The Record of a Year.

During the past 12 months we have filled 4,312 prescriptions. As far as we can learn this is fully three-quarters of all those written by the Physicians here during the year. Our large prescription business has not come by chance. First-class drugs, careful service, and fair prices are responsible for it.

We ship goods by mail to all parts of the Province. A trial of our Mail Order Department will convince you of the convenience we offer in this way.
