Conspicuous among the figure studies is No. 205, "Hungry Piet," by Curtis Williamson, A.R.C.A., which is strongly Rembrandtesque dn treatment, and handled with great power and freedom. Sophie Pemberton, in No. 132, "A Chelsea Pensioner," exhibits a canvas of remarkable strength, both in color and character, and full of promise. No. 35, "Haying," by F. S. Challener, while broadly and firmly handled, leaves the impression of strenuous labor exerted in the heat of the day.

Among the landscapes, F. M. Bell Smith is 'conspicuous with an unusually large painting of the Fraser River, near Yale, B.C. PRELIMINARY NOTICE

Altho no outstanding canvas appears on the walls of the twenty-sixth annual Exhibition of the Royal Canadian Academy of Arts, the collection reaches a high average standard of excellence, and there are many works which would do credit to much more pretentious societies. wife is incapable of becoming a mother?
Barrenness proceeds from some derangement of the distinctly feminine organs.
Many of the common ailments known as "female troubles" cause it. Dr. Pierce's "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. V., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."
