INSIST ON PUBLIC WEIGH SCALE FOR MARKET

District Voters Receive Letter From Commissioner Chisholm.

CARS SHOULD CONNECT

Attempt Will Be Made to Get Civic Cars to Meet T. S. R. Service.

A largely-attended meeting of the executive committee of the Toronto District Voters' Association was held yesterday afternoon in the Dominion Bank Chambers, Eastcourt, President Holmes occupying the chair. The following letter was read from Commissioner Chisholm of the property department.

The matter will be considered by the committee at their meeting on April 15. No connection made. A complaint was brought by J. Moon to the office of the meeting with reference to an arrangement between the T. S. R. and the St. Clair Avenue line, whereby the last St. Clair Avenue light cars going west, at 1.55, should wait for the last Avenue road car of the T.S.R. Mr. Moon's complaint is that on St. Clair Avenue the car going west had left Avenue road two minutes before the arrival of the T.S.R. car, leaving a gap of ten minutes between the cars, the connection to continue their journey on foot.

The secretary was instructed to write Manager R. J. Fleming and Mr. Powers of the civic cars department, to see if some arrangements cannot be made to remedy the situation.

A committee was appointed to consider and frame up a set of rules and regulations for the association. The following were the members: W. F. Maclean, M.P., and F. W. Lord. W. F. Maclean, M.P., was proposed and elected a member of the association.

Should Buy Now. A resident of the St. Clair section of Eastcourt, speaking to The World with regard to the dearth of cheap or moderately cheap houses to rent or buy in this section, says that, in his opinion, in a short time there will be plenty of cheap houses, if no park is secured for the district.

He claims that there is no choice now in the matter with regard to location. The city will either have to take on the one of the two remaining large open spaces.

The people who own the two properties," he said, "know the value of them, and the park committee would be well advised to act in haste.

Morrison Avenue, at the present time, and the traffic is very difficult to handle. The street is blocked by barriers at several places, erected by the contractor in connection with the building of the new school.

It has been arranged to hold the Sunday school anniversary on the first Sunday in April. This will be followed by a picnic on the 6th and 8th, at which the program will be given by the children.

Bible Class of the church held their first social and concert in the new Sunday school building on the 22nd. The attendance was very good. The Bible Class now has an attendance of over a hundred.

NEW ORGANIZATION FOR RATEPAYERS

Delegates From Ratepayers Associations Met in Labor Temple.

T. WILCOX PRESIDENT

W. F. Maclean Addressed the Meeting on Township Issues.

At a meeting in the Labor Temple last night a new organization, to be known as the Central Body of York County Ratepayers' Association, was formed and officers elected, representatives being present from Eastcourt, Oakwood, Mount Dennis and other sections of the township. T. Wilcox was elected president; J. Jordan, vice-president, and H. Sweeney, secretary-treasurer.

The objects for which the association has been formed are: To promote better living conditions for the residents of the township of York, and to assist in the formation of ratepayers' associations in the unincorporated sections of the township. Regular meetings of the association will be held on the second Tuesday of each month, and the membership will be restricted to delegates from each of the subsidiary ratepayers' associations.

RIVERDALE NEWS—STREETS CLOSED—S.S. ANNIVERSARY

Now that the Gerrard street bridge is closed for repairs the only road besides Queen street running into the city is the one through the park.

The state of affairs is causing numerous complaints by the ratepayers of the district. The bridge over the river at least could be kept open.

To Be Opened. At a meeting of the World last night, Alderman Walton stated that he had spoken to the city engineer and he had promised to see that Winchester street would be opened out in the immediate future.

The condition of Wilton avenue from Broadview avenue to Munro street is also a matter of concern. When paving the avenue last fall the contractor had to leave the portion named, to allow the contractor to take up the road when this took place it was too late to complete the paving.

Methodist Church. The last night of the school for the year was held at the building committee to the property committee. The building committee is in connection with the building of the new school.

It has been arranged to hold the Sunday school anniversary on the first Sunday in April. This will be followed by a picnic on the 6th and 8th, at which the program will be given by the children.

Bible Class of the church held their first social and concert in the new Sunday school building on the 22nd. The attendance was very good. The Bible Class now has an attendance of over a hundred.

RATEPAYERS MET IN WARD SEVEN

Home Smith Urges Instant Action Towards Getting Transportation.

COMMITTEE APPOINTED

Will Interview Board of Control and State Ward Seven's Case.

It was a very small audience who gathered last night in the Annette Street School to hear Home Smith discuss the problems of transportation and civic improvement of Ward Seven. The meeting was the regular one of the Ward Seven Ratepayers' Association, but the regular program was prepared, and the weather kept many at home.

