No Wheat shall be graded which, in the opinion of the Grading Committee, has any defect which would render it unsuitable for general milling purposes.

Subject always to this proviso, basis Wheat may contain some heated, sprouted, frosted and /or smutted grains, and a proportionately increased quantity may be allowed if warranted by an improvement in weight or in other respects.

No Wheat weighing more than one pound per imperial bushel under the basis weight shall be graded.

No Wheat which complies with the weight requirements shall be rejected on account of the presence of heated, sprouted, frosted and /or smutted grains or other defects if, in the opinion of the Grading Committee, it is not more than one penny per cental inferior to basis quality.

The allowances, if any, shall be in gradations of not less than one-half penny per cental.

The basis of weight as hereinbefore provided is per imperial bushel at time of grading. Spring Wheats must be reasonably hard of their respective types, and all descriptions of Wheat must be reasonably clean of their respective types.

American Red Wheat must be Wheat grown East of the Rocky Mountains in the United States of North America and /or Canada, except where otherwise provided.

By Hon. Mr. Power:

Q. If the conditions at Fort William and Port Arthur at the present time are so unfavourable, how is it that, as I understood you to say, the Canadian wheat shipped to Liverpool from this point brings from three to five cents more in the Liver-
