

	PAGE.		PAGE.
Sympathetic system.....	304	Creatinine of.....	238
Nerves of.....	261	Salts of.....	238
Function of.....	305	Urrosacine.....	88
Division of.....	306	Uterus, preparation for ovum.....	336
Synovial membranes.....	84	Involution of.....	47, 340
Structure of.....	85	Muscular fibre cells of....	47, 340
Synovia.....	85		
		<b>V</b>	
<b>T</b>		Valvulae Conniventes.....	91
Taste, seat of.....	88, 301	Vasa vasorum.....	194
Tea.....	111	Vasa deferentia.....	339
Teeth.....	114	Veins.....	198
Structure of.....	114	Absorption by.....	148
Development of.....	115	Structure of.....	198
Eruption of.....	118	Valves of.....	199
Temperature of the body.....	221	Circulation in.....	199
in disease.....	221	Rapidity of circulation in....	201
of animals.....	221	Ventricles of the larynx.....	322
how produced.....	222	Ventriloquism.....	324
Tendons.....	53	Vernix Caseosa.....	102
Attachment of.....	72	Vice, solitary.....	228
Tessellated epithelium.....	80	Villi of intestines.....	92, 141
Tests—		of chorion.....	335
Trommers'.....	23	Structure of.....	92
Fermentation.....	23	Absorption by.....	147
Torula.....	24	Vis à fronte.....	201
Moore's.....	24	Vis à tergo.....	199
Barreswill's.....	24	Vis nervosa.....	268
Böttger's.....	24	Vision, phenomena of.....	315
Mauene's.....	24	Circle of.....	318
Pettinkoff's.....	137	Vital elements of the blood.....	171
Thalamus opticus.....	288	Vital capacity of the chest.....	213
Thirst.....	112	Vitelline membrane.....	329
Thymus gland.....	248	Vitreous humor.....	313
Structure of.....	248	Vocal cords.....	322
Function of.....	248	Voice.....	322
Thyroid gland.....	249	Compass of.....	323
Structure of.....	249	Modifications.....	324
Function of.....	249	Voluntary attention.....	295
Tissues.....	53	Vomiting.....	123
Attractive or selective power		Mechanism of.....	124
of.....	203	Vowels and Consonants.....	324
Tobacco.....	111		
Tongue, Papillae of.....	88, 119	<b>W</b>	
Trifacial nerve.....	299	Warm-blooded animals.....	221
Division of.....	300	Water.....	13
Irritation of.....	300	Function of.....	14
Trochlear nerve.....	299	White fibrous tissue.....	53
Tympanum.....	319	Appearance and properties of..	53
Air in.....	319	Development of.....	55
Tympanitis.....	140	White blood corpuscles.....	155
		Function of.....	180
<b>U</b>		White substance of Schwann....	256, 265
Umbilicus amniotic.....	334	Will, power of.....	294
Umbilical vesicle.....	338	Willis, circle of.....	197, 286
Cord.....	338	Wolfian bodies.....	339
Urachus.....	339		
Urine.....	234	<b>Y</b>	
Secretion of.....	234	Yawning.....	215
Specific gravity of.....	234	Yolk.....	329
Chemical composition of.....	235	Yellow elastic tissue.....	54
Urea.....	235	Appearance and properties of..	55
Uric or lithic Acid.....	237	Development of.....	55
Hippuric Acid.....	237		
Extractive matters of.....	238	<b>Z</b>	
Creatine of.....	238	Zona pellucida.....	329