Nothing for Taxes. Mr. Smith reviewed the progress of Ward Seven since annexation. He showed that since that time Ward Seven had had a civic committee, and he would like to see that time Ward Seven had a civic committee, and he would like to see that time Ward Seven had a civic committee.

ROUTE SUGGESTED FOR HYDRO RADIAL

Statement of Amounts Different Municipalities Will Guarantee.

The route suggested for the proposed hydro radial is as follows: Starting at Scarborough and York townships it is proposed to run north through the latter townships to the north, as far as the line of the Toronto and North York street railway, and then north to the north, as far as the line of the Toronto and North York street railway, and then north to the north, as far as the line of the Toronto and North York street railway.

The different municipalities would be responsible for the following amounts: Scarborough, \$1,000,000; York, \$1,000,000; Markham, \$1,000,000; Richmond Hill, \$1,000,000; North York, \$1,000,000; Toronto, \$1,000,000; and the City of Toronto, \$1,000,000.

Other News. G. M. Jones, B.A., delivered an illustrated lecture at the monthly meeting of the Humboldt Collegiate Institute on the subject of "The History of the City of Toronto." The lecture was very interesting and was well received.

Deputations. The huge deputation which will ask for a civic market at the corner of the property committee on Monday afternoon, March 30, headed by the president, E. Henderson, will be very large.

MT. DENNIS WANTS DELIVERY OF MAIL

Certain Conditions Must Be Complied With in First Instance.

NOW BEING CONSIDERED

Report to Be Made by Superintendent of Post-offices.

Quite a number of the residents of Mount Dennis attended a meeting held in the public school last night regarding the delivery of mail to the district, which now has a population of about 2000.

Department Informed. Mr. W. F. Maclean, M.P., who had been invited to the meeting, had already taken up with the department at Ottawa why they were not getting mail delivery through every portion of York Township, as far north as Eglinton avenue.

Hotel Employees Examined at Prolonged Session of the Inquest—Telephone Operator Asked Questions Instead of Calling Fire Department as She Was Asked.

Last night's sitting of the coroner's jury which is hearing the evidence in connection with the Woodbine Hotel fire, in which five lives were lost, was practically featureless. Sixteen witnesses were called, most of them being employees and guests at the hotel, but practically nothing new was learned regarding the fire or its cause.

Delay in Alarming. Stephen Spear, clerk of the manager of the hotel, was the first witness called. He testified that he had received a phone message from room 214 that there was a fire in room 215. I jumped on the elevator with the telephone man and ran up to the second floor. We took the hose down and laid it out ready for use. I then ran along the hall to the door of the room, and I saw a man who I did not know in the room. The door was open. I did not open any of the doors in the hallway.

Witnesses. I testified that I did not see the fire until I was in the room. Mr. Henderson: What is your opinion as to the origin of the fire? Witness: I think it must have started in the hall near room 215, although I do not know what caused it.

Among the guests called were Joseph Sherry, J. P. Coleman, John Bray and Montague Phillips. All of these men were permanent guests, having been registered at the hotel for several months. They all thought that the fire started in the hall near room 215, and that the fire department was called.

Joseph Carleton, night engineer at the Woodbine Hotel, was the first witness of any importance. "I came on duty at 10 o'clock on the night of the fire. I was in the engine room when I first heard of the fire from the first cook. I immediately broke the nearest bell and ran up to the second floor, but I could not go far, as the smoke was already too dense. I came back to the engine room and I saw a sign indicating the location of the fire escape hanging. They were not over the door of either of the rooms, although both rooms led to the escape."

Mr. Carleton admitted that to a certain extent he combined himself the positions of fireman, night watchman and electrician after 11 o'clock at night, and went on to explain his duties as such.

Bel Boy's Story. Alfred Bromidge, 228 Simcoe street, bell boy at the hotel, "When told of the fire, I went to Mr. Gray, the assistant manager, and went back along the hall on the first floor to the stairway leading to the second floor. The stairway was burning, and I did not have been slightly burned. I did not see a fire in any other part of the building at the time, although it is possible that it was burning on the floor above at that time."

Could Not See Light. Mrs. Arthur Bryan, housekeeper in the hotel, "I was in my room when I heard of the fire. I went to the elevator to the first floor and walked back as far as the staircase in the annex. From here I saw flames and heard the fire escape being lowered. I had been taken a chance on coming down those stairs, although I might have been slightly burned. I did not see a fire in any other part of the building at the time, although it is possible that it was burning on the floor above at that time."

Witnesses. "Do you think that a person on the second floor could have come down those stairs while they were burning?" Mr. Henderson: "Do you think that a person on the second floor could have come down those stairs while they were burning?"

"Gains 22 Pounds in 23 Days"

Remarkable Experience of F. Gagnon. Builds Up Weight Wonderfully.

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work. I was weak. Now, after 23 days, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put 10 pounds on me in 14 days," states W. O. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."
