

Out-of-town people coming to Toronto for Thanksgiving should make it a point to see the Dineen display of fine furs and the values we show in Fur-lined Coats.

Store will be closed Thursday as a matter of course, but Wednesday and Friday will find us abundantly ready to receive visitors.

Always a cheerful welcome, regardless of whether or no you are ready to buy.

Dineen

CANADA'S LEADING FURRIERS
140 YONGE STREET, TORONTO
TO NATIONALIZE IRISH RAILWAYS

Will Advance the Welfare of That Country to Better Degree Than Private Control.

New York, Oct. 15.—The report current in America that Premier Campbell-Bannerman and his associates are considering a scheme of government ownership of British railroads is true to some extent, says a London cable despatch to The Times.

The government has no idea, whatever of bringing in a bill for the nationalization of any other railways than those of Ireland. The Irish roads, the government is inclined to think, should be taken over by the

nation in order to advance the welfare of Ireland, and especially in order to furnish the facilities required for the highest development of her agricultural interests. Ireland needs better railroad facilities than private enterprise is likely to give her or could afford to give her.

It has not been decided that the government shall ask parliament for authority to take over the Irish lines with a view to improving and extending them, but supposedly well-informed persons expect that the government will presently determine on that course.

CONDEMN THE POLICE.

Carpenters Pass Strongly Worded Resolution on Strike Fatalities.

The recent Buckingham, Que. strike fracas was discussed at a meeting of the Amalgamated Society of Carpenters and Joiners at the Labor Temple last night, when the following resolution was passed, copies of which will be forwarded to Sir Wilfrid Laurier, Premier Whitney and the local legislature, representing:

"Resolved, that the members of the Amalgamated Society of Carpenters and Joiners condemn the action of the police in shooting down in cold blood our fellow-men in the late labor trouble at Buckingham, Que., and when retribution followed the police in the shape of the outraged lumbermen, then carried (the MacLaren Co.) whom the police always uphold, whether they be right or wrong must stand for the militia to finish the work, this being the second time in the short space of 12 months that this militia have been called out to intimidate those whom they are supposed to protect."

A committee of six was appointed to meet all local unions and urge upon them to adopt similar resolutions.

A recommendation was sent to the Federated Building Trades Council, requesting them to form an accident committee, with power to champion the cause of injured brethren in an endeavor to secure compensation from the owners of such establishments in which injuries were sustained.

MOISONS NEW STOCK.

Montreal, Oct. 15.—(Special).—At the annual meeting of the Moisons Bank to-day the directors were authorized to issue \$500,000 new stock at \$200.

Alleged Perjuror Arrested.

London, Oct. 15.—Two detectives arrived in the city on Sunday from Newark, N.J., and returned with Thomas Luby, who was picked up by the local detectives on suspicion of being the party who is badly wanted in that place for grand larceny and perjury.

Luby is alleged to have perjured himself while giving evidence in a police investigation.

Earns Some Secrets of the Police.

John Titch, 208 East Gerrard-street, went to the Majestic Theatre yesterday afternoon. He made more noise than the actors and was arrested on a charge of disorderly conduct.

FALL OVERCOATS TO ORDER SPECIAL \$24.00

For the autumn season there is nothing so very smart and dressy as a light weight Chesterfield. We have a special importation made absolutely high-class in style, cut and tailoring, which we offer at \$24.00.

This is really remarkable value, and worth your consideration.

YORK COUNTY AND SUBURBS

TORONTO JUNCTION COUNCIL DISCUSSES RAILWAY MATTER

No Decision Reached—Local Opinion Not Touched Upon—York Township Council.

Toronto Junction, Oct. 15.—The Grand Trunk Railway are at work lifting 800 feet of track that they put down on St. Clair-avenue more than they were allowed to lay. The work of grading St. Clair-avenue is progressing very slowly. This afternoon a team with a load of bricks was stuck in a mud-hole. The town was enlivened this afternoon by a visit of "B" Battery R.C.A., with four guns, and "B" Squadron of R.C.D., who were passing for exercise around the outskirts.

