

One of WD's new products focussed on export development is the International Trade Personnel Program. This federal-provincial initiative links export-focussed western firms with recent post-secondary graduates. The program accomplishes two important socio-economic goals: it gives companies the extra person-power they need to penetrate new markets, and it gives recent graduates valuable work experience. Under the new program, the length of export-development projects may vary from one to three years. Approved projects will be eligible for assistance ranging from C \$7,500 for one year, to a maximum of C \$37,500 per graduate over the 3-year period. For more information, contact:
