

SCHEDULE "A"

Definition of the Project

The project involves the construction of the section of the Pan-African Telecommunications Network from Kaolack in Senegal to Bohicon in Dahomey, passing through Mali, Upper Volta and Niger and includes:

- (a) a radio-relay system between Kaolack in Senegal and Bobo-Dioulasso in Upper Volta passing through Bamako in Mali;
- (b) a radio-relay system between Koupela in Upper Volta and Bohicon in Dahomey, passing through Niamey in Niger;
- (c) international telephone switching centres in Bamako, Mali; Niamey, Niger; and Cotonou, Dahomey.
