## THE TORONTO GLOBE :

"Fame has come tardily to him (the author), but it is likely to be enduring fame, for he has added another figure to the immortal circle of people we meet in books. David Harum is one of those rare creations in fiction, so vital, original and perennially interesting as to become traditional. . . . Mr. Westcott in delineating an individual of this type, with so fine an appreciation of its salient qualities, has achieved a great thing for American literature."

## THE CHRISTIAN GUARDIAN :

"David Harum has come to take his place in the gallery of friends to every reader who has human nature enough to appreciate a whole-souled man. . . . His quaint, illustrative way of expressing himself makes him a most entertaining companion. It is a long time since we read a book with so much originality and vivacity in conversation. David Harum is one of the cleanest, cleverest, and most exquisite literary portraits ever drawn in America."

Appendix—*What the Ritualists Teach.*

THIS book, favoured with a two-column review in the *Methodist Recorder*, of London, England, lays bare the schemes and principles, the dishonesties and deceit of the men who have been doing their utmost to lead the English people back to Rome. Such names as Newman, Ward, Keble, Pusey and Manning have given a bad eminence to the deliberate and atrocious attempt. Of Ward, his biographer says that he stayed for years in the Church of England for the sole purpose of bringing over a greater number to Rome. Known as Tractarians, Puseyites, Ritualists, they have been the distress and danger of the Church of England. Our author, from their own documents, reveals their spirit and devices. Dealing with the secret societies of the Ritualists, the Society of the Holy Cross, the Confraternity of the Blessed Sacrament, the Guild of All Souls, the Order of the Holy Redeemer, the Order of Corporate Reunion, and others, he exposes the Jesuitical attempts to carry over the Church by individuals, and if possible to carry it over solid. Quoting from their literature, he displays such gems as: "The Catholic Church is always in time (as well as in degree) before the Bible," "Bible Christianity is an invention of the devil," "The mass is not one sacrifice and Calvary another. It is the same sacrifice," "Learn to perceive Almighty God concealed for you in his priests," "The book is profitable reading, and will help to stay the Romeward movement in England."
