## MR. KELSO IN THE CITY

Children's Aid Officer Returns from Important Mission in Chicago.

Mr. J. J. Kelso, of the department of neglected children, Toronto, was in the city yesterday. He paid a visit to Inspector Sanders, of the Children's Aid Society, where The Advertiser had a chat with him.

Mr. Kelso has just returned from Chicago, whither he went to attend a meeting called to form an association of an international character to look after neglected children. Arrangements have almost been completed for the launching of the association.

In Chicago Mr. Kelso was much pleased with the manner in which juvenile cases are handled.

In the juvenile courts there no uniformed police are allowed, and the boys and girls sit around the judge, and mixed in with the lawyers, parents and others.

There is no semblance of restraint, and the child never feels that he or she has been in court. Lady investigators who ferret out all information in connection with the home life of the children and the parents, are also employed, and these investigators greatly assist the authorities in arriving at decisions. They are the means, too, of compelling many dissolute parents to keep their children as they should.

Nearly three years ago the Government, on the advice of Mr. Kelso, set Liberty 55 boys and 65 girls who were detained in the reformatory for Penitentiary and Reformatory for Girls at Mimico. The boys and girls were taken far away from their former associations, and placed in good homes without any restraint.

And only five boys and three girls went wrong. All the others appreciated the confidence that had been placed in them, and they have turned out well. As a consequence, the Province is saving \$50,000 a year, which would have been required to keep them and pay guards to watch them.

Sunday Mr. Kelso was the guest of Hon. Mr. Hanna, the provincial secretary, at Sarnia.

## RICHARDS—NOYES.

A quiet but very pretty June wedding took place recently at high noon at the residence of Mrs. Barbara Noyes, concession 14, London Township, when her youngest daughter, Charlotte, was united in marriage to Mr. Robert Richards, of the G. T. R. staff, Sarnia. The ceremony was performed by Rev. Mr. Spidell, of Denfield, under a canopy of foliage and white flowers. Only the immediate relatives of the parties were present. The bride looked very becoming in a gown of white silk tulle, trimmed with silver sequin and chiffon, and carried a bouquet of lilies of the valley. The bridesmaid was attired in white organdy, trimmed with lace. After the ceremony all adjourned to the dining-room, where a wedding breakfast was served. The bride was attended by Miss Annie Richards, sister of the groom, while Mr. Frank Noyes, brother of the bride, assisted the groom. The bride's traveling suit was a light gray Etan, with hat to match. The many presents evidenced the high regard in which the young couple are held. The groom's gift to the bride was a handsome gold watch and chain. The happy couple left Alisa Craig on the 3 p.m. train for Niagara, Buffalo and other points. On their return they will reside in Sarnia.

There has been a considerable advance during the year in all the various contributions made by the schools, as follows: For running expenses \$69,827, an increase of \$2,397.

For schemes of the church, 969 schools, a gain of 64, gave \$32,064, an increase of \$208.

For children's day fund, 1,526 schools (a gain of 146), gave \$9,552, an increase of \$1,058. For other purposes \$27,343, an increase of \$4,591. For all purposes, \$142,778, an increase of \$10,692.

Church relations, the most important department of our work, shows an encouraging growth during the past five years. The number of scholars reported as coming into full communion with our church during 1905 is 5,381, the largest number in any one year.

It should, however, be recognized, that continuing at this rate, less than one-half of our Sabbath school scholars will have attained to full communion by the age of 20 years.

For 1905 the conveners report knowledge of 2,605 Presbyterian schools—23 less than in 1904, and 388 union schools—76 less than in 1904.

Of these schools, reports have been received from 2,478 Presbyterian schools—21 less than in 1904, and from 357 union schools—7 less than in 1904.

Of the 357 union schools reported, 162 have Presbyterian superintendents—a decrease of 23, and of the 14,771 scholars enrolled, 6,519 are Presbyterians—a decrease of 507.

