THE Properties described in the following Reports having been secured, it is now proposed to organize a Company for working the same, with such a Capital, and under such direction and code of By-laws as may be agreed upon by the Subscribers, at a meeting duly called for that purpose.

Subscriptions will be received at No. 3, BARRISTERS' HALL, COURT SQUARE, BOSTON; where specimens of the mineral may be examined, together with the crucible made therefrom and tested at the Ballard Vale Works.
