

Let us watch and be sober.
1 Thess. v. 6.

ASSOCIATION NOTES.

THERE were twenty young men present at the Beginner's meeting last Sunday morning.

THE painting and cleaning of our Hall is almost finished. The improvement in appearance is great.

It is expected that F. Schivera, will conduct a series of Evangelistic services in our Hall during November.

NOON Prayer Meeting daily. Our members are cordially invited even although they can only stay a few minutes.

ARRANGEMENTS are being made with the Schubert Quartette to give two concerts under the auspices of our Association.

WE are glad to welcome back T. S. Cole, Provincial Travelling Secretary, who has been making a short visit at his old home in England.

THE next three months should be a harvest time in our Association work. If we work faithfully and expectingly we shall see some grand results.

TWO district Conferences of Y M.C.A workers will shortly be held, one at London, the other probably at Forrest, particulars will be duly announced.

OUR Worker's training class meets every Thursday evening. If our Christian brethren are desirous of becoming more familiar with God's truth they are invited.

OUR esteemed President has returned from the sea-shore, and feels much benefited from the rest and change. He has resumed charge of the Teacher's Class, which meets every Saturday afternoon at 4-30 for the study of the "International Lesson."

TORONTO pastors are in great demand at the Anniversary Meetings of the Associations throughout the country. Rev. H. M. Parsons, addresses the meeting at Montreal, Rev. Dr. Potts goes to Peterborough, and the Rev. D. J. Macdonell it is expected will speak at the Hamilton gathering.

THE growing work of the Young Men's Christian Association in Ontario, is most encouraging. Within the past few weeks a strong and vigorous organization has been commenced at Forrest. Already they have an active membership of about 60, and they are looking forward to doing an aggressive work among their young men the coming winter. Stirling and other places have asked for information in regard to the formation of Associations. Let the good work go on and increase.

Y. M. C. A. AT EXHIBITION.

SERVICES in the tent at the Exhibition commenced on Wednesday, and will be continued until the close of the Exhibition. The meetings are fairly well attended and we are hopeful that great and lasting good will result from them. That faithful and earnest worker, Rev. J. Salmon, together with our Assistant Secretary and Mrs. Cornell have charge of the work, and we are sure that any of our members who can assist in the singing or help in other ways in the services will be heartily welcomed by them. Meetings are held each afternoon when possible, and there will be a prayer meeting each day at noon. The daily papers, magazines and a large supply of reading matter has been supplied, and these we trust will be largely used by persons from the country and visitors generally during the next ten days. To the members we would say once more be sure and call in the tent when you visit the grounds

Cleanse Thou me from secret faults.
Psalm xix. 12.