In the 2,835 schools reporting, we have 22,265 officers and teachers, a loss of 17, and 182,891 scholars—a gain of 350, with an average attendance of 127,401—a gain of 262. The home department has an enrollment of 7,109, a gain of 792.

## The Church and the Home.

Rev. A. B. Winchester, convenor of the committee on church life and work, presented the committee's reports, and gave a short address, in which he pointed out the relations of the church and home. The home life is the salt of the church. If the church is the salt of the earth, it is a true piety in the homes is what is required. The family altar is a waning institution. How to restore the family altar in the home is the question before the assembly.

He went on to show the importance of parental example, and that there is no use of trying to set up authority against example. The home must be under control.

## The Family Altar.

Rev. Henry Gracey, of Gananoque, seconded the motion for the adoption of the report. He pointed out that the home has always been before the assembly, and that the assembly had a right to inquire into the conditions of the home. He went on to show that it is difficult to keep up religion in the home without some form. The Christian religion is the only religion where the children do not get an opportunity to see their parents go through religious forms. This is one great defect.

Rev. John McKay, of Montreal, then took the platform and supported the views of Mr. Winchester and Dr. Gracey.

The report of the committee on church life and work showed that the dangers which menace the home life of the people today are as follows:

Dangers from without—Those appealing to the lusts of the eye, the flesh, and the devil; those feeding the lusts of the flesh, intemperance and saloon, dancing, smoking, cigarette habit, social evil; those pandering to the vain-glory of life, worldliness, undue desire for pleasure, amusement, card playing, men's societies and clubs, women's clubs and societies, sports, pool room, gambling, business absorption, the commercial spirit, greed of gold, light literature.

Dangers from within—Indifference to religious things, parental indifference, extravagance, unbelief and higher criticism, ignorance of and indifference to the Word of God, unworthy ideals, lack of parental control, Sabbath desecration in general and popular forgetfulness of home life, flat life and boarding for couples, race suicide, decline in marriage, boys and girls in streets after dark, failure to realize, or transfer of, parental responsibility.

The four dangers most persistent are intemperance and the saloon, secret societies and clubs, a made haste to get gold, insatiable thirst for pleasure.

A number of suggestions offered by sessions were submitted by which the building of a pure righteous nation and the uplifting of society, business and

## SERIOUS ACCIDENT TO A BRAKEMAN

David McHarg Loses a Foot, While at Work in the G. T. R. Yards.

David McHarg, son of G. T. R. Stationmaster McHarg, of this city, was run over by a shunted car in the east end yards this morning, and one foot was cut off. The accident happened shortly after midnight.

McHarg, who is 24 years of age, is a brakeman, and resides in Sarnia. While attending to his duties in the yards here, after arriving from Sarnia with his train, he stooped to pick up a coupling pin. He did not notice the approach of a car which was being shunted towards him, and he was knocked down. His presence of mind, however, saved the loss of his leg, for McHarg turned rapidly and endeavored to pull his leg from under the wheels. He had almost freed himself when the foot was caught and crushed.

Dr. English was summoned and he ordered the young man to be sent to Victoria Hospital, whither he was taken in the ambulance. There his injuries were dressed, and he was made as comfortable as possible under the circumstances.

David McHarg belongs to a family of railway men, and he is well and favorably known in London. His many friends in this city will be sorry to hear of his misfortune.

At the hospital this morning he was reported to be doing well.

## THE ALIEN LABOR CASE

That of Pere Marquette Officials Shortly to Come Before Privy Council.

A cable from London announces that amongst the cases set for hearing at the present session of the judicial committee of the privy council, is that of the Attorney-General of Canada vs. Messrs. Cain and Gilhula, of the Pere Marquette.

This is the famous alien labor case, in which the Dominion Government sought to deport certain officials of the Pere Marquette Railway under the alien labor act.

The Pere Marquette disputed the validity of the act, and as a result it will now be adjudicated upon by the privy council.

At the time of the trouble, there was some talk of deporting Mr. Edgar Britton, travelling passenger agent of the Pere Marquette, with headquarters in this city.
