

Of Interest to Women

Personal

Apert altogether from the big spectacular features which are to be offered at the 6th military tournament to be held in the armories on the evening of May 14, 15 and 16, is the big social rivalry among the lady adherents of the several regiments. It has been so arranged that each regiment will have its own vanguard night at the tournament, when the colors and souvenirs will be in keeping with the colors of the particular regiment in charge of affairs that night. While there is no particular competition, there is a pleasant rivalry among the lady friends of the several regiments to make the particular night of their respective regiments the most successful of the four nights of the tournament.

J. J. Fletcher, late superintendent of boiler department, Canada Foundry Co., Limited, having severed his connection with the firm, was presented with a diamond ring by his co-workers at the Railway and Engineering Club. Mr. Fletcher, who was taken by surprise, made a suitable reply.

Young made the speech of the evening, in proposing the toast, "Our Country." R. R. Corson, manager of the Metropolitan Bank, Parkdale, made a very good toastmaster. Among those present were Dr. R. B. Orr, John Laxton, Henry F. Young, Andrew Martin, W. D. Corson, H. F. Falkner, Frank W. Gray, H. B. Walker, F. G. Malcolm, Herbert J. Thompson, L. T. Brandon, W. A. Cooke, Samuel Hobbs and others.

A quiet wedding took place Wednesday evening, at the residence of Rev. S. C. Grace of North Parkdale Presbyterian Church, when Miss Beesie Mackay, daughter of Mr. Hugh Mackay, Durham, Ont., was married to Mr. Wiley Chapman, son of Mr. and Mrs. George Chapman of Caniluis, N.Y. The bride wore a blue silk, trimmed with Irish lace and pearls, with white roses and lilies of the valley and the groom's suit, a gold watch and chain. Miss Marie Mackay, sister of the bride, was bridesmaid, in cream silk, and wore pink roses. The groom's ring to her was a gold bracelet. Mr. Alex. Fotheringham was best man. After the ceremony a wedding supper was given by Mr. and Mrs. Hugh Robinson, 45 Lynd-avenue. A pleasant evening was spent by a few intimate friends and relatives in a lounge, the bride and groom leaving at 10 p.m., and will reside in their new home, on Lynd-avenue, on their return.

A WOMAN'S AWFUL CRIME

Forged Sister-in-Law's Name for \$5 for Her Starving Children.

Mrs. Metcalfe, a sad-eyed little woman, was sentenced in yesterday's police court for forging the name of Miss Josephine Maher, her sister-in-law. The postoffice department refused to prosecute, but the sister-in-law was determined to carry the case thru. Magistrate Denison, after hearing the destitute circumstances of the family pictured by the crown attorney, the lawyer for the defence, Mr. Robinson, and the detectives, imposed a sentence of 30 days.

The woman had received \$5 from the postoffice on a registered letter, signing her sister-in-law's name.

Detective Kennedy, who made the arrest, said he found the family in a state of absolute destitution, the mother even having been sold to provide food for the starving children. The woman and two children were sleeping on a lounge, the woman sick and her husband absent. The place was clean and tidy. Her husband, said Mrs. Metcalfe, was a school teacher by profession, but was just now working as a pedlar, her first husband being Miss Maher's brother, who had ill-treated her.

Magistrate Denison as he imposed the sentence said: "I can't overlook the offence; if I did, there would be a dozen such cases in no time. However, I shall be as lenient as possible."

The previous day some person in court, learning of the circumstances, sent the woman \$10.

DUC DE CHAULENES DEAD HAD BUT RECENTLY WED

Body Found by His Young Bride, Who Was Formerly Miss Shonts of New York.

PARIS, April 24.—The Duc De Chaulenes, who in February was married in New York to Miss Theodora Shonts, daughter of Theodore F. Shonts, president of the Interboro-Metroplitan Railway Co., was to-day found dead in bed in his apartment at the Hotel Langham, in the Rue Bocquillon, where the duke was found by his wife.

The death of the young man was due to embolism or the obstruction of an artery by a solid body.

Found by Duchess. The duchess entered her husband's room this morning, but found that she could not awaken him. She quickly summoned help. A doctor came in response to her summons and after an examination he pronounced the duke to be dead by the police. The police was at once notified and the inquest opened. At the conclusion of the inquest the coroner declared that death was due to natural causes and that it had been brought about by embolism. The police later issued a permit of interment.

The Duc and the Duchess De Chaulenes had lived at the Hotel Langham for three weeks. They were awaiting the completion of their private residence, now in course of construction.

The Family Shocked. NEW YORK, April 24.—The news of the death of the Duc De Chaulenes came as a great shock to Mr. Shonts and his family. There had been no previous intimation that he was not in good health and the letters from the duchess, received recently, were happy in their recounting merely the incidents of their trip and of the life in France.

Couple Had Retired. PARIS, April 24.—According to a statement by the police, the Duc De Chaulenes and his wife had retired. Later the duchess awoke to find her husband dead by her side. Servants who were quickly called in for help and a doctor was summoned. The duchess is still prostrated from the shock, but she has greatly improved.

SIR FREDERICK BRIDGE.

The Organist of Westminster Abbey is Coming to Canada. Sir Frederick Bridge, the great organist from London, who plays in Westminster Abbey, is coming to Canada and will be heard in recital. It is to be expected that he will play one of the Bach fugues, for those compositions are wonderful tests, not only of technical achievement, but of musical temperament. There are thousands of organists who can play every one of those fugues correctly, but only rarely can we find one who treats them as a family.

