In three Alberta seats, Liberals are leading, but returns are not complete. Deferred, Nova Scotia 2; Manitoba 1; Yukon 1.

TORONTO, Dec. 18 .- Indications tonight are that the Unionist Government will have a majority of 41 in the constituencies already voting, with a possibility of more when the soldiers' vote is counted and the vote of the overseas soldiers who did not designate a candidate are allotted. Later reports from Alberta indicate that there are three constituencies in which Liberal candidates are leading, but it is predicted that the soldier vote will place them all on the Government side. This would make the province of Alberta solid for Union Government, and put it in line with Saskatchewan.

London, Dec. 10.—Correspondence of the Associa\*3d Press - British labor's attitude towards war and peace will be the chief subject of discussion at the seventeenth annual conference of the seventeenth annual conference of the Labor party beginning January 23rd. The election of one more Laurier supporter in Ontario has been conceded since last night, being Lapiere of Nipissing. THREE LIBERALS IN ALBERTA. THREE LIBERALS IN ALBERTA.

CALGARY, Dec. 18.—Three Alberta seats, though still doubtful, appear to be likely to be added to the Liberal column. They are:

Bow River, where 33 polls out of 175 give Gouge (Liberal) a majority of 17 over Hallday (Unionist).

Battle River, where Warner (Liberal) has a slight lead over Blair (Unionist), with a majority of the polls yet to be heard from.

The Unionists counted on winning these three seats, if not with the civilians, then with the overseas votes. The other nine Alberta seats are safely on the

Union side.

Brig.-Gen. Griesbach, Hon. Frank Oliver's opponent, has a majority of about 1,000 in all polls received up to today.

The Unionist candidate in Strathcona estimates his majority at 1,700, with three small polls to be heard from. H. A. Mackie, in East Edmonton, has a majority of over 1,500 in 74 city polls. His supporters estimate that when the final outside polls come in, and they are very slow, that his majority will be something between 500 and 700.
