result of the election held in Ward No. 1, on Dec. 21st, to supply the vacancy in the re-1,000 miles of the commercial cable, created by the death of F. A. Margeson Esq., of Margate, was in January 1884, by any of our correspondents, consequently we did not publish it before, being unacquainted with the facts. The election was held for the purpose of electing two Councilors, nor or until the next general municipal election, and it was deemed expedient to communicate with the Attorney General, who decided that the Ward was entitled to the double representation at the present time. Under this general election three gentlemen having been nominated, Messrs. Wm. Roy of Margate, and John P. Jones of Melvern Square, resulting in the election of the two first, Mr. Phinney being the pole. Mr. Jacques was 34 votes behind Mr. Ray.