The town council met in special session to-night. All members were present except Councillor Armstrong, who is ill, and Councillor Bull, who is in Muskoka. The town engineer was instructed to take the level on South Keele-street as far as possible for the construction of a sewer. A motion was passed to pay the sum of \$200 for the rental of a cement mixer. A four-foot sidewalk will be laid on Pacific-avenue, cost not to exceed \$20. It was also decided to purchase two cars of broken stone to put on Dundas-street, and to put down forty-three brick crossings. The mayor explained the secret meeting that was held a few weeks ago. He had had a meeting with Allan Royce and the president of the Suburban Railway, and got the consent of that company to take up the tracks on Humber-avenue and to lift the tracks on North Keele-street and pave the same between the tracks. All this they agreed to, and then the mayor called the secret meeting to explain the situation to the council before it was made public. There was a plan of the extension of the Suburban Railway on St. Clair-avenue, from the northern railway tracks to Elizabeth-street. All this is in accord with their rights by charter. A petition was presented by Councillor Bull, signed by G. Agnew and fifty-nine others, asking that no action be taken to-night in granting any rights or privileges to the Suburban Railway until the public time to and out what the railway was after. Mr. Agnew addressed the council at some length. He claimed that as things exist the railway have forfeited all the rights that they ever had by not extending their tracks at least ten miles within five years from the signing of the agreement. James Brown demanded the right to speak, but was not allowed. W. H. Doel also took the same exception. He did not want to see Royce, for the Suburban Railway claimed his company were trying to live up to their agreement, and it was up to the town to allow it to extend the tracks. All he asked was to extend the tracks of the town council, the citizens and the press. If they did not want it, his consent was not necessary. The discussion will be resumed at the next council meeting. A great many citizens attended the meeting expecting the local option bylaw to come up, but owing to the lateness of the hour the council did not touch it.

The meeting of the board of health was called to-night, but no one called to the solicitor being engaged with the Street Railway matters in the council he could not be with them and they found it necessary to adjourn.

EMPIRE HOTEL.
336 Yonge-street, most modern and up-to-date hotel in Toronto. Rates \$1.50 to \$2 per day. J. M. Newton, proprietor. Phone Main 2255.

Stouffville.
Ell Ramer, contractor of Stouffville, is at present engaged in building four summer cottages on Lake Simcoe, about four or five miles west of Jackson's Point, for Mr. Kingston of Toronto. Mr. Ramer expects to finish them this fall.

Edward Holloway of B. Battery, E. C. H. Artillery of Kingston, but now stationed at Stanley Barracks, is visiting his mother for a few days.

The Western Machine Company of Stouffville assigned a short time ago to Dr. A. A. Sangster, a large American firm sent representatives here to see if they could do business with the town. They have been sending a very large quantity of machinery into Canada every year.

R. E. Sinclair, J. P., until recently a resident of Stouffville, but who is now doing business in Calgary, is preparing to leave for England. He has sold his house and lots and is preparing to move with his family to the west.

The regular annual church service of Richardson Lodge, No. 136, A. F. & A. M., of Stouffville, will be held in the Auditorium on Sunday, October 21st, at 2:30 p. m. Neighboring lodges have been invited. A large Masonic march-out is looked for. Rev. F. L. Barber, of a suburb, is not necessary at present. The Toronto & Suburban Railway Company will be notified that their bridge on Westwood-road is in need of repair. A gang of men will be put to work at once to grade Christie-street. The proposition of having a sewer laid on Heath-street, Deer Park, requires another petition, as the sewer on Old-avenue is not deep enough to enable a sewer from Yonge-street to be connected with it. The council received a notice to meet at Weston on the 23rd October, to apportion the costs of the construction of ditches and water-courses.

North Toronto.
In the county court house yesterday morning, John Strader of the Davisville Hotel, was fined \$10 and costs or three months in jail for obstructing provincial officers in searching his place for liquor. Defendant got time to pay the fine. This decision indicates that if a house has the reputation of selling liquor illegally officers can enter it any time without a warrant and search the house.

The second entertainment of the St. Clements Literary and Music Society will be held to-night in St. Clement's school room. The literary part of the program will deal with "The Coming of the English to Britain." The musical part will be rendered by an entirely new staff of entertainers. F. G. Bowers responsible for the evening's program.

