

KEEP TORONTO HUMMING

Canada is running a great National Store.

Great Britain and other lands come here to buy our surplus agricultural and industrial products. These are the orders that are keeping Canadians busy and prosperous. That is where the money comes from that is paying our farmers for their surplus products and providing full pay envelopes for our workers.

But Great Britain and our allies are temporarily short of "cash." So Canada must extend them "credit" just as any storekeeper extends credit to any customer whose financial standing is good.

The success of the Victory Loans 1917 and 1918 made possible the giving of these credits.

A continuation of these credits and the maintenance of our valuable overseas markets—depend upon the success of the Victory Loan 1919.

You will therefore plainly see how closely bound up with the Victory Loan 1919 is the prosperity of everyone in Canada, without exception.

Do not think your individual co-operation "does not matter."

It does matter.

Unless Canadians to the last man support the Victory Loan, it will not be the success that our continuous prosperity demands.

Let Toronto do its share to keep things humming.
