

APPENDIX No. 3

Q. Paid your own charges?

A. Paid my own cartage, freight and weighing, and I think it amounted to fifteen or twenty cents a ton less than coal was selling at in Ottawa. At the time that coal was purchased it was not possible in Ottawa to purchase a cellar full of coal, you could not get it. So remembering my experience of a few years ago, when coal went up to \$8 and \$10 and \$14 a ton, I had no desire to be caught in that way, and knowing Buckley, I purchased the coal from him. I think it cost me 15 or 20 cents (after paying all the charges) less than the current rate in Ottawa at that time.

Witness discharged.