Councillor and Mrs. J. M. Anderson, who made a trip to the Canadian west and the Pacific Coast for the past few weeks, have returned home again.

Dr. Lyman Britten of Connecticut has been visiting his cousin, Mrs. J. H. Fulton of the York Mills post-office. The inspector was busy yesterday balancing the books of the local Ontario Bank branch.

At the meeting of the board of works last night, a letter was read, in which Engineer Gibson and the Royal Artillery Stone Company object to completing cement sidewalks this fall, but agreeing to lay the cinfer foundation at once. The frost, it is feared, would damage the walks if laid now.

York Township Council.

THE TORONTO WORLD

OVERCOATS

There's the raincoat—in tweed effect and cravenette—we have it in prices from 15.00 up to 25.00. There's the Fall Overcoat, in cheviot, beaver and tweed, 15.00 up to 25.00.

In fur-lined overcoats we think we have something better than you can find anywhere else for 65.00.

SUITS
There's a tremendous choice in suits in our men's clothing department. The form-fitting back is here in all its freshness and beauty of style. Let us show you some of these fall and winter suits. Prices are 15.00 up to 25.00.

UNDERWEAR
Get wise and be ready. You can fool the doctor by being right on hand with your new underwear—1.25 per garment up to knitted combinations at 6.00 per suit.

HATS
The more we watch the hats men are wearing on the street the more we realize the benefits we confer on those who buy from us. Style and becoming shapes are what the buyer gets here—2.00 up to 6.00 for derbys—6.00 up to 8.00 for silks.

Fairweather
84-86 YONGE ST.

for cement sidewalks was discussed at yesterday's township council meeting. It was explained that the petitioners only bought the property under an agreement, and unless the holders of the deeds sign the petition, the present occupants cannot incur the property taxes with local improvement duties. The petitioners then asked for a gravel walk, and Councillors Henry and Barker will report. Mr. Bell asked to have Jane-street graveled from St. Clair-avenue to the C. P. R. tracks. He offered to give the gravel free of charge. Referred to the engineer. W. A. Clarke, township clerk, received leave of absence for two weeks in November. Mr. Walker addressed the council re the diversion of St. Clair-avenue and Scarle-road by the C.P.R. Council is opposed to a level crossing, but the C. P. R. representatives maintaining that a subway is not necessary at present. The Toronto & Suburban Railway Company will be notified that their bridge on Westwood-road is in need of repair. A gang of men will be put to work at once to grade Christie-street. The proposition of having a sewer laid on Heath-street, Deer Park, requires another petition, as the sewer on Old-avenue is not deep enough to enable a sewer from Yonge-street to be connected with it. The council received a notice to meet at Weston on the 23rd October, to apportion the costs of the construction of ditches and water-courses.

York Board of Health.
Dr. Warren, M. H. O., reported six cases of diphtheria, one fatal. Reeve Syme reported the pathetic case of the McGugin family of Swansea. The children when they leave the hospital will have to be placed in a home.

Thorahill.
Mrs. High, sister of the late James Shuter, was buried here on Monday. A special meeting of the A.O.U.W. No. 232, is to be held Saturday evening next.

The annual Thanksgiving service will be held at the Methodist Church on Sunday, Oct. 21.

The members of Patterson Lodge, A. F. & A. M., are requested to attend a special meeting of the late H. Hopper of Richmond Hill on Wednesday afternoon.

Settled It.
At the instance of Harry Winberg, Justice Mabey last week granted an injunction restraining Harry Cohen from practicing as president of the McCall-street (Jewish) congregation. On Monday the parties interested met together when an amicable arrangement was effected and Mr. Cohen will continue as president.

ACCUSED WIFE MURDERER TELLS STORY OF HIS LIFE

Dr. Brouwer Goes on Witness Stand in Own Behalf—Other Defence Witnesses.

Toms River, N.J., Oct. 15.—The trial of Dr. Frank Brouwer for the alleged murder of his wife by poison was resumed to-day.

