HINTS AND EXPEDIENTS

FOR YOUNG TEACHERS

This is a manual prepared by Mr. David Boyle, an experienced, successful teacher, whose fertility of resource and originality are well known. J. W. Bengough, Grip's own artist, has illustrated the work with catchy sketches. To those for whom it is intended, it will prove "A GUIDE, PHILOSOPHER, and FRIEND."

IT CONTAINS NEARLY

Four Hundred Hints And Expedients

Of a plain, pointed, and practical character, many of which have never appeared in print before, while others are the result of wide reading and extensive intercourse with Public School teachers in this and other countries.

The style is terse, and the matter is arranged in numbered paragraphs under appropriate headings. The book appears in a suitable form for carrying in the pocket, being neatly bound in cloth. Price, 25 cents.

Mailed postpaid on receipt of price.

A REMARKABLE ADVANTAGE

As the great majority of Teachers in our Public and High Schools are Total Abstainers, they will be interested in knowing the very great advantages that are certain to accrue to abstainers, when classed by themselves as insurance risks. To prove this, nothing more is necessary than to state the experience of the United Kingdom Temperance and General Provident Institution, of London, England, which has been as follows:—From 1866 to 1891, inclusive, there have been in its Temperance Section 5,177 "expected" and 3,663 Actual Deaths, and in its General Section 7,663 "expected" and 7,459 Actual Deaths. While in the General Section mortality has been just within the expectation, in the Temperance Section it has been 30 per cent. below the expectation.

The Temperance and General Life Assurance Company is successfully advancing its business on the same lines. If you have not seen its literature, ask for it.
