

BOILER QUESTION GROWING ACUTE

Conference Will Be Called to Agree on Uniform Regulation.

WILL MEET IN JULY

Enormous Traffic in Boilers Influences Minister to Take Action.

The provinces of the Dominion, according to present expectations, will send representatives from the local government boiler inspection branches to confer with Ontario in July, as to striking a uniform regulation for Canadian inspectors. For a year the minister has been having fine and the enormous traffic in boilers together with the importance of having reliable machinery has influenced Deputy Minister of Works Fairbairn to issue a convention call.

The stand of Ontario will be for having boilers built here subject to provincial regulations, accepted at face value in the western provinces. At the present time, regardless of the fact that Ontario has the most stringent rules in existence, Alberta and Saskatchewan sometimes feel it incumbent to cut down the pressure. In consequence, manufacturers here are handicapped in their trade. Only in Ontario are there three distinct examinations in the stages of plans, construction and completion, respectively.

Arrangements are also under way to have inspectors in connection with the large American insurance companies particularly interested in boiler conformity to the regulations obtaining here. This would reflect the necessity of much "border" examination which now goes on.

Since the new rules came into force last July, 71 manufacturers have been examined and approved.

EARL GREY HEAD OF OIL SYNDICATE

Millions of British Money Will Be Spent in California Wells.

Canadian Press Despatch. SAN FRANCISCO, May 8.—Earl Grey, former governor-general of Canada, before leaving last night for Los Angeles, announced the personnel of a syndicate which will spend millions of British money for the purchase of the largest oil companies in California. His associates are: Lord Pirbright, head of the White Star Steamship Line; Sir Thomas Boyd, deputy chairman of the directorate of the Cunard Steamship Company; William Anderson, president of the Canadian Pacific Railway; and Sir John B. Fisher, former secretary of the British War Office, and head of one of England's largest steamship companies, and Andrew Wain, president of the West Coast Steamship Company.

Earl Grey will be the chairman of the syndicate.

"The British Government is neither directly nor indirectly back of the deal," said the Earl.

ST. JOHN, N. B., May 8.—The fishermen of the harbor are aroused over the proposed plan of the St. John River Hydro-Electric Company to build a dam across the St. John River at Meductic between Fredericton and Woodstock. The fishermen claim that a dam across the river would destroy the salmon fishing in the harbor at Dorchester. The lumber companies are also opposed to the project. The fishermen have made a vigorous protest to the legislature.

HAVE YOU MADE YOUR WILL?

If Not, Your Family Is Unprotected—No Lawyer Necessary.

Delay in making your will is an injustice to those whom you wish to be taken care of. The courts are full of will cases where by legal technicalities or the absence of a will the people who actually inherit property are the last ones to know of it.

Life is very uncertain.

So if you wish to assure those who are nearest and dearest to you of having, instead of paying \$5.00 to \$10.00 to a lawyer, send \$5 cents for a Bax Legal Will Form, which also includes a sample will. Make out your will according to simple instructions, and you may be perfectly sure that it will stand every legal test, and cannot be broken under any circumstances.

Form and not a cheap imitation. The passing through the courts for years, and a safe form to trust to. If your stationer doesn't sell the Bax, clip plainly in the margin and mail to us with \$5 cents, and we will send you the Bax Will Form and full instructions by return mail. Three for \$10.00. Don't delay this important duty. Write today to Bax Will Form Co., Room 35, 250 College Street, Toronto.