FRATERNAL SOCIETIES TO DRAFT MODEL ACT

Will Be Submitted to Minister of Finance for Approval—C.F.A. Officers.

The seventeenth annual convention of the Canadian Fraternal Association opened yesterday in the Temple Building. Dr. Lyman Lee, president, in the chair. Representatives were present from the leading fraternal societies in Canada. The president delivered his annual address, making special reference to the proposed legislation by the Dominion parliament.

Dr. Lyman Lee of Hamilton, president of the National Fraternal Congress, received a hearty greeting from the Canadian Association, in response to which he addressed the association on the great movements agitating kindred societies in the United States.

Inspector Hunter, superintendent of the Niagara Falls police, pointed out the urgency of all societies in Canada placing their rates on a sound financial basis, emphasizing the fact that every year's delay only added to the difficulty in arriving at a final and necessary adjustment.

Strong addresses were made by Dr. John Ferguson, Toronto; Joseph Gibson of Ingersoll, Judge MacWart of Barrie, A. G. F. Lawrence and E. J. Hearn, K.C.

The medical section of the association recommended that the minimum medical fee for examining candidates be \$2, to be collected by the local body in charge of the candidates, and paid out at stated intervals, there by to the local medical examiner, the object being to bring the local medical body into closer touch with the head office, and as far as possible under its direct supervision, so that the executive body might be in a position, should it be necessary, to further protect the associations from doubtful risks.

Papers were read by Dr. C. V. Emory, Hamilton, on "Total Abstinence and Longevity"; by Dr. Ryan on "The Encroachments of Tuberculosis on the Public Health Affecting Fraternal Societies"; and by Sidney H. Pipe, A.A.A., on "The Necessity of Adequate Reserves."

Officers were elected for the coming year: President, E. T. Essery, K.C., London; vice-president, Alexander Fraser, M.A., Toronto; secretary, Harry T. Montague, Hamilton; treasurer, Lyman Lee, B.A., Hamilton; representative to executive committee, Dr. W. H. Ryan, chairman of the medical section, Dr. Mendell of Kingston; committee on legislation, Messrs. Lawrence, Morris, and Hearn; and the committee on the bank and open the safe for them late last night. The robbers got away with \$3000.

FINED AUSTRIAN CONSUL

Claimed He Was Immune, But Magistrate Went Ahead.

MONTREAL, April 24.—The Austrian flag proved no protection to the consul when he appeared before the magistrate on a charge of striking a clerk in his employ, who kept his hat on in the office. The assault took place in the consulate, and he pleaded that that was Austrian territory, and that Canadian law did not hold sway. The judge held that it did, and he imposed a fine of \$5 and costs.

WANT MARKING ACT AMENDED

OTTAWA, April 24.—The gold and silver plate manufacturers of Canada to-day asked Sir Wilfrid Laurier and Mr. F. H. Borden to amend the Marking Act by providing for the prohibition of the importation from England of gold and silver plate of a lower standard than the United States standard, which is the basis of Canadian manufacture, fixes 10 karats as the minimum, and the free entry of British goods of a lower standard is held to be unfair competition.

ALTON, Ill., April 24.—A freight train on the Chicago, Peoria & St. Louis Railway last night dashed into a water-filled cut from which a storm flood had washed away the tracks, 15 miles above here, and the engine and 11 cars turned over. JAMES WILSON CHOSEN MADAME FRANCIS' HAIR RESTORER

Controllers Unanimously Send the Recommendation for Endorsement of Council.

James Wilson, late superintendent of the Niagara Falls park system, will be the city's park commissioner; the board of control yesterday deciding unanimously in his favor.

A large majority of the aldermen behind his candidature, and the expectation is that at Monday's meeting the choice will be unanimous. The salary will be \$3500, considered, although a written application for the position from Chas. E. Chambers, son of the former commissioner, was before the board.

Mr. Wilson was appointed, explained that any movement to amalgamate the parks and park departments and to place Commissioner Harris at the head was contrary to Mr. Harris' wishes.

The motion then carried without dissent. Mr. Wilson says he thinks he would be able to assume his new duties on May 1. The city, he thinks, would be able to secure the services of Rodger, Cameron, horticulturist, who has signed at the same time as himself. He considers Mr. Cameron the best horticulturist in Canada.

Mr. Wilson's confidence that good improvement could be made in Exhibition Park and High Park.

The insurance institute. The April meeting of the institute will be held in St. George's Hall on Tuesday evening. The fire insurance members will be especially interested in a paper on "Electricity in Relation to Fire Insurance," by H. F. Strickland, chief electrical inspector, C.F.U.A. Another paper will be entitled, "Loan and Surrender Values," by L. K. Fife, B.A., A.I.A., F.A.S., Imperial Life Assurance Co.

Will Build Her Own Ships. ST. PETERSBURG, April 24.—The report published in England to the effect that the Russian Government had ordered five warships from a firm of Clyde shipbuilders is untrue. The admiralty has adopted the principle that all battleships should be constructed in Russia, and it is impossible either here or abroad for this year.

As the Douma intends to reject the estimates on the new battleships, the program for 1909 will probably be small.

No Time Will Be Lost in Enforcing Safeguards From Fire.

The act providing for proper egress for all public buildings and requiring doors in schools over one storey high to open outwards will be enforced at once.

All schools in the province will be compelled to comply with the law, so as to obviate any possible repetition of the Cleveland horror.