After two neighbors of Dr. Brouwer had testified that the doctor and his wife had seemed to be on the best of terms, Dr. Brouwer took the stand in his own defence. He told the story of his early struggle with poverty, when he worked as a carpenter and earned money to pay his way thru college and medical schools, and then of the time when he began to practice medicine at Lakehurst.

It was while struggling along to make a living at that place that I first met the woman who became my wife," said Dr. Brouwer. "We were married, not long afterwards, and when the foundation for our home was completed I transferred the property to my wife. Much has been said about my financial relation between my wife and myself, and I wish to say that all the money that went into that house was furnished by me. Subsequently I sold the house and with the money received from the sale purchased some property at Toms River. Then I started to build the house where I now live. I had to borrow some money from the Dover Loan & Trust Co., and it would have been a reflection on—"

Here the witness broke down and began to sob. After a few minutes he continued: "We always had servants in that house when we could afford them and when we could not get them. My annual income was about \$2000. We were married July 1, 1896, and after residing a year at Lakehurst we came to Toms River."

Dr. Brouwer denied much of the testimony given for the prosecution by his wife's sister, Elizabeth Hyer. He never told Miss Hyer that he did not respect his wife, nor that he intended to get a divorce, and he never struck his wife in the presence of Ben Hyer or at any other time.

Dr. Brouwer told of the illness of his wife, and said that he gave her every possible attention and called in other physicians to attend her.

Gave Wife Strychnine.
Dr. Brouwer said that on the last night of his wife's illness he gave her brandy and one-twentieth of a grain of strychnine.

"Did you at any time give your wife arsenic?"
"No, I never gave arsenic to Mrs. Brouwer."

"Did you ever, prior to or during your wife's illness, give her strychnine?"
"As God is my judge, I never gave my wife any strychnine, except in the one instance, the night before she died."

"Did you ever put in your wife's medicine or food powdered glass?"
"No, I did not."

"Did you ever do anything to cause your wife's death?"
"I did not."

Dr. Brouwer denied that his wife was ever jealous, altho she sometimes spoke about women who visited his office, and after that had gone would ask who they were and what they wanted. He said that he had never walked on the street with Miss Kearns, but on one occasion took her for a carriage ride.

He denied that he ever told anyone he would get a divorce or that he ever heard his wife say she would apply for a divorce.

Result of Over Eating.
The witness said his wife's sickness, in his opinion, was the result of over-eating and was not caused by impure food. He thought that a too hearty meal had produced cholera morbus.

Dr. Brouwer said the insurance on his wife's life had not been collected. In filling out the proof of death he gave Bright's disease as the cause of death because he believed that that was the cause.

The witness was asked whether he had spoken to Undertaker Anderson previous to Mrs. Brouwer's death in relation to the kinds of fluid used in embalming, and whether they contained arsenic. He replied that it was several months before Mrs. Brouwer's death that he asked Anderson about the embalming fluid.

Witness said that he told Miss Dudley, the nurse, that he would rather see the kind of fluid used in embalming, and whether they contained arsenic. He replied that it was several months before Mrs. Brouwer's death that he asked Anderson about the embalming fluid.

MEN ONLY.

If you are a sluggard, you need not read, it is only for men who are devoting all their energies and mental faculties to force themselves into higher spheres of life and duties that we owe to fellow-man. To achieve these ends you must of necessity have the powers to retain physical forces, and this can only be done by exercising the whole body, at least two or three times a week, under the direction of a competent physical instructor, so that after your exercise if you take a warm shower bath, you have added strength and force of 100 per cent. Young men take exercise willingly, but find that men who shoulder the responsibilities of life do not; it is to you I appeal. Our first and main objection is that your duties and work are so strenuous that you have no time. Yes, it is true, but I tell you you must find time, because your physical powers will not continually stand the strain without fresh power to sustain them. The Y.M.C.A. Gymnasium on Yonge-street have classes each day in the week, at hours that will suit any man. Now, fellow-man, go in at once, as the classes are just forming. Am willing to refund you your fee if you do not receive 100 per cent. extra powers of body and mind.

Mr. Crocker, chief physical instructor, will give you all information. I use the press, knowing that to-day it has so much force to appeal to you, fellow-citizens.
