HOW TO CURE RHEUMATISM

The Disease is in the Blood and Must Be Treated Through the Blood.

There are almost as many ways of treating rheumatism as there are doc-Most of these treatments are directed at the symptoms and are considered successful if they relieve the pain and the stiffness. But the pain and the stiffness return, particularly if the patient has been exposed to dampness. This shows that the poison was not driven from the system by the treatment employed. Rheumatism can be relieved in number of ways, but there is only one way to cure it, and that is through the blood, expelling the poisonous action that causes the aches and pains and stiffness. To renew and enrich the blood there is no medicine can equal blood there is no medicine can equal Dr. Williams' Pink Pills, which right to the root of the trouble and cure rheumatism to stay cured. The following is an example of what Dr. Williams' Pink Pills can do in the critics cases of this kind. Mr. Henry Smith, Jerome, Que., says: "For upwards of a year I was a victim of rheumatism in a most painful form. trouble was located in my legs and for a long time was so bad that I could not walk. The suffering which I endured can only be imagined by those who have been similarly afflicted Doctors' treatment did not help me, and then I began trying other remedies, but with no better results. Finally I was advised to try Dr. Williams' Pink Pills, and although I had 29 begun to lose faith in medicine, I finally decided to give the pills a trial. I am very grateful now that I did so, for after taking eight boxes of the P pills the trouble completely disappeared, I was free from pain and could walk as well as eyer I did in my life. I have since taken the pills occonally as a precautionary measere, and I cannot speak too highly

in their favor. You can get Dr. Williams' Pink Pills through any medicine dealer or mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co. Brockville, Ont.

FAVERSHAM IN "THE HAWK."

The modern drama has again claimed Mr. William Faversham, and this dis-tinguished actor will bring "The Hawk," a love romance of modern days, to the Alexandra Theatre for the week beginning next Monday night. The play was written by Francis de Groisset, translated by Marie Zane Taylor, adapted and staged by Mr. Faversham. On its production "The Hawk" ran for a year at the Nouvel Ambigu, Paris, and Mr. Faversham's production of the play enjoyed a like success in New York. It is the polished, virile, yet romantic, man of the world that Mr. Faversham reveals to us in his latest creation. It is not an unfamiliar phase of his art, but one which he has not shown for several seasons. Mr. Faversham displays his art improved, developed and made finer by his Shaksperean experiences, and he still holds the plays he has long been given as a player unique in his delineation of intricate modern characters.

GEORGE ARLISS IN "PAGANINI."

There is every reason to believe that the whole \$50,000,000 loan will be taken up in a very short time after it is issued.

The far as is known the foregoing is the largest commercial subscription to the first domestic loan in the history of Canada, and it amounts to one-fiftieth of the total issue. It is understood that the tender was sent to the minister of finance by the Imperial Oil Company of Toronto before the terms of the loan and the rate to be paid were made known.

Mr. Teagle, president of the Imperial Oil Company, said:

"It is a fact that we have asked for a fillion dollars' worth of bonds, which the finance minister is about to offer to the public. The company's officers in this subscription expressed their opinion of the credit of this country. They feel that it is not only their duty but stood business as well to help out with this loan. There could be no better security than the Dominion of Canada's promise to pay, and the directors of the imperial Oil Company feel that this loan should be taken up at once, even if the rate should be a little less than it is the demonstration that in this critical time Canada is able to do her full share.
