THE GAZETTE is now Published by the Montreal Printing and Publishing Company, and no expense is spared to make it what it claims to be—"The Journal of the Dominion of Canada."

It contains all the latest news by mail and telegraph. It contains more reading matter than any other daily paper in the Dominion.

It contains correspondence from all parts of the world.

Read what other papers think about it. The Quebec News says:—

The Montreal Gazette.—Our cotemporary comes to us clothed in a new dress, and in a complete change of typographical appearance. The proprietorship has lately been merged into a joint-stock company, though Messrs. Lowe & Chamberlin remain the leading spirits of the enterprise. It is now, as it has been all along, one of the ablest conducted sheets in the Province, and is, without exception, the only newspaper in the proper sense of the term, that we can boast of. Its typographical appearance is really beautiful, and the very large quantity of reading matter it contains will make it most acceptable to its patrons. We doubt, however, if Montreal has sufficiently advanced in wealth and intelligence to make such an enterprise a success. We have been anxious to try the experiment all along but found it wouldn't pay. We wish our cotemporary every prosperity, and hope it is the beginning of a new era in journalism in the Dominion.

The London *Evening Advertiser* is very nearly as complimentary thus noticing *The Gazette* in its new form:—

The *Montreal Gazette* appears in an entirely new dress, and is, we think, the handsomest sheet in the Dominion of Canada. As the type is small, though sharp and distinct, a very large amount of reading matter is given in each issue. Placard types are eschewed, the advertisements being set up in a neat, compressed style. The typography of the paper has a thorough English appearance. We have often thought of adopting a stringent rule with regard to the hand-bill advertisements which disfigure newspapers, and probably shall do so ere long. Where all announcements are displayed in black letter, what advantage has one merchant over another? Where all the advertisements are neatly and compressedly displayed, no person can complain, and the advertisements are certain to be more widely read. The *Gazette* is about the size of the *Evening Advertiser*, which is another proof—if proof were needed—that a superfluity of waste paper is no indication of influence or status. The *Gazette* is published under the auspices of a joint-stock company, numbering among its members leading capitalists, literary men, heads of the mechanical departments, etc. The *Gazette* has long been the leading paper of Montreal, and under the present arrangements will take a first place among the press of the Dominion. We wish our cotemporary every success, and we hope its enterprise may prove abundantly remunerative.

The Dundas *Courier* wishes success to the new enterprise in the following handsome terms:—

Montreal Gazette.—Quite a transformation has lately taken place in the appearance and general conduct of this well-known journal. In the first place, the hand-bill form of displaying advertisements is entirely discarded, and the old country style adopted, of condensing them in the smallest space, and, at the same time, so classifying them that they are much easier found out. By this means more room is given for general reading matter. In the second place, it is published on the co-operative system, under the name of the "Montreal Printing and Publishing Company." The company comprises the firms of Lowe & Chamberlin, Longmoore & Co., together with "assistant editors, reporters, the heads of the printing and press departments, a number of literary men and a few friends." By this combination the *Gazette* must become a power in the new Dominion, and will, in all probability, prove to be in Canada what the *Times* is in England, the leader of public opinion. In addition to all these advantages, the price has been reduced to a penny, and arrangements are to be such that the paper can be had at all the principal points in the Dominion. To mail subscribers, the advance price of the *Daily* has been reduced to \$5. The *Gazette* has always, in dealing with public questions, taken a higher tone than most other leading journals in the Province, and we doubt not that under the new order of things no falling off in this respect need be feared. We wish the new enterprise the greatest possible measure of success.

These are only a few of the notices which have appeared in the papers all over the British Provinces, but may be taken as a sample of the others.

Registered letters at the risk of the Publishers.

All business communications to be addressed to the Secretary of the Montreal Printing and Publishing Company, Montreal.

All newspapers copying this advertisement for one year will be furnished with the *Daily Gazette* for the same time as an exchange, on receipt of the paper containing the notice.
