

AN OPPORTUNITY FOR EDUCATION

Which should interest all ambitious young men from the farm. Obtain a college education by attending the

Ontario Agricultural College Guelph, Ontario

Some points you should know—

A college course at the O. A. C. is much less expensive than at most other institutions.

We admit as students young men of ordinary public school education. Matriculation standing is not required.

The college closes April 15th, allowing students five months during the spring and summer months for work on their own farms. During this period many students earn sufficient money to defray a large part of the expense of the following year.

The Associate Diploma is granted to students who successfully complete the two-year course. The degree of B.S.A. is conferred upon graduates at the end of four years by the University of Toronto.

The two-year course efficiently prepares young men for a practical and profitable life on the farm. The four-year course prepares them for various positions in the Government service as investigators, inspectors, etc.
